

# Join the learning evolution

An illustration featuring a black feather with a quill tip, surrounded by several black pens. Above the feather are two computer keyboards and a tablet displaying a grid of red squares.

## Become a Pearson VUE<sup>®</sup> Authorized Test Center

In colleges, organizations and companies across the globe, Pearson is fostering a learning evolution. We're inviting you to join us. The concept is simple. To have testing and certification at the heart of the learning experience as it becomes the global standard to measure success. Certification enables people to demonstrate their abilities, to enjoy personal pride and professional advancement, to stand out!

As a Pearson VUE Authorized Test Center, and with the help of computer-based testing, you can drive this change. Delivering exams that give your students access to hundreds of certifications and qualifications allows them to develop careers and improve their lives. These exams can also complement your educational offer, providing you with opportunities to grow.

### Benefits for test takers, benefits for you.

- **Streamlining the experience**

From the moment candidates enter your center, you can count on a smooth and reliable process. From automated check-in and exam readiness, through test delivery and quick results processing; count on Pearson VUE's proven methods and technology. Every step, every time.

- **Smart scheduling: Greater accessibility & flexibility**

The advanced registration and scheduling system allows you to efficiently manage your testing center hours and staff resources while providing candidates with scheduling flexibility.

- **Highly secure test environments**

Pearson VUE's advanced security measures mean you don't have to worry that the right candidate takes the test, and all candidates test in a controlled and secure environment.

- **Access special promotion & support tools**

Being a Pearson VUE Authorized Test Center gives you access to volume discounts and special promotions and support tools to grow your business such as content on the value of certification for your website, access to research and discounts on Pearson products.

- **Promote your training program**

Advanced reporting features, like our sales lead report, identify exam candidates that are new to your facility so you can turn these candidates into training students.

- **Provide access to success**

Your test center has even greater potential to help your students, staff or people in your community by providing them with access to certifications and qualifications that develop their skills and knowledge. Also, providing professional and IT exams, such as those for CompTIA, Cisco, Oracle, HP, VMware and many other leading global programs, complements your offerings and helps you grow.

Visit [www.PearsonVUE.com/PVTC/exams](http://www.PearsonVUE.com/PVTC/exams) for a complete list of exams offered.

“For the past 15 years, Pearson VUE has been disciplined, supportive, and characterised with clear procedures. Above all else, its test engine is reliable. Our experience with Pearson VUE is both pleasant and professional, and allows us to provide candidates with a premier testing experience.”

## Pearson VUE support: Lessen your worry – increase your value.

Pearson VUE provides exceptional customer service. The friendly and knowledgeable Pearson VUE Support Services (VSS) team is available 24/7 to help guide you through any issues that may arise. In addition, you will also have the ability to report and check the status of site incidents, schedules and history via our VSS website.

## Pearson VUE technology.

The Pearson VUE system utilizes the speed, reliability and cost-effectiveness of the Internet to register candidates, download exams and transmit results with a press of a button.

There is no charge for Pearson VUE testing software or upgrades. There is only a fee of \$450 (US Dollars) to purchase the Enhanced Security Protocol kit which includes digital cameras, signature pad and other security-related equipment and information. You may purchase this kit from Pearson VUE or through another vendor according to the exact specifications provided.

## What are the criteria to become a Pearson VUE® Authorized Test Center?

- Any distraction-free location such as a testing lab or classroom, equipped with computers and access to the Internet.
- A fully functional business website which has been registered for at least 12 months.
- A certified Test Administrator (TA) to proctor the tests – this person does not need to be a dedicated resource and can get certified by completing an online test.

### The 5 steps to becoming a test center\*

#### Step 1: Apply

First, assess your readiness by reviewing the Pearson VUE technical specifications and facility requirements found at [www.pearsonvue.com/pvtc](http://www.pearsonvue.com/pvtc), and then complete the accompanying application. Attach all supporting documents such as a copy of your business registration, floor plan and photographs of your center.

#### Step 2: Sign

Once your application is received, Pearson VUE will send you a contract and other applicable forms.

#### Step 3: Approval

Once approved, we will send a pre-activation kit (containing materials for your test center), and your Pearson VUE Site ID which enables access to the online Policies & Procedure Guide. You will need to provide proof that you've procured the Enhanced Security Protocol (ESP) kit.

#### Step 4: Install

Install the testing software promptly with the assistance of the Pearson VUE Support Services team.

#### Step 5: Train

Finally, your designated Test Administrator can review the online Policies & Procedure Guide and sit for the open-book TA certification test. Once your TA passes the test and is certified, you will be activated to start test delivery.

\* This process may vary slightly.
