Navigation Buttons and Function Keys

Buttons and functions can also be selected by pressing a combination of keys on your keyboard. For example, to select the **N**ext button, you can press the **N** key on your keyboard while holding down the **Alt** key.

There are also **P**revious and **N**ext buttons on the bottom edge of the screen. These buttons will be available on most screens throughout your exam. The **N**ext button moves you from this screen to the next screen. Should you wish to back up and view a screen you've already seen, select the **P**revious button. It moves you back one screen.

How to Track the Time Remaining

Certain sections of the exam are timed. As soon as you start testing, the clock starts to run down to zero. All test items and review of test items must be completed within the allotted time, or the test will automatically end. At any point in a timed section, you can see how much time you have remaining for that section in the upper right corner of the screen. We recommend that you check the time periodically.

If you do not want to view the time remaining during the exam, click on the clock icon to hide this information. If you click again, the time remaining will appear.

The screenshot shows an exam interface. At the top, a blue header bar contains the text "Demo Exam - Candidate Name". Below this, a light blue bar contains a calculator icon and the word "Calculator". The main content area has a light green background and contains the following text: "You are able to select an answer by clicking on the circle to the left of the answer. To change your answer, select another answer." followed by "Practice selecting different answers below." and the question "Which of the below is NOT an animal A.Cat B.Dog C.Mouse D.Tree". Below the question are four radio button options: "A. Cat", "B. Dog", "C. Mouse", and "D. Tree". In the top right corner, there is a clock icon, the text "Time Remaining 119:31", and "7 of 14". Below the question, there is a blue box with a clock icon and the text "Time Remaining 119:31". At the bottom right, there are two buttons: "Previous" and "Next".

How to Use the Item Review Screen

When you have completed your examination, you will see the "Item ReviewScreen" as shown below.

This screen lists every question within the examination and any that you flagged for later review will be indicated here by a filled-in flag icon next to the question number. In this example, items 6, 10, and 13 were selected for review.
