

Pictured is an example of how the Customs Brokers License Exam set up may appear on exam day. For this exam, examinees will be allowed to bring in their own personal rolling crate, as pictured below, to accommodate the HTSUS and other exam reference materials as needed. The rolling crate should not exceed these dimensions: 16"H x 18.5"W x 15"D. It should be noted that the HTSUS will be provided electronically starting with the April 2020 exam and moving forward. Examinees will be allowed to bring in their own physical copy of the HTSUS if desired.
