You must apply to the Board of Psychology office and be approved by the board office prior to scheduling an examination. *Contact information for the board appears on last page of this booklet.*

After you receive your notification of eligibility from the board office or Operational Support Services Unit, you will receive an “authorization-to-test” email. Upon receiving this email, you may contact the department’s computer-based testing vendor, Pearson VUE, to pay the examination fee and schedule your examination. *Contact information will appear in your authorization-to-test email and is also found on the last page of this booklet.*

### Fees

**The examination fee for this computer-based test or examination is \$115.00.**

### **Identification Requirements:**

You need two **valid** forms of identification for admission: a primary ID and a secondary ID.

The following forms of ID are accepted as primary ID:

- Government-issued driver license
- State/national identification card
- Passport
- Military ID
- Alien registration card (green card, permanent resident visa)
- U.S. Passport card

The following forms of ID are accepted as secondary ID:

- Any ID on the primary list

## **Biometrics**

As part of Pearson VUE's test-security program, a palm-vein scan is required at some testing centers. An electronic signature and digital photo are required at all centers.

### **1.3 Testing Accommodations**

If you special testing accommodations under the Americans with Disabilities Act, or if you must bring anything into the examination room, you must receive approval **before** scheduling your examination.

In accordance with section 64B-1.005, Florida Administrative Code, the Department of Health will provide reasonable and appropriate testing accommodations to candidates with physical or mental impairments to the extent permitted by cost, examination-administration constraints, examination-security considerations, and availability of resources. Candidates must submit an application form with supporting documentation. The form, "Application for Candidates Requesting Testing Accommodations in Accordance with the Americans with Disabilities Act," is available at [www.pearsonvue.com/fl/doh](http://www.pearsonvue.com/fl/doh)

Candidates must have approval for special accommodations before scheduling their examination with Pearson VUE.

### **1.4 Testing Center Rules**

The exam administrator at the testing center will not allow test takers to take personal items – including reference materials and electronics – with them into the exam area. Although locker storage is normally offered, it is best not to bring large bags, jewelry, electronics, and the like to the testing center.

Candidates will receive an erasable note board or a small notebook consisting of erasable and reusable pages for use during the exam. They are to be returned to the exam administrator at the completion of the exam.

Professional Testing, Inc., directly and through its subcontractor Pearson VUE, is the department's designated agent in maintaining a secure and proper examination administration.

When you sign in for the examination, you will be required to agree to the testing center rules. The rules are available at [www.pearsonvue.com/fl/doh](http://www.pearsonvue.com/fl/doh) for you to review in advance

### **1.5 Liability**

Each candidate must unequivocally understand that the State of Florida, the Department of Health and/or the department's staff assume no liability whatsoever for any personal items brought into, left at, or left outside the examination site. The candidate's admission to the examination shall constitute the candidate's full, knowing, and complete waiver of any and all such claims against the State of Florida, the Department of Health, and/or the department's staff.

Your preliminary results will be provided to you immediately following completion of the examination. At the end of your computer-based examination, you will receive your preliminary score report. When you check out, the test administrator will hand you the report.

Measurement specialists continuously review Department of Health examinations in order to assure fair, accurate, and consistent testing. Outcomes may be changed after expert review if a technical problem, misconduct, or an unusual pattern in examination question responses is confirmed. This means that your preliminary results report may not reflect your final results. This preliminary report is intended to give you a general idea of how you did, but is not official or legally binding, and cannot be used to gain licensure or employment.

### **Official Results**

The Department of Health does not send out official score reports or release numerical score information in any way. However, approximately ten business days after testing, you will receive formal correspondence from the Department of Health with regard to your application status.

## **2.6 Irregularity Analysis**

The Department reserves the right to perform statistical analysis on the scores to determine the likelihood that the security of the examination has been compromised. In the event that the analysis indicates a security problem, the scores of those affected will be held and a report will be submitted to the board for review.

## Section 3: Post-Examination Procedures

### 3.1 Passing Candidates

Candidates who pass the examination will receive additional licensure information from the Board office.

### 3.2 Failing Candidates

Any candidate who fails to pass this examination will be required to retake the examination in order to become licensed in the State of Florida. In addition, failing candidates have rights regarding post-examination reviews and administrative hearings.

### 3.3 Reexamination

Please visit the Board of Psychology website at <http://floridaspsychology.gov/> or contact the Board office at (850) 245-4373 for applications and specific information regarding re-examination.

### 3.4 Post-Examination Review

A candidate who fails the examination may request an opportunity to review the examination questions, answers, and grading keys for the examination questions for which he or she did not receive credit. A post-examination review is **NOT** required. It does **NOT** alter a failing outcome. See *Rule 64B-1.013, Florida Administrative Code*, for rules regarding post-examination reviews.

All requests for post-examination review must be emailed to [fldoh@proftesting.com](mailto:fldoh@proftesting.com) no later than 21 days after official scores are released on the Operational Support Services Unit website. You will have an opportunity to review the questions at the Orlando office up to 60 days after the official score release date. After the review, you will have to wait at least 30 days before you may take the examination again. (You are unlikely to get the same questions in the retake examination.)

You will be required to pay a nonrefundable fee of \$75 for a post-examination review.

### 3.5 Election of Hearing Rights

Under Florida law, if you failed your licensure examination by less than ten (10) percent of the score required for passing, you can contest the examination results. To do this, you must request a hearing. The petition must be filed no later than 21 days after the department posts official examination results or 21 days after your post-examination review. A neutral body is convened to consider the appeal.
