Candidate Handbook

March 2017

# QUICK REFERENCE

---

## RESERVATIONS

### Before making an exam reservation

Candidates should thoroughly review this handbook, which contains examination content outlines and important information regarding eligibility and the examination and licensing application process.

### Making an exam reservation

Candidates may make a reservation by either visiting [www.pearsonvue.com](http://www.pearsonvue.com) or calling Pearson VUE.

Candidates should make a reservation online at least twenty-four (24) hours before the desired examination date (unless an electronic check is used for payment, as detailed on page 9). **Walk-in examinations are not available.**

---

## SCHEDULES & FEES

### Test centers

A list of test centers appears on the back cover of this handbook. Candidates should contact Pearson VUE to confirm specific locations and schedules.

### Exam fees

The examination fee must be paid at the time of reservation by credit card, debit card, or electronic check. **Payment will not be accepted at the test center. Examination fees are non-refundable and non-transferable.**

## EXAM DAY

### What to bring to the exam

Candidates should bring to the examination proper identification and other materials as dictated by the state licensing agency. A complete list appears in *What to Bring* (page 11).

### Exam procedures

Candidates should report to the test center at least **thirty (30)** minutes before the examination begins. The time allotted for the examination varies (see page 12), and each candidate will leave the test center with an official score report in hand.

## STATE LICENSING INFORMATION

Candidates may contact the Nevada Real Estate Division with questions about obtaining or maintaining a license or permit after the examination has been passed.

# OVERVIEW

---

## **The candidate handbook is a useful tool in preparing for an examination.**

It is highly recommended that the Nevada Real Estate Candidate Handbook be reviewed, with special attention given to the content outlines, before taking the examination. *(content outlines begin on Content Outline page 01 of this handbook)*

## **Individuals who wish to obtain a license or permit in the state of Nevada must:**

### **1. Make a reservation and pay examination fee.**

Make a reservation (by phone or online) with Pearson VUE for the examination. *(See page 8)*

### **2. Make a fingerprint reservation.**

Make a reservation (online or by phone) with Identigo by MorphoTrust, USA™ for the digital fingerprint. *(See page 9.)*

### **3. Go to the test center.**

Go to the test center on the day of the examination, bringing along all required materials. *(See page 11)*

### **4. Apply for a license or permit.**

After passing the examination, candidates must submit the proper application materials and the license or permit fee to the Nevada Real Estate Division within 12 months of passing the exam. *(See page 2 for additional details.)*

## THE LICENSURE PROCESS

Licensure is the process by which an agency of state government or other jurisdiction grants permission to individuals to engage in the practice of, and prohibits all others from legally practicing, a particular profession, vocation, or occupation. By ensuring a minimum level of competence, the licensure process protects the general public. The state regulatory agency is responsible for establishing the acceptable level of safe practice and for determining whether an individual meets that standard.

The state of Nevada has retained the services of Pearson VUE to develop and administer its real estate examination program. Pearson VUE is a leading provider of assessment services to regulatory agencies and national associations.

## PRACTICE TESTS – GENERAL (NATIONAL) PORTION ONLY

General-portion practice tests are offered exclusively online at [www.pearsonvue.com](http://www.pearsonvue.com), giving candidates even more opportunity to succeed on real estate examinations. The general-portion practice tests will not only help prepare candidates for the types of questions they will see on the general portion of the licensure examination but also familiarize them with taking computer-based examinations.

Pearson VUE offers a practice test for real estate that contains questions developed by subject matter experts using concepts found in the general portion of the licensure examination. The test closely reflects the format of the general portion of the licensure examination, can be scored instantly, and provides immediate feedback to help candidates identify correct and incorrect answers. Candidates can purchase general-portion practice tests anytime by visiting [www.pearsonvue.com/practicetests/realestate](http://www.pearsonvue.com/practicetests/realestate).

# STATE LICENSING REQUIREMENTS

---

The Nevada Real Estate Division established the requirements for qualification for a real estate license or permit. Applicants must read this candidate handbook and any other information provided by the Division before applying for any license or permit examination.

## LICENSE AND PERMIT REQUIREMENTS

After you have passed the Nevada Real Estate Examination, you must follow the guidelines described below to obtain a license or permit in the state of Nevada.

All forms cited in the paragraphs below and to page 5 of this publication can be found at <http://red.nv.gov/Content/Licensing/Main/>.

### Real Estate Salesperson

1. [Application Form 549](#)
2. Fingerprint Cards: two (2) fingerprint cards and a cashier's check or money order made payable to the "Department of Public Safety" OR a verification form issued by an approved Fingerprint Vendor ([Form 619](#)).
3. Original state and national passing exam results dated within last 12 months.
4. \$125 fee
5. Education Requirements
  - A. Proof of pre-licensing education by certified transcripts or certificates.
  - B. A total of 90 hours required.
    - 1) 45 hours or 3 college credits Real Estate Principles.
    - 2) 45 hours or 3 college credits Real Estate Law (must include 18 hours Nevada law).

[See Form 502 for a list of approved schools in Nevada.](#)

[See Form 501 for more detailed licensing information.](#)

### Real Estate Broker

1. [Application Form 549](#)
2. Fingerprint Cards: two (2) fingerprint cards and a cashier's check or money order made payable to the "Department of Public Safety" OR a verification form issued by an approved Fingerprint Vendor ([Form 619](#)).
3. Original state and national passing exam results dated within last 12 months.
4. Complete confidential financial statement and 3 months of current bank statements ([Form 558](#)). Financials must be approved before you can apply for the broker's license. Financial approval is only valid for 30 days.
5. \$145 fee
6. Must furnish proof of 2 years of active full-time experience within the last 4 years ([Form 509](#)).
7. Review the Broker checklist, [Form 508](#).
8. Education requirements:
  - A. Proof of pre-licensing education by certified transcripts or certificates.
  - B. 64 semester college credits required:
    - 1) 45 hours or 3 college credits Real Estate Principles or licensed experience.
    - 2) 45 hours or 3 college credits Real Estate Law or licensed experience. (must include 18 hours Nevada law provided by a NV school).
    - 3) 45 hours or 3 college credits Real Estate Appraisal course or licensed experience.
    - 4) 45 hours or 3 college credits Broker Management course (Nevada specific course).
    - 5) 15 college credits in other real estate related courses such as business, economics, management, accounting, finance, and marketing or licensed experience.
    - 6) 37 college level units from any college, military education, technical school, etc or licensed experience.

C. You may submit a combination of both experience and education transcripts to meet the full 64 semester credits. College credits must be obtained if experience is not verifiable.

1) For every 2 years of real estate licensed experience, Nevada will allow 16 college credits towards the education components with the exception of the 45 hour Broker Management and 18 hour Nevada real estate law courses.

Experience in two year increments are granted the following credits:

8 years = 64 credits 4 years = 32 credits

6 years = 48 credits 2 years = 16 credits

2) Must show proof that experience was full-time and your license is current. Submit the following proof:

- a) Original certified history of licensure (history expires after 90 days.)
- b) [Form 509](#) (for experience as a salesman or broker/salesman).
- c) Experience must be within the past ten years.
- d) Employing broker at the time must verify experience.

[See Form 502 for a list of approved schools in Nevada.](#)

[See Form 501 for more detailed licensing information.](#)

### **Real Estate Broker - Salesperson**

1. [Application Form 549](#)

2. Fingerprint Cards: two (2) fingerprint cards and a cashier's check or money order made payable to the "Department of Public Safety" OR a verification form issued by an approved Fingerprint Vendor ([Form 619](#)).

3. Original state and national passing exam results dated within last 12 months.

4. \$145 fee

5. Education Requirements

A. Proof of pre-licensing education by certified transcripts or certificates.

B. 64 semester college credits required:

1) 45 hours or 3 college credits Real Estate Principles or licensed experience.

2) 45 hours or 3 college credits Real Estate Law or licensed experience. (must include 18 hours Nevada law provided by a NV school).

3) 45 hours or 3 college credits Real Estate Appraisal course or licensed experience.

4) 45 hours or 3 college credits Broker Management course (Nevada specific course).

5) 15 college credits in other real estate related courses such as business, economics, management, accounting, finance, and marketing or licensed experience.

6) 37 college level units from any college, military education, technical school, etc or licensed experience.

C. You may submit a combination of both experience and education transcripts to meet the full 64 semester college credits. College credits must be obtained if experience is not verifiable.

1) For every 2 years of real estate licensed experience, Nevada will allow 16 college credits towards the education components with the exception of the 45 hour Broker Management and 18 hour Nevada real estate law courses.

Experience in two year increments are granted the following credits:

8 years = 64 credits 4 years = 32 credits

6 years = 48 credits 2 years = 16 credits

2) Must show proof that experience was full-time and your license is current. Submit the following proof:

- a) Original certified history of licensure (history expires after 90 days.)
- b) [Form 509](#) (for experience as a salesman or broker/salesman).
- c) Experience must be within the past ten years.
- d) Employing broker at the time must verify experience.

[See Form 502 for a list of approved schools in Nevada.](#)

[See Form 501 for more detailed licensing information.](#)

### **Business Broker**

1. [Application Form 624](#)
2. Fingerprint Cards: two (2) fingerprint cards and a cashier's check or money order payable to the "Department of Public Safety" OR a verification form issued by an approved Fingerprint Vendor ([Form 619](#)).
3. Original Business Brokerage exam passing result dated within last 12 months.

# RESERVATIONS

---

## MAKING AN EXAM RESERVATION

**Walk-in examinations are not available.** Online reservations are the most efficient way for candidates to schedule their examination. Candidates **must** go to [www.pearsonvue.com/nv/realestate](http://www.pearsonvue.com/nv/realestate) to make an online reservation for an examination. First-time users are required to create an account. The candidate will need to fill in all required fields, which are preceded by an asterisk (\*), on the online form in order to create an ID and be assigned a password. Step-by-step instructions will lead the candidate through the rest of the examination reservation process.

Our website is optimized to work on mobile devices such as phones and tablets as pictured below.

Candidates **must** make an online reservation at least twenty-four (24) hours before the desired examination date. Candidates who wish to make a phone reservation at (888) 248-8055 must do so at least twenty-four (24) hours before the desired examination date (unless an electronic check is used for payment, as detailed on page 9).

**Before making a reservation, candidates should have the following:**

- Legal name, address, Social Security number, daytime telephone number, and date of birth
- The name of the examination(s)
- The preferred examination date and test center location (a list appears on the back cover of this handbook)

## EXAM FEES

The examination fee, found in the chart below, must be paid at the time of reservation by credit card, debit card, or electronic check. **Fees will not be accepted at the test center.** Examination fees are non-refundable and non-transferable, except as detailed in the *Change/Cancel Policy*.

EXAMINATION INFORMATION	
EXAMINATION	FEE*
<b>Salesperson Combination</b>	\$100
<i>General (National) Portion</i>	\$100
<i>State Portion</i>	\$100
<b>Broker Combination</b>	\$100
<i>General (National) Portion</i>	\$100
<i>State Portion</i>	\$100
<b>Business Broker</b>	\$75
<b>Community Association Manager</b>	\$100
<b>Inspector of Structures</b>	\$100
<b>Property Manager</b>	\$75
<b>Timeshare Sales Agent</b>	\$100

\* The cost for each retake is the same as the initial examination.

## Electronic Checks

Candidates who choose to pay the examination fee by electronic check must have a personal checking account, and must be prepared to provide to Pearson VUE at the time of reservation the following information:

- Bank name
- Account number
- Social Security number, state-ID number or driver's license number
- Name and address on the account

Using this information, Pearson VUE can request payment from the candidate's bank account just as if the candidate had submitted an actual paper check.

Candidates paying by electronic check must register at least five (5) days before the examination date in order for their check to be processed.

## FINGERPRINT RESERVATIONS

Pearson VUE offers electronic fingerprinting to all candidates at the following test centers: Las Vegas, NV (Flamingo) and Reno, NV. Digital fingerprints are transmitted electronically to law enforcement. These fingerprints are accurate, high quality, and in accordance with FBI and IAFIS requirements for live-scan imaging with a low rejection rate.

Candidates testing at either of the centers listed above must make an advance reservation with MorphoTrust, USA™ to have their fingerprints captured on the same date as their exam appointment. Reserve a fingerprint appointment online at <https://pearsonwest.ibtfingerprint.com> or by contacting MorphoTrust, USA™ at (866) 761-8069. Use your full legal name, as it appears on your government-issued ID, when you make your fingerprint reservation. The fingerprint fee must be paid at the time of the reservation by credit card, debit card or electronic check.

**Be sure to select the correct license or permit type when making your fingerprint reservations to avoid delays in receiving your results.**

## CHANGE/CANCEL POLICY

Candidates should call (888) 248-8055 at least forty-eight (48) hours before the examination to change or cancel a reservation. Candidates who change or cancel a reservation with proper notice may either transfer the fee to a new reservation or request a refund. **Candidates who change or cancel their reservations without proper notice will forfeit the examination fee.** Refunds for credit/debit cards are immediate, while refunds for electronic checks will be processed in two to three (2-3) weeks.

Candidates are individually liable for part of the examination fee once a reservation has been made, whether individually or by a third party.

## ABSENCE/LATENESS POLICY

Candidates who are late to or absent from an examination may be excused for the following reasons:

- Illness of the candidate or that of the candidate's immediate family member
- Death in the immediate family
- Disabling traffic accident
- Court appearance or jury duty
- Military duty
- Weather emergency

**Candidates who are absent from or late to an examination and have not changed or canceled the reservation according to the *Change/Cancel Policy* will not be admitted to the examination and will forfeit the examination fee.** Written verification and supporting documentation for excused absences must be submitted to Pearson VUE within fourteen (14) days of the original examination date. Written verification and supporting documentation can be sent by fax to (888) 204-6291 or mailed to the following address:

**Pearson VUE/Nevada Real Estate**  
5601 Green Valley Dr., Bloomington, MN 55437

## WEATHER DELAYS AND CANCELLATIONS

If severe weather or a natural disaster makes the Pearson VUE test center inaccessible or unsafe, the examination may be delayed or canceled. Pearson VUE will notify and reschedule candidates in the case of severe weather.

## ACCOMMODATIONS

Pearson VUE complies with the provisions of the Americans with Disabilities Act as amended. The purpose of accommodations is to provide candidates with full access to the test. Accommodations are not a guarantee of improved performance or test completion. Pearson VUE provides reasonable and appropriate accommodations to individuals with documented disabilities who demonstrate a need for accommodations.

Test accommodations may include things such as:

- A separate testing room
- Extra testing time
- A Reader or Recorder, for individuals with mobility or vision impairments and cannot read or write on their own

Test accommodations are individualized and considered on a case-by-case basis. All candidates who are requesting accommodations because of a disability must provide appropriate documentation of their condition and how it is expected to affect their ability to take the test under standard conditions. This may include:

- Supporting documentation from the professional who diagnosed the condition, including the credentials that qualify the professional to make this diagnosis
- A description of past accommodations the candidate has received

The steps to follow when requesting test accommodations vary, depending on your test program sponsor. To begin, go to <http://pearsonvue.com/accommodations>, and then select your test program sponsor from the alphabetized list. Candidates who have additional questions concerning test accommodations may contact the ADA Coordinator at [accommodationspearsonvue@pearson.com](mailto:accommodationspearsonvue@pearson.com).

# EXAM DAY

---

## WHAT TO BRING

### Required Items

All candidates must bring to the test center on examination day the following:

- Two (2) forms of signature identification, one of which must be government-issued and photo-bearing

### REQUIRED ITEMS

Candidates who do not present the required items will be denied admission to the examination, will be considered absent, and will forfeit the examination fee.

### Acceptable Forms of Candidate Identification

Candidate must present **two (2)** forms of current signature identification. The name on the identification must exactly match the name on the registration. The primary identification must be government issued and photo-bearing with a signature and the secondary identification must contain a valid signature. Identification must be in English.

#### Primary ID (photograph and signature, not expired)

##### Government-issued Driver's License

- U.S. Dept. of State Driver's License
- U.S. Learner's Permit (plastic card only with photo and signature)
- National/State/Country ID card
- Passport
- Passport Card
- Military ID
- Military ID for spouses and dependents
- Alien Registration Card (Green Card, Permanent Resident Visa)

#### Secondary ID (signature, not expired)

- U.S. Social Security card
- Debit (ATM) or Credit card
- Any form of ID on the Primary ID list

If the ID presented has an embedded signature that is not visible (microchip), or is difficult or impossible to read, the candidate must present another form of identification from the Primary ID or Secondary ID list that contains a visible signature.

Pearson VUE does not recognize grace periods. For example, if a candidate's driver's license expired yesterday and the state allows a 30-day grace period for renewing the ID, the ID is considered to be expired.

## EXAM PROCEDURES

Candidates should report to the test center thirty (30) minutes before the examination and check in with the test center administrator. The candidate's identification and other documentation will be reviewed and they will be photographed for the score report.

Candidates are required to review and sign a **Candidate Rules Agreement** form. If the **Candidate Rules Agreement** is not followed and/or cheating or tampering with the examination is suspected, the incident will be reported as such and the appropriate action will be taken. The examination fee will not be refunded, the exam may be determined invalid, and/or the state may take further action such as prohibiting candidates from retaking the examination and/or denying a license.

Candidates will have an opportunity to take a tutorial on the PC on which the examination will be administered. The time spent on this tutorial will not reduce the examination time. The examination administrators will answer questions, but candidates should be aware that the administrators are not familiar with the content of the examinations or with the state's licensing requirements. Examination administrators have been instructed not to advise candidates on requirements for licensure.

Candidates may begin the examination once they are familiar with the PC. The examination begins the moment a candidate looks at the first examination question. The time allotted for the examination varies (*see chart on next page*). The examination will end automatically after the examination time has expired, and candidates will leave the test center with their official scores in hand.

EXAMINATION TIME ALLOTTED			
EXAMINATION	NUMBER OF QUESTIONS	NUMBER OF ADDITIONAL PRETEST QUESTIONS*	TIME ALLOTTED
<b>Salesperson Combination</b>	120	5-10	240 minutes
<i>General (National) Portion</i>	80	5-10	150 minutes
<i>State Portion</i>	40	5-10	90 minutes
<b>Broker Combination</b>	130	5-10	240 minutes
<i>General (National) Portion</i>	80	5-10	150 minutes
<i>State Portion</i>	50	5-10	90 minutes
<b>Business Broker</b>	50	5-10	90 minutes
<b>Community Association Manager</b>	100	5-10	120 minutes
<b>Inspector of Structures</b>	175	5-10	240 minutes
<b>Property Manager</b>	50	5-10	90 minutes
<b>Timeshare Sales Agent</b>	50	5-10	90 minutes

\* These questions are not scored but are included in the time allotted.

### Calculator Policy

Candidates are not permitted to bring or use their own calculator. However, a calculator is built into the following Real Estate examinations listed below.

- Broker
- Business Broker
- Community Association Manager
- Property Manager
- Salesperson
- Timeshare Sales

Prior to these exams, a tutorial will explain the use of the in-exam calculator and provide the opportunity to practice calculations. Candidates are encouraged to view the tutorial in its entirety.

**Calculators are not built into the Inspector of Structures examinations nor are candidates permitted to bring or use their own calculator.**

### SCORE REPORTING

When candidates complete the examination, they will receive a score report marked “pass” or “fail.” Candidates who pass the examination will receive a score report that includes information on how to apply for a license.

Candidates who fail the examination will receive a score report that includes a numeric score and diagnostic information relating to the general section of the examination, as well as information about reexamination.

### REVIEW OF EXAMS

For security reasons, examination material is not available to candidates for review.

## RETAKE THE EXAM

The salesperson and broker examination is divided into two parts: general (national) and state. Those who pass one part of the examination and fail the other, need to retake only the failed part within twelve (12) months. Candidates who after twelve (12) months have not passed both parts must retake the entire examination.

Reservations for reexamination may not be made at the test center, and **candidates must wait twenty-four (24) hours before making one.**

## SCORE EXPLANATION

### Percent Score

There are multiple versions of each of the licensing examinations. These versions are known as forms. All forms of an examination are developed based on the content outlines. To ensure that no candidate is put at an unfair advantage or disadvantage due to the particular form of an examination that he or she is given, a statistical procedure known as equating is used to attain comparable form difficulty.

The passing score of an examination was set by the Nevada Real Estate Division (in conjunction with Pearson VUE) after a comprehensive study was completed for each examination. The examination score is reported as a percent score on a scale of 0%-100%. It is the percentage of questions answered correctly on the examination. You need to answer 75% of questions correctly in order to pass the examination.

The diagnostic information provides the number of questions in each content area that you answered correctly. The content area information provided is meant only as a general guide for study purposes.

**Please note that you should review all content areas before retaking the exam.**

## DUPLICATE SCORE REPORTS

Candidates may request a duplicate score report by completing and submitting the form found in this handbook.

## TEST CENTER POLICIES

The following policies are observed at each test center. **Candidates who violate any of these policies will not be permitted to finish the examination and will be dismissed from the test center, forfeiting the examination fee.**

- **No personal items are allowed in the testing room.** Personal items include but are not limited to: cellular phones, hand-held computers or other electronic devices, pagers, watches, wallets, purses, firearms or other weapons, hats, bags, coats, books, notes, or pens or pencils.
- **CALCULATORS ARE NOT PERMITTED.**
- Candidates must store all personal items in a secure area as indicated by the administrator, or return items to their vehicle. All electronic devices must be turned off before storing them in a locker. **The test center is not responsible for lost, stolen or misplaced personal items.**
- Studying **is not** allowed in the test center. Visitors, children, family or friends **are not** allowed in the test center.
- Dictionaries, books, papers (including scratch paper), and reference materials are not permitted in the examination room (unless permitted by the Nevada Real Estate Division), and candidates are strongly urged not to bring such materials to the test center. Upon entering and being seated in the testing room, the test administrator will provide the candidate with materials to make notes or calculations and any other items specified by the Nevada Real Estate Division. **The candidate may not write on these items before the exam begins or remove these items from the testing room.**
- Eating, drinking, chewing gum, smoking, and/or making noise that creates a disturbance for other candidates is prohibited during the exam.
- Break policies are established by the Nevada Real Estate Division. To request an unscheduled break, the candidate **must** raise their hand to get the administrator's attention. **The exam clock will not stop while the candidate is taking a break.**
- Candidates must leave the testing room for all breaks. However, candidates **are not permitted to leave the floor or building for any reason during this time, unless specified by the administrator and the Nevada Real Estate Division.** If a candidate is discovered to have left the floor or building they will not be permitted to proceed with the examination and may forfeit the exam fees.

- While taking a break, candidates are permitted to access personal items that are being stored during the exam only if necessary— for example, personal medication that must be taken at a specific time. **However, a candidate must receive permission from the administrator prior to accessing personal items that have been stored.** Candidates are **not** allowed access to other items, including but not limited to, cellular phones, exam notes, and study guides, unless the Nevada Real Estate Division specifically permits this.
- Any candidate discovered causing a disturbance of any kind or engaging in any kind of misconduct—giving or receiving help; using notes, books, or other aids; taking part in an act of impersonation; or removing examination materials or notes from the examination room—will be summarily dismissed from the examination and will be reported to the state licensing agency. Decisions regarding disciplinary measures are the responsibility of the state licensing agency.

## QUESTIONS OR COMMENTS ABOUT THE EXAM

For security reasons, examination material is not available to candidates for review. Candidates who have questions, comments, or concerns related to the exams, scoring or score reports, or who wish to verify any data held in Pearson VUE files, should direct written inquiries to Pearson VUE at the address provided on the inside front cover of this handbook. Candidates may also email their questions directly to Pearson VUE Customer Service at [pearsonvuecustomerservice@pearson.com](mailto:pearsonvuecustomerservice@pearson.com).

In all correspondence, candidates should provide their name and address information. If questions or comments concern an examination already taken, candidates should also include:

- the name of the examination
- the date the examination was taken
- the location of the test center

# PREPARING FOR THE EXAM

---

## STUDY MATERIALS

The content of the general section of the examination is based upon information obtained from a job analysis performed by Pearson VUE. Responses from real estate professionals were analyzed to determine the nature and scope of tasks they perform, and the knowledge and skills needed to perform them. This information is the basis upon which examination questions are written and ensures that the examination reflects the actual practice of real estate. Questions on the general section are also reviewed and approved by nationally recognized real estate professionals.

## MATH CALCULATIONS

**The information below is NOT available at the test center and should be memorized.**

Candidates may use the following information in making mathematical calculations on the general section of the real estate examinations unless otherwise stated in the text of the question:

- 43,560 square feet/acre
- 5,280 feet/mile
- Round off calculations (where applicable)

**The information below, if needed, will be contained within the test itself:**

*If a question requires the calculation of prorated amounts, the question will specify: a) whether the calculation should be made on the basis of 360 or 365 days a year; and b) whether the day of closing belongs to the buyer or seller.*

NEVADA

Real Estate State Content Outlines

# General Exam Content Outline for Salesperson and Broker

Effective: January 1, 2017

The general portion of the real estate exam is made up of eighty (80) scored items, which are distributed as noted in the following content outline.

The general examination also contains five (5) pretest items that are not counted toward the score. These items are used to gather statistics on performance and to help assess appropriateness for use on future examinations. Because pretest items look exactly like items that are scored, candidates should answer all the items on the examination.

## **I. REAL PROPERTY CHARACTERISTICS, LEGAL DESCRIPTIONS, AND PROPERTY USE (SALES 8; BROKER 8)**

### **A. Real property vs. personal property**

1. Fixtures, trade fixtures, emblements
2. Attachment, severance, and bill of sale

### **B. Characteristics of real property**

1. Economic characteristics
2. Physical characteristics

### **C. Legal descriptions**

1. Methods used to describe real property
2. Survey

### **D. Public and private land use controls – encumbrances**

1. Public controls – governmental powers
  - a. Police power, eminent domain, taxation, escheat
  - b. Zoning ordinances
2. Private controls, restrictions, and encroachments
  - a. Covenants, conditions, and restrictions
  - b. Easements
  - c. Licenses and encroachments

## **II. FORMS OF OWNERSHIP, TRANSFER, AND RECORDING OF TITLE (SALES 7; BROKER 7)**

### **A. Ownership, estates, rights, and interests**

1. Forms of ownership
2. Freehold estate
  - a. Fee simple absolute
  - b. Fee simple defeasible, determinable, and condition subsequent
  - c. Life estate
  - d. Bundle of rights
3. Leasehold estates and types of leases
  - a. Estate for years and from period to period
  - b. Estate at will and estate at sufferance
  - c. Gross, net, and percentage leases
4. Liens and lien priority
5. Surface and sub-surface rights

### **B. Deed, title, transfer of title, and recording of title**

1. Elements of a valid deed
2. Types of deeds
3. Title transfer
  - a. Voluntary alienation

- b. Involuntary alienation
4. Recording the title
    - a. Constructive and actual notice
    - b. Title abstract and chain of title
    - c. Marketable title and cloud on title
    - d. Attorney title opinion, quiet title lawsuit, and title insurance

## **III. PROPERTY VALUE AND APPRAISAL (SALES 7; BROKER 7)**

### **A. Concept of Value**

1. Market value vs. market price
2. Characteristics of value
3. Principles of value

### **B. Appraisal process**

1. Purpose and steps to an appraisal
2. Federal oversight of the appraisal process

### **C. Methods of estimating value and Broker Price Opinions (BPO)**

1. Sales comparison approach (market data)
2. Cost approach
  - a. Improvements and depreciation
  - b. Physical deterioration, functional, and economic obsolescence
  - c. Reproduction or replacement costs
3. Income approach
4. Gross rent and gross income multipliers
5. Comparative Market Analysis (CMA)
6. Broker Price Opinion (BPO)
7. Assessed value and tax implications

## **IV. REAL ESTATE CONTRACTS AND AGENCY (SALES 16; BROKER 16)**

### **A. Types of contracts**

1. Express vs. implied
2. Unilateral vs. bilateral

### **B. Required elements of a valid contract**

### **C. Contract performance**

1. Executed vs. executory
2. Valid vs. void
3. Voidable vs. unenforceable
4. Breach of contract, rescission, and termination
5. Liquidated, punitive, or compensatory damages

6. Statute of Frauds
7. Time is of the essence

**D. Sales contract**

1. Offer and counteroffer
2. Earnest money and liquidated damages
3. Equitable title
4. Contingencies
5. Disputes and breach of contract
6. Option contract and installment sales contract

**E. Types of agency and licensee-client relationships**

**F. Creation and termination of agency**

**G. Licensee obligations to parties of a transaction**

**V. REAL ESTATE PRACTICE (SALES 18; BROKER 18)**

**A. Responsibilities of broker**

1. Practicing within scope of expertise
2. Unauthorized practice of law
3. Privacy and Do Not Contact

**B. Brokerage agreements between the broker and principal (seller, buyer, landlord, or tenant)**

1. Seller representation – Types of listing agreements
  - a. Exclusive right-to-sell and exclusive agency listing
  - b. Non-exclusive or open listing
  - c. Net listing (conflict of interest)
  - d. Multiple listing service (MLS)
2. Buyer representation
3. Property management agreement
  - a. Accounting for funds
  - b. Property maintenance
  - c. Leasing property
  - d. Collecting rents and security deposits
4. Termination of agreements
5. Services, fees, and compensation

**C. Fair Housing**

1. Equal opportunity in housing
2. Protected classes
3. Fair housing laws
4. Illegal practices, enforcement, and penalties
5. Prohibited advertising
6. Housing and Urban Development (HUD)
7. Americans with Disabilities Act (ADA)

**D. Risk management**

1. Supervision
2. Compliance with federal regulations
3. Vicarious liability
4. Antitrust laws
5. Fraud and misrepresentation
6. Types of insurance
  - a. Errors and Omissions
  - b. General Liability

**VI. PROPERTY DISCLOSURES AND ENVIRONMENTAL ISSUES (SALES 6; BROKER 5)**

**A. Property conditions and environmental issues**

1. Hazardous substances
  - a. Lead-based paint
  - b. Asbestos, radon, and mold
  - c. Groundwater contamination and underground storage tanks
  - d. Waste disposal sites and brownfields
  - e. Flood plain and flood insurance
2. Clean Air and Water Acts
3. Environmental Protection Agency (EPA)
  - a. Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA)
  - b. Superfund Amendment and Reauthorization Act (SARA)
  - c. Environmental site assessments and impact statements
  - d. Wetlands protection

**B. Disclosure obligations and liability**

**VII. FINANCING AND SETTLEMENT (SALES 10; BROKER 9)**

**A. Financing concepts and components**

1. Methods of financing
  - a. Mortgage financing – conventional and non-conventional loans,
  - b. Seller financing – land contract/contract for deed
2. Lien theory vs. title theory and deed of trust
3. Sources of financing (primary and secondary mortgage markets, and seller financing)
4. Types of loans and loan programs
5. Mortgage clauses

**B. Lender Requirements**

1. FHA requirements
2. VA requirements
3. Buyer qualification and Loan to Value (LTV)
4. Hazard and flood insurance
5. Private mortgage insurance (PMI) and mortgage insurance premium (MIP)

**C. Federal Financing Regulations and Regulatory Bodies**

1. Truth-in-Lending and Regulation Z
2. TILA-RESPA Integrated Disclosures (TRID)
  - a. Consumer Financial Protection Bureau (CFPB)
  - b. Loan Estimate (LE)
  - c. Closing Disclosure (CD)
3. Real Estate Settlement Procedures Act (RESPA)
  - a. Referrals
  - b. Rebates
4. Equal Credit Opportunity Act (ECOA)
5. Mortgage fraud and predatory lending

**D. Settlement and closing the transaction**

## VIII. REAL ESTATE MATH CALCULATIONS (SALES 8; BROKER 10)

### A. Property area calculations

1. Square footage
2. Acreage total

### B. Property valuation

1. Comparative Market Analysis (CMA)
2. Net Operating Income (NOI)
3. Capitalization rate
4. Gross rent multiplier - **Broker Only**
5. Gross income multiplier - **Broker Only**
6. Equity in property
7. Establishing a listing price
8. Assessed value and property taxes

### C. Division/compensation

### D. Loan financing costs

1. Interest
2. Loan to Value (LTV)
3. Amortization
4. Discount Points
5. Prepayment penalties
6. Fees

### E. Settlement and closing costs

1. Purchase price and down payment
2. Monthly mortgage calculations - principal, interest, taxes, and insurance (PITI)
3. Net to the seller
4. Cost to the buyer
5. Prorated items
6. Debits and credits
7. Transfer tax and recording fee

### F. Investment

1. Return on investment
2. Appreciation
3. Depreciation
4. Tax implications on investment

### G. Property management calculations

1. Property management and budget calculations
2. Tenancy and rental calculations

## SALESPERSON SAMPLE QUESTIONS

1. A buyer's interest in real property, acquired at the moment the seller and the buyer enter into a sales contract, is known as:
  - a. legal title
  - b. equitable interest
  - c. fee simple determinable
  - d. an option to purchase
2. The appropriate time for a selling broker to explain the agency relationship to a prospective buyer is:
  - a. at their initial meeting
  - b. after the buyer has viewed a number of properties
  - c. when the buyer is prepared to sign a purchase agreement
  - d. at closing
3. A geographic region in which similar properties compete with the subject property for potential buyers is called a:
  - a. municipality
  - b. political district
  - c. market area
  - d. demand unit
4. The agency that is charged with enforcing the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) in the case of an owner who allows the dumping of wastes on a property is the:
  - a. Housing and Urban Development
  - b. Federal Emergency Management Agency
  - c. Environmental Protection Agency
  - d. Occupational Safety and Health Administration
5. A lot was purchased as an investment for \$10,500 and sold a year later at a loss of 20%. If the owner paid a 10% commission, what was the owner's net loss on the sale?
  - a. \$2,820
  - b. \$2,920
  - c. \$2,940
  - d. \$3,150

### Salesperson Sample Answers

- 2) a
- 3) c
- 4) c
- 5) c

## BROKER SAMPLE QUESTIONS

1. **A buyer purchases a furnished condominium apartment as an investment. The document that evidences the buyer's ownership of the furniture is a:**
  - a. special warranty deed
  - b. homeowner's insurance policy
  - c. bill of sale
  - d. buyer's inventory
2. **A broker is asked to lease 1,200 square feet of warehouse space at \$6 per square foot per year. If the broker's commission will be 8 percent of the first year's rental income, the MAXIMUM amount payable is:**
  - a. \$576
  - b. \$691
  - c. \$720
  - d. \$960
3. **In the absence of a formal appraisal report, which of the following choices is the MOST appropriate for setting a listing price in a new, rapidly selling neighborhood?**
  - a. The price that willing buyers have recently paid for similar structures
  - b. The cost of reproducing the structure plus the original lot value
  - c. The price that is an average of the cost of reproducing the structure and the recent sales prices
  - d. The price that is an average of the listed prices of the most recently sold similar properties
4. **A broker lists a property. A potential buyer tells the broker that he has heard that the crime rate in the neighborhood is increasing. Which of the following is the broker's BEST response to the buyer?**
  - a. The crime rate in the neighborhood is no higher than in any other area.
  - b. Check with local law enforcement authorities about the crime rate.
  - c. Any information about the crime rate must come directly from the sellers.
  - d. The crime rate is not a defective property condition and need not be disclosed.
5. **Which of the following acts is illegal under Federal Fair Housing law?**
  - a. Advertising property for sale only to military people
  - b. Providing special loan programs for low-income people
  - c. Refusing to sell a home to a person with a poor credit history
  - d. Advertising property for sale only to members of a specific national origin

  - F. Prohibited Acts**

# National Home Inspector Content Outline

for the Inspector of Structures Examination

*Content Outline effective January 1, 2014*

## **PERFORMANCE DOMAIN I: BUILDING SCIENCE (64%)**

**Task 1:** Identify and inspect site conditions using applicable standards for material selection and installation procedures to assess immediate and long-term safety and maintenance issues that can affect the building or people. (4%).

### **a. Vegetation, Grading, Drainage, and Retaining Walls**

- i. Common retaining wall types, materials, applications, installation methods, construction techniques, and clearance requirements
- ii. Common grading and drainage system types, materials, applications, installation methods, and construction techniques
- iii. Typical defects (e.g., negative grade, site drainage problems)
- iv. Typical vegetation and landscape conditions, maintenance practices, and how they affect the building
- v. Maintenance concerns and procedures
- vi. Safety issues, applicable standards, and appropriate terminology

### **b. Driveways, Patios, and Walkways**

- i. Common types, materials, applications, installation methods, and construction techniques
- ii. Typical defects (e.g. root damage, trip hazards)
- iii. Maintenance concerns and procedures
- iv. Safety issues, applicable standards, and appropriate terminology

### **c. Decks, Balconies, Stoops, Stairs, Steps, Porches, & Applicable Railings**

- i. Common types, materials, applications, installation methods, and construction techniques
- ii. Attachment methods (e.g., lag screws, bolts, web joists, tgi joists, cantilevered flooring)
- iii. Deck load to grade transfer theory (e.g., deck to joist to girder to post to grade)
- iv. Typical defects (e.g., flashing, railings, decayed wood, results of deferred maintenance)
- v. Maintenance/design concerns and procedures
- vi. Safety issues, applicable standards, and appropriate terminology

**Task 2:** Identify and inspect building exterior components using applicable standards for material selection and installation procedures to assess immediate and long-term safety and maintenance issues that can affect people or the performance of the building. (6%)

### **a. Wall Cladding, Flashing, Trim, Eaves, Soffits, and Fascia**

- i. Common types (e.g., stucco, composite siding, aluminium and vinyl cladding, SIPs, EIFS, step flashing)
- ii. Typical defects (e.g., cracking, improper installation, water infiltration, decay)
- iii. Maintenance concerns and procedures
- iv. Safety issues, applicable standards, and appropriate terminology

### **b. Exterior Doors and Windows**

- i. Common door and window types, materials, applications, installation methods, and construction techniques
- ii. Typical defects (e.g., delaminating, decayed wood, thermal seal failure, flashings, cracked glass)
- iii. Maintenance concerns and procedures
- iv. Safety issues, applicable standards, appropriate terminology, and glazing requirements (e.g., egress requirements, safety glazing, release for security bars)

### **c. Roof Coverings**

- i. Common roof-covering types, materials, applications, installation methods, construction techniques, and manufacturing requirements
- ii. Typical roof covering repair methods and materials
- iii. Typical defects (e.g., improper installation, cracking, curling, deterioration, damage)
- iv. Characteristics of different roofing materials
- v. Sheathing and underlayment requirements for different types of roof coverings
- vi. Maintenance concerns and procedures
- vii. Safety issues, applicable standards, and appropriate terminology

### **d. Roof Drainage Systems**

- i. Common drainage system types, materials, applications, installation methods, and construction techniques (e.g., slope, gutters, roof drains, scuppers)

- ii. Typical modifications, repairs, upgrades, and retrofits methods and materials
- iii. Typical defects (e.g., ponding, improper slopes, clogging/leaking, disposal of roof water runoff)
- iv. Maintenance concerns and procedures
- v. Safety issues, applicable standards, & appropriate terminology

**e. Flashings**

- i. Common types, materials, applications, installation methods, and construction techniques
- ii. Typical defects (e.g., separation, corrosion, improper installation, missing flashing)
- iii. Maintenance concerns and procedures
- iv. Safety issues, applicable standards, & appropriate terminology

**f. Skylights and Other Roof Penetrations**

- i. Common skylight and other roof penetration types, materials, applications, installation methods, & construction techniques
- ii. Typical defects (e.g., cracked glazing, improper installation, deterioration, failure, faulty flashing)
- iii. Maintenance concerns and procedures safety issues, applicable standards, and appropriate terminology

**Task 3:** Identify and inspect structural system elements using applicable standards for material selection and installation procedures to assess immediate and long-term safety and maintenance issues that may affect people or the structural stability of the building. ( 7%)

**a. Foundation**

- i. Common foundation types, materials, applications, installation methods, and construction techniques
- ii. Typical foundation system modifications, repairs, upgrades, and retrofits methods and materials
- iii. Typical defects (e.g., cracks, settlement, decomposition, failed damp-proofing) and their common causes and effects.
- iv. Soil types & conditions and how they affect foundation types
- v. Applied forces and how they affect foundation systems (e.g., wind, seismic, loads)
- vi. Safety issues, applicable standards, & appropriate terminology
- vii. Water management (e.g., grading, foundation drains, sumps)

**b. Floor Structure**

- i. Common floor system types (e.g., trusses, concrete slabs), materials, applications, installation methods, and construction techniques
- ii. Typical modifications, repairs, upgrades, and retrofits methods and materials

- iii. Typical defects (e.g., improper cuts and notches in structural members, decayed or damaged structural members, effects of long-term loading and/or bearing & environmental exposure)
- iv. Limitations of framing materials (e.g., span)
- v. Applied forces and how they affect floor systems (e.g., wind, seismic, loads)
- vi. Safety issues, applicable standards, & appropriate terminology

**c. Walls and Vertical Support Structures**

- i. Common types, materials, applications, installation methods, and construction techniques
- ii. Typical modifications, repairs, upgrades, and retrofits methods and materials
- iii. Typical defects (e.g., decayed or damaged structural members, earth to wood contact, structural deformation)
- iv. Seismic and wind-resistant construction methods and hardware
- v. Fire blocking and fire walls
- vi. Safety issues, applicable standards, & appropriate terminology

**d. Roof and Ceiling Structures**

- i. Common roof and ceiling structure types, materials, applications, installation methods, and construction techniques
- ii. Typical roof structure modifications, repairs, upgrades, and retrofits methods and materials
- iii. Acceptable truss and ceiling structural-member modifications, repairs, upgrades, and retrofits methods and materials
- iv. Roof and ceiling structure conditions and defects (e.g., moisture stains, fungal/mold growth, sagging rafters, modified/damaged trusses, decayed or damaged structural members)
- v. Limitations of framing materials (e.g., span)
- vi. Applied forces and how they affect roof/ceiling structures (e.g., wind, seismic, loads)
- vii. Safety issues, applicable standards, and appropriate terminology
- viii. Seismic and wind-resistant construction and hardware
- ix. Maintenance concerns and procedures

**Task 4:** Identify and inspect electrical system elements using applicable standards for material selection and installation procedures to assess immediate and long-term safety and maintenance issues or affect people. (7%)

**a. Electrical Service: Service Entrance, Service Lateral, Service Conductors, Service Equipment, and Service Grounding**

- i. Common types, materials, applications, installation methods, and construction techniques
- ii. Typical modifications, repairs, upgrades, and retrofits

methods and materials

- iii. Typical defects (e.g., water and rust in panel equipment, height, deteriorated conductor sheathing)
- iv. Electrical service capacity
- v. Service grounding and bonding
- vi. Maintenance concerns and procedures
- vii. Safety issues, applicable standards, and appropriate terminology

**b. Interior Components of Service Panels and Subpanels**

- i. Common types, materials, applications, installation methods, and construction techniques
- ii. Typical modifications, repairs, upgrades, and retrofits methods and materials
- iii. Typical defects (e.g., un-bonded sub panels, double-tapping, over-fusing)
- iv. Main disconnects
- v. Panel grounding and sub-panel neutral isolation
- vi. Panel wiring
- vii. Over-current protection devices
- viii. Function of circuit breakers and fuses
- ix. Maintenance concerns and procedures
- x. Inspection safety procedures
- xi. Safety issues, applicable standards, & appropriate terminology

**c. Wiring Systems**

- i. Common types, materials, applications, & installation methods
- ii. Typical modifications, repairs, upgrades, and retrofits methods and materials
- iii. Typical defects (e.g., open splices, exposed non-metallic cable)
- iv. Problems with aluminum wire
- v. Obsolete electrical wiring system (e.g., knob & tube wiring)
- vi. Maintenance concerns and procedures
- vii. Safety issues, applicable standards, and appropriate terminology

**d. Devices, Equipment, & Fixtures (e.g., switches, receptacles, lights)**

- i. Common types, materials, applications, installation methods, and construction techniques
- ii. Typical modifications, repairs, upgrades, and retrofits methods and materials
- iii. Typical defects (e.g., reverse polarity, open grounds, faulty GFCIs)
- iv. Equipment grounding
- v. Wiring, operation, location of typical devices and equipment (e.g., receptacles and lights, appliances, GFCI protection, arc fault protection)

- vi. Maintenance concerns and procedures
- vii. Safety issues, applicable standards, and appropriate terminology

**Task 5:** Identify and inspect cooling systems using applicable standards for material selection and installation procedures to assess immediate and long-term safety and maintenance issues that may affect people or the performance of the building. (5%)

**a. Cooling**

- i. Common types, materials, applications, installation methods, and construction techniques
- ii. Typical defects (e.g., vacuum line insulation missing, condensation and/or rust on components, not cooling properly, un-level condenser, frost/ice formation on components, restriction of air flow at the condensing unit, location of condensing unit)
- iii. Theory of refrigerant cycle (latent and sensible heat)
- iv. Theory of heat transfer
- v. Theory of equipment sizing
- vi. Methods of testing the systems
- vii. Condensate control and disposal
- viii. Maintenance concerns and procedures
- ix. Safety issues, applicable standards, & appropriate terminology

**b. Distribution Systems**

- i. Common distribution system types, materials, applications, installation methods, and construction techniques
- ii. Typical defects (damaged ducts, incorrect configuration/installation, insufficient air flow, condensation at supply registers, blower operation, and improper air temperature at register)
- iii. Methods of testing the system
- iv. Maintenance concerns and procedures (e.g., filter, condensation pump and lines)
- v. Safety issues, applicable standards, & appropriate terminology

**Task 6:** Identify and inspect heating systems using applicable standards for material selection and installation procedures to assess immediate and long-term safety and maintenance issues that may affect people or the performance of the building. (6%)

**a. Heating**

- i. Common types, materials, applications, installation, methods, and construction techniques
- ii. Typical defects (e.g., cracked heat exchanger, humidifier, dirty fan, improper fuel line installation/material)
- iii. Theory of heat transfer and how it takes place in different heating system types
- iv. Heating system types (e.g., forced draft, gravity, boiler,

- hydronic, heat pump, solid fuel)
- v. Theory of equipment sizing
- vi. Methods of testing the systems
- vii. Performance parameters
- viii. Condensate control and disposal
- ix. By-products of combustion (e.g., H<sub>2</sub>O, CO<sub>2</sub>, CO, NO<sub>2</sub>), their generation, & how & when they become a safety hazard
- x. Maintenance concerns and procedures
- xi. Safety issues, applicable standards, and appropriate terminology

**b. Distribution Systems**

- i. Common distribution system types, materials, applications, installation methods, and construction techniques
- ii. Typical defects (e.g., damaged ducts, incorrect configuration/installation, insufficient airflow, blower operation, and improper air temperature at register)
- iii. Methods of testing the system
- iv. Maintenance concerns and procedures (e.g., filter, humidifier)
- v. Safety issues, applicable standards, & appropriate terminology

**c. Flue and Venting Systems**

- i. Common venting system types, materials, applications, installation methods, and construction techniques
- ii. Typical defects (e.g., separated flue, back drafting, clearance to combustible materials, proper slope, combustion make-up air vent sizing and configuration)
- iii. Theory of venting and exhaust flues
- iv. Equipment sizing
- v. Safety issues, applicable standards, & appropriate terminology

**Task 7:** Identify and inspect insulation, moisture management systems, and attic/interior/crawl space ventilation systems in conditioned and unconditioned spaces using applicable standards for material selection and installation procedures to assess immediate condition and long-term safety and maintenance issues that may affect people or the performance of the building. (6%)

**a. Thermal Insulation**

- i. Common thermal insulation types, materials, applications, installation methods, and construction techniques
- ii. Typical defects (e.g., lack of insulation, uneven insulation, damaged insulation, flame spread concerns, improper clearances and alignment)
- iii. Theory of heat transfer and energy conservation
- iv. Performance parameters (e.g., R-value)
- v. Maintenance concerns and procedures

- vi. Safety issues, applicable standards, & appropriate terminology

**b. Moisture Management**

- i. Common vapor retarder types, materials, applications, installation methods, and construction techniques
- ii. Typical defects (e.g., inadequate ventilation, evidence of condensation)
- iii. Theory of moisture generation and movement
- iv. Performance parameters
- v. Vapor pressure and its effects
- vi. Theory of relative humidity
- vii. Effects of moisture on building components, occupants, and indoor air quality
- viii. Moisture control systems
- ix. Appearance or indications of excessive moisture and likely locations for condensation to occur
- x. Maintenance concerns and procedures
- xi. Safety issues, applicable standards, & appropriate terminology

**c. Ventilation Systems of Attics, Crawl Spaces, and Roof Assemblies**

- i. Common types, materials, applications, installation methods and construction techniques
- ii. Typical ventilation defects and how they affect buildings and people
- iii. Theory of air movement in building assemblies (e.g., conditioned vs. unconditioned, draft stopping)
- iv. Theory of relative humidity
- v. Interdependence of mechanical systems and ventilation systems
- vi. Appliance vent systems requirements (e.g., clothes dryers, range hoods, bathroom exhausts)
- vii. Screening, sizing, and location requirements for vent openings
- viii. Maintenance concerns and procedures
- ix. Safety issues, applicable standards, & appropriate terminology

**Task 8:** Identify and inspect plumbing systems using applicable standards for material selection and installation procedures to assess immediate and long-term safety and maintenance issues that may affect people or the performance of the building. (6%)

**a. Water Supply Distribution System**

- i. Common water distribution types, materials, applications, installation methods, and construction techniques
- ii. Typical modifications, repairs, upgrades, and retrofits methods and materials
- iii. Typical defects (e.g., cross-connection, back flow)
- iv. Common water pressure/functional flow problems and how

they affect the water distribution system (e.g., softeners, private well equipment, hard water build-up, old galvanized piping, pressure reducer valves, expansion tanks)

- v. Pipe defect/deterioration issues (e.g., PVC, galvanized, brass, polybutylene, PEX)
- vi. Maintenance concerns and procedures
- vii. Safety issues, applicable standards, and appropriate terminology (e.g., understanding of term “functional flow”)

**b. Fixtures and Faucets**

- i. Common fixture and faucet types, materials, applications, installation methods, and construction techniques
- ii. Typical modifications, repairs, upgrades, and retrofits methods and materials
- iii. Typical defects (e.g., cross-connection/back-flow, fixture attachment)
- iv. Maintenance concerns and procedures
- v. Safety issues, applicable standards, & appropriate terminology

**c. Drain, Waste, and Vent Systems**

- i. Common types, materials, applications, installation methods, and construction techniques (e.g., supports/spacing)
- ii. Typical modifications, repairs, upgrades, & retrofits methods and materials (e.g., joining dissimilar piping materials)
- iii. Theory and usage of traps and vents
- iv. Identification of public or private disposal (when possible)
- v. Typical defects (e.g., faulty installation, deterioration, leakage, defective venting or drain slope)
- vi. Maintenance concerns and procedures
- vii. Safety issues, applicable standards, and appropriate terminology (e.g., understanding of term “functional drainage”)

**d. Water Heating Systems**

- i. Common types, materials, applications, installation methods, and construction techniques (e.g., conventional, instant, tank less, indirectly heated, atmospheric/gravity/induced draft)
- ii. Typical water heater defects (e.g., improper vent/flue materials and configuration, condition, unsafe locations, connections, compatible to fuel type, temperature and pressure relief system problems)
- iii. Accessory items (e.g., drain pans, seismic restraints, expansion tanks, recirculation systems)
- iv. Connections to and controls for energy source
- v. Combustion, make-up, and dilution air requirements

- vi. Maintenance concerns and procedures
- vii. Safety issues, applicable standards, and appropriate terminology

**e. Fuel Storage and Fuel Distribution Systems**

- i. Common types, materials, applications, installation methods, and construction techniques
- ii. Typical defects (e.g., piping supports/spacing, shut-off requirements, unprotected fuel lines, leaking fuel fittings)
- iii. Defects in above-ground oil/gas storage tanks
- iv. Fuel leak indications, repairs, and remediation methods
- v. Basic components of gas appliance valves & their functions
- vi. Tank restraints and supports
- vii. Underground storage tank indicators and reporting requirements
- viii. Maintenance concerns and procedures

**f. Safety issues, applicable standards, appropriate terminology, drainage sumps, sump pumps, sewage ejection pumps, related valves and piping**

- i. Common types, materials, applications, installation methods, and construction techniques
- ii. Typical defects (e.g., inoperative sump pumps, improperly installed/designed equipment and systems, alarms, lid seals)
- iii. Sump pump location significance
- iv. Pump discharge location significance
- v. Maintenance concerns and procedures
- vi. Safety issues, applicable standards, & appropriate terminology

**Task 9:** Identify and inspect interior components using applicable standards for material selection, installation procedures, and maintenance to assess immediate and long-term safety issues as they may affect people or the performance of the building. (5%)

**a. Walls, Ceiling, Floors, Doors, and Windows, and other Interior System Components**

- i. Types of defects in interior surfaces not caused by defects in other systems (e.g., attachment defects, damage)
- ii. Typical defects in interior surfaces caused by defects in other systems (e.g., structural movement, moisture stains)
- iii. Common wall, ceiling, floor, door, and window type, materials, applications, installation methods and construction techniques
- iv. Egress requirements (e.g., window security bar release, basement windows, opening size, sill height, and ladders)

- v. Applicable fire/safety and occupancy separation requirements (e.g., fire barriers, fire walls, fire rated doors, & penetrations)
- vi. Operation of windows or doors
- vii. Fire and life safety equipment (e.g., smoke/CO detectors inoperative or missing)
- viii. Maintenance concerns and procedures
- ix. Safety issues, applicable standards, and appropriate terminology of common wall, ceiling, floor, door, and window types, materials, applications, installation methods, and construction techniques

**b. Steps, Stairways, Landings, and Railings**

- i. Common step, stairway, landing, and railing types, materials, applications, installation methods, & construction techniques
- ii. Maintenance concerns and procedures
- iii. Typical defects (e.g., loose/damage elements, improper rise/run, inadequate/omitted handrails)
- iv. Safety issues, applicable standards, & appropriate terminology

**c. Garage Vehicle Doors and Operators**

- i. Common garage vehicle doors and door operator types, materials, applications, installation methods, and construction techniques
- ii. Typical defects (e.g., damaged components, safety considerations, spring retention, opener adjustment)
- iii. Maintenance concerns and procedures
- iv. Safety issues, applicable standards, & appropriate terminology

**Task 10:** Identify and inspect fireplace and chimney systems using applicable standards for material selection and installation procedures to assess immediate and long-term safety and maintenance issues that may affect people or the performance of the building. (6%)

**a. Fireplaces, Solid-Fuel Burning Appliances, Chimneys, & Vents**

- i. Common manufactured fireplaces (e.g., vented, direct vent, non-vented) & solid-fuel burning appliance types, materials, applications, installation methods, & construction techniques
- ii. Common manufactured fireplaces and solid-fuel burning appliance chimney, vent connector, and vent types, materials, applications, installation methods and construction techniques of direct-vent and non-vented fireplaces
- iii. Common masonry fireplace types, masonry flues, materials, applications, installation methods, & construction techniques
- iv. Chimney terminations (e.g., spark arrestors, chimney cap)
- v. Chimney foundation, height and clearance requirements

- vi. Theory of heat transfer
- vii. Effects of moisture and excessive heat on fireplaces
- viii. Fuel types and combustion characteristics, air supply, and combustion air requirements
- ix. Typical defects (e.g., hearth defects, clearance requirements, firebox damage, damper problems, smoke chamber and flue issues, shared flue considerations)
- x. Operation of equipment, components, and accessories
- xi. Maintenance concerns and procedures
- xii. Safety issues, fire safety fundamentals, applicable standards, and appropriate terminology

**Task 11:** Identify and inspect common permanently installed kitchen appliances for proper condition and operation. (3%)

**a. Installation**

**b. Operating using normal controls**

**c. Typical defects (e.g., appliance not anchored/leveled, rusting racks, leaking unit, missing air gap)**

**d. Maintenance concerns and procedures**

**e. Safety issues, applicable standards, manufacturer's specifications, and appropriate terminology**

**Task 12:** Identify and inspect pool and spa systems using applicable standards for material selection and installation procedures to assess immediate and long-term safety and maintenance issues. (2%)

**a. Types of construction**

- i. Perimeter coping and water level finish
- ii. Shell interior finish (e.g., plaster, vinyl, pebble/synthetic)
- iii. Entrapment prevention (e.g., dual drains, anti-vortex lid)
- iv. Permanently installed handrails and ladders

**b. Mechanical systems**

- i. Pump, motors, blowers, skimmer, filter, drains, gauges
- ii. Piping and valves
- iii. Cleaning systems (e.g., in-floor heads, pool sweeps)
- iv. Heating (e.g., gas, electric, solar)

**c. Electrical systems**

- i. Lighting and GFCI protection
- ii. Timers and controls
- iii. External bonding (e.g., pump motors, blowers, heater shell)

**d. Typical defects (e.g., inoperative equipment, piping leaks, damage/deterioration of components)**

**e. Maintenance concerns and procedures**

**f. Safety issues (e.g., child-safe barriers or components), applicable standards, and appropriate terminology**

**Task 13:** Identify and inspect lawn irrigation systems using applicable standards for material selection and installation procedures and to assess immediate and long-term safety and maintenance issues that may affect the performance of the system and building. (1%)

**a. Common material types, applications, installation methods, and construction techniques**

- i. Typical modifications, repairs, upgrades, and retrofits methods and materials
- ii. Timers and controls (e.g., timing device, manual valves)
- iii. Typical defects (e.g., leaks, poor adjustment, inoperative components, cross-connection/back flow, proximity and possible effects on building)
- iv. Common water pressure/flow problems and how they affect the water distribution system
- v. Visible and accessible pipe deterioration issues (e.g., PVC, galvanized, brass)
- vi. Maintenance concerns and procedures
- vii. Safety issues, applicable standards, and appropriate terminology

**PERFORMANCE DOMAIN II: ANALYSIS AND REPORTING (24%)**

**Task 1:** In the inspection report, identify building systems and components by their distinguishing characteristics (e.g., purpose, type, size, location) to inform the client what was inspected. (6%)

- a. **Minimum information required in an inspection report (e.g., property data, construction materials, installation techniques and procedures, locations of main system shutoffs)**
- b. **Describing the type of systems & the location of system components**
- c. **Correct technical terms to describe systems and components of the building**

**Task 2:** Describe inspection methods and limitations in the inspection report to inform the client what was inspected and what was not inspected and the reason why it was not inspected. (6%)

- a. **Minimum and critical information required in an inspection report (e.g., weather conditions, inspection safety limitations, components not accessible)**
- b. **Common methods used to inspect particular components (e.g., roofs, attics, sub-floor crawl spaces, mechanical components)**

**Task 3:** Describe systems and components inspected that are not functioning properly or are defective. (7%)

- a. **Common expected service life of building & mechanical components**
- b. **Common indicators of potential failure (e.g., rust & corrosion, unusual noise, excessive vibration, and/or lack of routine maintenance)**
- c. **Common safety hazards**
- d. **Common test instruments and their proper use for qualitative analysis (e.g., moisture meters, CO meters, probes)**

**Task 4:** List recommendations to correct deficiencies or items needing further evaluation. (5%)

- a. **Correct professional or tradesperson required to effect repairs or perform further evaluations**
- b. **Common remedies for correction**
- c. **Relationships between components in the building**
- d. **When to immediately inform building occupants of a life-threatening safety hazard (e.g., gas leak, carbon monoxide accumulation)**

# Nevada Property Management Permit

The state-specific examination is made up of fifty (50) scored items. The exam also contains five to ten (5-10) pretest items. The pretest items are not identified and will not affect a candidate's score in any way.

- I. CONTRACTS (MANAGEMENT AND RENTAL AGREEMENTS) (15%)**
  - A. Essential Elements of Property Management Agreements**
  - B. Residential Rental Applications/ Tenant Screening/ FCRA**
  - C. Residential Leases of Real Property**
    - 1. Types of Residential Leases
    - 2. Mandatory Residential Rental Agreement Provisions (NRS118A)
    - 3. Lease clauses
  - D. Breaches and Remedies; Eviction**
- II. RECORDKEEPING, ACCOUNTING AND TRUST ACCOUNT MANAGEMENT (10%)**
  - A. Requirements for Trust Accounts**
  - B. Separate Account Required for Security Deposits**
  - C. Record-keeping Requirements and inspection by the Division of Real Estate**
  - D. Reporting Requirements**
  - E. Handling of Trust Funds**
  - F. Commingling/Conversion**
  - G. Basic Accounting**
- III. NEVADA LAWS RELATING TO PROPERTY MANAGEMENT (5%)**
  - A. Permit Requirements**
    - 1. Activities requiring a permit
    - 2. Who needs a permit
    - 3. Renewal Requirements
  - B. Authority/Responsibilities of Property Managers**
  - C. Non-broker Licensee's Compensation**
- IV. MANDATORY DISCLOSURES (5%)**
  - A. Agency Relationships**
  - B. Material Facts**
  - C. Environmental Factors**
  - D. Conflicts of interest**
  - E. Stigmatized Properties**
- V. FAIR HOUSING (10%)**
  - A. Protected classes under Nevada and Federal Fair Housing Laws**
  - B. Americans with Disabilities Act**
    - 1. Accommodation and Modification
    - 2. Design and Construction Requirements
  - C. Advertising Rules Relating to Fair Housing**
- VI. LANDLORD-TENANT LAW (NRS 118A) (25%)**
  - A. Tenant Obligations and Rights**
  - B. Landlord Obligations and Rights**
  - C. Definition of "Habitable" and "Essential Services"**
  - D. Security Deposits; Cleaning Fees**
  - E. Extraordinary Circumstances**
    - 1. Domestic Violence
    - 2. Foreclosures
- VII. BROKER'S FIDUCIARY DUTIES AND AGENCY RELATIONSHIPS (5%)**
  - A. Accountability**
  - B. Client's best interest**
- VIII. RISK MANAGEMENT (20%)**
  - A. Maintenance**
  - B. Tenant health, safety, and welfare**
  - C. Insurance**
  - D. Fair Debt Collection Practices**
- IX. PRINCIPLES OF COMMERCIAL PROPERTY MANAGEMENT (5%)**
  - A. Types of commercial Leases and trade fixtures**
  - B. Budgets and revenue**
    - 1. Operating
    - 2. Forecasting
    - 3. Reserves
    - 4. Net Operating Income (NOI)
  - C. Tenant Improvements; Notice of Non-Responsibility**
  - D. Pass-throughs**
  - E. Escalation Clauses**

## PROPERTY MANAGER SAMPLE QUESTIONS

1. **In order for a tenant to claim relief for constructive eviction:**
  - a. the landlord must have intentionally withheld required repairs or maintenance
  - b. any defects must be deemed to present a health hazard to the tenants
  - c. the tenant must prove continuous residence in the premises
  - d. the defect must be related to either heating or water systems
2. **A broker is asked to lease 1,200 square feet of warehouse space at \$6 per square foot per year. If the broker's commission will be 8 percent of the first year's rental income, the MAXIMUM amount payable is:**
  - a. \$576
  - b. \$691
  - c. \$720
  - d. \$960
3. **Under a lease for a commercial property, a tenant agrees to pay \$4,000 per month plus 3% of the gross monthly sales. This type of lease is called a:**
  - a. net
  - b. triple net
  - c. percentage
  - d. ground

4. **In order for a property manager to determine net operating income on a property, which of the following fees is subtracted from the effective gross income?**
  - a. Debt service
  - b. Advances to owners
  - c. Operating expenses
  - d. Reserve for replacements
5. **The formula to determine Net Operating Income (NOI) is:**
  - a. Gross Potential Income (GPI) minus operating expenses
  - b. Net Rent Revenue minus Gross Potential Income (GPI)
  - c. Operating expenses minus Effective Gross Income (EGI)
  - d. Effective Gross Income (EGI) minus operating expenses

### Property Manager Sample Answers:

- 1) a
- 2) a
- 3) c
- 4) c
- 5) d

# Nevada Salesperson and Broker Content Outline

Effective January 1, 2017

The state-specific examination is made up of forty (40) scored items for salesperson candidates and fifty (50) scored items for broker candidates. The salesperson and broker examinations also contain five to ten (5-10) pretest items. The pretest items are not identified and will not affect a candidate's score in any way. The following examination content outline is applicable to both real estate salespersons and real estate brokers.

- I. DUTIES AND POWERS OF THE COMMISSION (5%)**
  - A. Determining Misconduct**
    1. Investigations
    2. Hearings and Appeals
  - B. Enforcement and Disciplinary Action**
    1. Sanctions and Fines
    2. Additional Education
    3. License Suspension
    4. Revocation
  - C. Real Estate Education, Research, and Recovery Fund**
- II. LICENSING REQUIREMENTS (10%)**
  - A. Types of Licensing and Permits and Requirements**
  - B. Activities Requiring a License or Permit**
  - C. License Maintenance**
    1. License Renewal
    2. Changes in License Status
    3. Reasons for Denial of a License or Renewal
  - D. Required Timely Notifications to the Division**
    1. Conviction or entry of a guilty/nolo contendere plea
    2. Broker association
    3. Changes in personal information
  - E. Branch Offices and License Display (Broker Only)**
  - F. Cooperative Certificates (Broker Only)**
- III. AGENCY (20%)**
  - A. Agency**
  - B. Duties Owed by a Nevada Licensee**
  - C. Consent to Act**
  - D. Confirmation of Agency Relationship**
- IV. LICENSE PRACTICE (20%)**
  - A. Licensee Responsibilities**
  - B. Broker Supervision of Licensees**
  - C. Commissions and other Compensation**
  - D. Advertising**
  - E. Rules for Broker Price Opinions**
  - F. Handling of Monies**
- V. DISCLOSURES (20%)**
  - A. Residential Disclosure Guide**
  - B. Seller's Real Property Disclosure**
  - C. Disclosure of Common-Interest Communities**
  - D. Disclosure of licensee as principal**
  - E. Other disclosures**
- VI. CONTRACTS (15%)**
  - A. Brokerage Agreements, including listing and buyer representation**
  - B. Preparation and Handling of Documents**
  - C. Closing Statements**
  - D. Advance Fees**
  - E. Handling of Earnest Money Deposits**
- VII. RECORD KEEPING (5%)**
  - A. Maintenance of Records**
    1. Timely submission of records to broker
    2. Required retention
    3. Protection of confidential information
  - B. Inspection of Records (Broker Only)**
  - C. Trust Account Records and Management (Broker Only)**
- VIII. SPECIAL TOPICS (5%)**
  - A. Subdivisions**
  - B. Timeshares**
  - C. Environmental Issues**
  - D. Water Rights**

# Nevada Timeshare Sales Agent

The state-specific examination is made up of fifty (50) scored items. The exam also contains five to ten (5-10) pretest items. The pretest items are not identified and will not affect a candidate's score in any way.

- I. LICENSING AND REGISTRATION, AND LICENSEE PRACTICE (8 ITEMS)**
- II. DEFINITIONS AND TERMINOLOGY (12 ITEMS)**
- III. REQUIRED DISCLOSURES (7 ITEMS)**
- IV. TIMESHARE CONTRACTS (2 ITEMS)**
- V. FAIR HOUSING LAWS (2 ITEMS)**

- VI. HANDLING DEPOSITS AND OTHER TRUST MONIES (2 ITEMS)**
- VII. OWNERSHIP INTERESTS IN TIMESHARES (8 ITEMS)**
- VIII. TIMESHARE FINANCES (2 ITEMS)**
- IX. ADVERTISING, MARKETING, AND PROMOTIONAL MEETINGS (7 ITEMS)**

# DUPLICATE SCORE REQUEST FORM

---

Use this form to request that Pearson VUE send a duplicate copy of your score report to you.

Please print or type all information on this form and either email or mail your request to Pearson VUE. It is strongly suggested that you email your request to [pearsonvuecustomerservice@pearson.com](mailto:pearsonvuecustomerservice@pearson.com); however if you are unable to email, please mail your request to:
