The Licensure Process
Licensure is the process by which an agency of state government or other jurisdiction grants permission to individuals to engage in the practice of a particular profession, vocation, or occupation, and prohibits all others from legally practicing that profession. By ensuring a minimum level of competence, the licensure process protects the general public. The state regulatory agency is responsible for establishing the acceptable level of safe practice and for determining whether an individual meets that standard.

The state of Idaho has commissioned the services of Pearson VUE to develop and administer its insurance licensing examination program. Pearson VUE is a leading provider of assessment services to regulatory agencies and national associations.
Practice Tests
Practice tests are offered exclusively online at [www.pearsonvue.com](http://www.pearsonvue.com), giving candidates even more opportunity to succeed on insurance examinations. Our practice tests will not only help prepare candidates for the types of questions they will see on the licensure exam, but also familiarize them with taking computer-based examinations.

Pearson VUE offers practice tests in the areas of Life, Health, and Property and Casualty that contain questions developed by subject matter experts using concepts found in the general portion of the licensure examination. The tests closely reflect the format of the real licensure examination, can be scored instantly, and provide immediate feedback to help candidates identify correct and incorrect answers. Candidates can purchase practice tests anytime at [www.pearsonvue.com](http://www.pearsonvue.com).

Idaho Licensing Requirements
Issuance of a license depends on review and approval of all license application materials. After you fulfill your exam requirements (if any), apply and pay for your license online NIPR at [nipr.com](http://nipr.com).

Important to Note
Passing an exam does not automatically guarantee that you will be issued a license. The issuance of a license is also dependent upon a review and approval of all license application materials.

License application can be made after successfully passing an exam. Please allow up to 48 hours for the exam results to be uploaded to NIPR.

Types of Licenses and Requirements

New Resident License Requirements
As a new resident, you may pretest and take Idaho licensing exams in any Pearson VUE test center nationwide.

Nonresident License Requirements
For more information or an application, go to NIPR at [nipr.com](http://nipr.com).

OnVUE Online Procedures
If you are testing online and not in a physical Pearson VUE testing location, you should first review the materials and watch the short video at https://home.pearsonvue.com/id/insurance/onvue before you begin your online exam.

About the Exam
The content of the general examination is based upon information obtained from a job analysis performed by Pearson VUE. Responses from insurance professionals were analyzed to determine the nature and scope of tasks they perform and the knowledge and skills needed to perform them. This information is the basis upon which examination questions are written and ensures that examinations reflect the practice of insurance. The examination has been developed to reflect the laws, statutes, rules and regulations for the practice of insurance in Idaho, and has been reviewed and approved by Idaho insurance professionals.

Pearson VUE maintains examination administration and examination security standards designed to ensure that all candidates are given the same opportunity to demonstrate their abilities and to prevent some candidates from gaining an unfair advantage over others because of testing irregularities or misconduct. Pearson VUE routinely reviews irregularities and examination scores believed to be earned under unusual or nonstandard circumstances. Pearson VUE maintains the right to question any examination score whose validity is in doubt because the score may have been obtained unfairly. Pearson VUE first undertakes a confidential review of the circumstances contributing to the questions about score validity. Then, if there is sufficient cause to question the score, Pearson VUE will refer the matter to the state licensing agency, which will make the final decision on whether or not to cancel the score.

The performance of all candidates is monitored and may be analyzed statistically for the purpose of detecting and verifying fraud. If it is determined that a score has questionable validity, the Department of Insurance will be so notified and will determine whether the candidate’s scores will be released.

Score Reporting
When candidates complete the examination, they will receive a score report marked “pass” or “fail.” Candidates who pass the examination will receive a score report that includes information on how to apply for a license.

Candidates who fail the examination will receive a score report that includes a numeric score and diagnostic information relating to the general portion of the examination, as well as information about reexamination. Each examination is divided into two parts: the general section and the state section. Candidates who pass one section of the examination and fail the other need to retake the portion they did not pass.

Reservations for reexamination cannot be made at the test center. Candidates must wait 24 hours before making a reexamination reservation.

Duplicate Score Reports
Please log into your Pearson VUE account to obtain your score report.

Questions or Comments About the Exam
For security reasons, examination material is not available to candidates for review. Candidates who have questions, comments, or concerns related to the exams, scoring or score reports, or who wish to verify any data held in Pearson VUE files, should direct written inquiries to Pearson VUE at the address provided on the inside front cover of this handbook. Candidates may also email their questions directly to Pearson VUE Customer Service at pearsonvuecustomerservice@pearson.com.

In all correspondence, candidates should provide their name and address information. If questions or comments concern an examination already taken, candidates should also include:

• the name of the examination
• the date the examination was taken
• the location of the test center
EXAMINATION QUESTIONS
All examination questions, each form of the examination, and any other examination materials are copyrighted and are the property of Pearson VUE. Consequently, any distribution of the examination content or materials through any form of reproduction or oral or written communication is strictly prohibited and punishable by law.

Pearson VUE Testing Policies

Test Center Location
The following policies are observed at each test center. Candidates who violate any of these policies will not be permitted to finish the examination and will be dismissed from the test center, forfeiting the examination fee.

• No personal items are allowed in the testing room. Personal items include but are not limited to: cellular phones, hand-held computers or other electronic devices, pagers, watches, wallets, purses, firearms or other weapons, hats, bags, coats, books, and/or notes, pens or pencils.

• Candidates must store all personal items in a secure area as indicated by the administrator, or return items to their vehicle. All electronic devices must be turned off before storing them in a locker. The test center is not responsible for lost, stolen, or misplaced personal items.

• Studying is not allowed in the test center. Visitors, children, family or friends are not allowed in the test center.

• Dictionaries, books, papers (including scratch paper), and reference materials are not permitted in the examination room (unless permitted by the exam sponsor), and candidates are strongly urged not to bring such materials to the test center. Upon entering and being seated in the testing room, the test administrator will provide the candidate with materials to make notes or calculations and any other items specified by the exam sponsor. The candidate may not write on these items before the exam begins or remove these items from the testing room.

• Eating, drinking, chewing gum, smoking, and/or making noise that creates a disturbance for other candidates is prohibited during the exam.

• Break policies are established by the exam sponsor. Most sponsors allow unscheduled breaks. To request an unscheduled break, the candidate must raise their hand to get the administrator’s attention. The exam clock will not stop while the candidate is taking a break.

• Candidates must leave the testing room for all breaks. However, candidates are not permitted to leave the floor or building for any reason during this time, unless specified by the administrator and the exam sponsor. If a candidate is discovered to have left the floor or building they will not be permitted to proceed with the examination and may forfeit the exam fees.

• While taking a break, candidates are permitted to access personal items that are being stored during the exam only if necessary— for example, personal medication that must be taken at a specific time. However, a candidate must receive permission from the administrator prior to accessing personal items that have been stored. Candidates are not allowed access to other items, including but not limited to, cellular phones, exam notes, and study guides, unless the exam sponsor specifically permits this.

• Any candidate discovered causing a disturbance of any kind or engaging in any kind of misconduct— giving or receiving help; using notes, books, or other aids; taking part in an act of impersonation; or removing examination materials or notes from the examination room—will be summarily dismissed from the examination and will be reported to the state licensing agency. Decisions regarding disciplinary measures are the responsibility of the state licensing agency.
