IMPORTANT INFORMATION ABOUT THE 2017-2018 BIENNIUM

The Virginia Insurance Continuing Education Board has changed some of the requirements and deadlines for both resident and non-resident agents. The changes outlined below will simplify the administrative process for the agent to comply with the continuing education requirements.

- **NEW:** Effective April 1, 2017, licensed agents selling annuity products will be required to complete a one-time four credit training course on annuity suitability on or before January 1, 2018. All providers that are interested in offering courses for annuity suitability training must submit a new course application requesting the annuity suitability course authority. Existing annuity courses approvals will stay with the original course authority. Instructors who wish to be approved to teach an annuity suitability course, must submit an application for approval just as they would to teach any other course category. Standard instructor approval fees apply. An FAQ document specific to the new annuity suitability requirement can be found [here](#).
- Approved providers will no longer maintain their status in perpetuity. Providers **MUST** offer at least one approved course in order to maintain their authority into the next biennium. Providers who do not offer a course will have their authority revoked.
- Virginia residents must complete the proper courses on or before November 30, 2018, or file the appropriate exemption or waiver request with all required documents, and pay the \$20 nonrefundable continuance fee.
- Agents must complete at least three credit hours of Ethics in each biennium. No more than 75 percent of the required credits may be obtained from courses sponsored by insurance companies or agencies. Please remember that Insurance Law and Regulations credits will count toward Ethics credits.
- During November 2018, noncompliant agents will receive from the Bureau of Insurance (“Bureau”) a written notice of impending termination. Agents will have a 31-day period (beginning on December 1, 2018) as a final opportunity to correct any CE deficiencies by completing the required coursework and/or paying the fee.
- Agents who fail to complete all requirements by December 31, 2018, will have their licenses terminated effective February 15, 2019.
- Agents who have completed their coursework or exemption requirements by December 31 but failed to pay the continuance fee will have until January 31 to pay the fee with an additional \$100 late filing penalty. Visit www.VirginiaInsuranceCE.com to pay the fee. An agent will not be considered in compliance with the continuing education requirements unless the fee and the late filing penalty are paid by January 31.
- Proctor Certification is not required for courses and examinations offered in an online format.
- Providers must submit course completion rosters and distribute course completion certificates within 20 calendar days of the course offering for all Virginia licensees.
- All course submissions must be processed online at www.VirginiaInsuranceCE.com using a Log-in to provider services to access Vertafore’s Compliance Express™ Services.
- Providers are expected to comply with Pearson VUE’s request for information, including sign in/out sheets and other course materials, in the course of a desk audit.
- Please remember that Agent and Provider handbooks are available only at www.VirginiaInsuranceCE.com. The Board no longer prints and mails copies of the Provider Handbook.
- Providers can find a list of the continuing education auditors on the VA CE website at www.VirginiaInsuranceCE.com on the CE Audit Information link.

VIRGINIA INSURANCE CONTINUING EDUCATION BOARD GENERAL INFORMATION

Each biennium (which ends on December 31 of each even-numbered year), resident and non-resident agents and consultants must be in compliance with Virginia CE statutory requirements to maintain their license(s). Resident agents or consultants who hold one or more of the following lines or qualifications must meet the Virginia CE requirements:

- Life and Annuities
- Life and Health Consultant
- Property and Casualty Consultant
- Title
- Health
- Property and Casualty
- Personal Lines
- Annuities (NEW)

To submit and receive approval for courses and/or instructors, an organization must register with Pearson VUE as a provider of Virginia Insurance Continuing Education (CE). Courses and instructors must be reviewed and approved by Pearson VUE before CE credit will be awarded. The Board has authorized several types of course approvals. These are described in the instructions for completing the course application. Approvals, once obtained, are valid for the biennium in which they are granted (excluding single session) and may be renewed for two biennia thereafter if unchanged.

Any of the materials in this handbook may be downloaded and printed.

Courses entered through the website into Compliance Express™ will receive a monthly invoice.

RESIDENT AGENT/CONSULTANT CREDIT REQUIREMENTS (see the Agent Information Handbook for complete details)

- One license: 16 credits specific to the license type
- Two or more licenses: 24 credits. At least eight credits must be specific to each license type.
- All licensees shall be required to complete at least three of their credits in a course categorized as Ethics or Insurance Laws and Regulations (ILR)
- No more than 75 percent of the credits required for compliance may come from courses sponsored by insurance agencies or companies. Note that this limitation refers to any and all insurance companies or agencies, not just the companies or agencies with which an agent may be associated.
- Excess-earned Ethics or ILR credits may be applied to cover other CE requirements in the current biennium, and any remaining credits will be carried over to the next biennium and applied to either the Ethics requirement or other CE requirements.
- CE credits awarded for Other General Insurance (OGI) topics will be used to meet any license-specific requirement but not the Ethics requirement.

Please recommend to agents that they review their CE Transcript to check on their compliance status at www.VirginiaInsuranceCE.com.

CONTINUING EDUCATION (“CE”) REQUIREMENTS FOR RESIDENT PUBLIC ADJUSTERS ONLY

An individual who holds a Public Adjuster license shall satisfactorily complete a minimum of 24 hours of approved CE courses, including three hours of ethics, reported on a biennial basis in conjunction with the license renewal.

A \$15 nonrefundable CE processing fee will be assessed with the renewal.

The Bureau of Insurance has contracted with Pearson VUE to administer the CE program for Public Adjusters. Visit www.sircon.com/virginia to view CE transcripts, available course offerings, and approved courses.

CE credits will not be awarded for courses completed before the license was issued.

Public Adjusters are not allowed to receive credit for the same course in the same biennium. Also, CE credit cannot be given for a duplicate course taught in alternative formats (classroom course, on-line course, video or audio conference, web-conference based, etc.) if the curriculum is based on the same published materials; this rule applies to any variation of course types.

A Public Adjuster’s license will not be renewed if all CE requirements have not been met.

VIRGINIA INSURANCE CONTINUING EDUCATION BOARD PROGRAM REQUIREMENTS

The Virginia Insurance Continuing Education Board has adopted the following requirements, which shall be strictly adhered to by all providers. Failure to comply with these requirements may result in the immediate suspension or termination of the provider's authorization to offer courses approved for Virginia CE.

GENERAL PROGRAM REQUIREMENTS APPLICABLE TO ALL COURSES

1. The [Course Introduction Statement](#) must be disseminated (orally or in writing) to all students at the beginning of **all** courses regardless of the format in which the course is offered. Providers shall make students aware that agents are not allowed to receive or carry over credit for the same course in the same biennium, but in a future biennium agents may take the course again and receive credit.
2. Providers should inform the students that agents cannot receive CE credit for a course taught in alternative formats (a classroom course, online course, video or audio conference, web-conference-based, etc.) if the curriculum is based on the same published materials; this rule applies to any variation of course types.
3. All requests for approval of new or revised courses and new or revised instructor approvals must be submitted at least 30 calendar days before the start date of the course. A course may not be advertised until the approval has been received in writing or is displayed on the Virginia Insurance CE website. **You may request expedited course review by paying an additional \$50 fee per course.** An expedited course review is assured within 3 business days from receipt of all materials.
4. Only courses that have been approved by Pearson VUE may be offered for Virginia CE credit. No course may be advertised, offered, or conducted for credit until approval has been received. All CE courses, except classroom courses, will be evaluated for credit based on the NAIC standard word-count formula of 3,600 words = one CE credit hour.
5. Advertisements, including email notifications, should inform students that **ONLY** the Virginia Insurance License Number ("VLN") or the National Producer Number ("NPN") are permitted forms of student identification.
6. No course may be advertised or otherwise promoted as appropriate for Virginia CE credit until approved by Pearson VUE. Students may choose a full or partial refund of all monies or credit for any approved CE course that the provider cancels or fails to complete as advertised.
7. **Advertisements**, including website information and email notifications, **must** specify whether the courses sponsored are categorized as "Company/Agency" or "Non-Company/Non-Agency." Providers are encouraged to provide a link to Pearson VUE's Virginia CE webpage where complete compliance requirements are detailed (www.VirginiaInsuranceCE.com).
8. Once approved, a course shall not be substantially altered without a new application (including fee) being submitted to and approved by Pearson VUE. A substantial alteration is any change that would modify the content or time allocations stated in the course outline or would change the course category or any of the course topics. A change in the thrust of a course where all or significant portions are based on a particular concept (ISO policy form, policy type, etc.) would be considered substantial. A change to update a point (change in Medicare deductibles, changes in estate tax limits, etc.) would not be considered substantial. If you require a change to an already approved course, such as course category change, number of hours, etc., a new application and fee will be required.
9. One credit hour is at least 50 minutes of continuous instruction or participation. For example, a course from 8:00 a.m. to 5:00 p.m. with one hour for lunch will receive a maximum of eight credits. Fractional credits will not be awarded. Registration, coffee and lunch breaks, or social hours do not qualify for CE credit. Breaks and their duration must be indicated on the outline. It is suggested a 10-minute break be allowed after each 50

minutes of instruction or a 15-minute break after one and a half hours of instruction. For programs lasting six hours or more, a lunch break of at least 30 minutes is suggested. The Sign-in/Sign-out log sheet should include the Time In and Time Out for all students.

10. No provider is permitted to provide a classroom course with more than eight credits per day to any one student.
11. Only instructors approved by Pearson VUE for Virginia are allowed to teach a course in Virginia. Even in an emergency situation, the substitute instructor must be an approved instructor.
12. As an approved instructor, an agent may receive course credit for teaching a Virginia-approved CE course, subject to the rules regarding duplicate courses within the same biennium. The instructor must be listed on the student roster in order to obtain credit.
13. Providers must submit course completion rosters within 20 calendar days of the course offering for all Virginia licensees electronically. Rosters must be recorded at www.VirginiaInsuranceCE.com. Providers will be required to submit the individual's last name and an identifier that is on file with the Virginia Bureau of Insurance. The identifier must be either the individual's Virginia Insurance license number or the National Producer Number.
14. Providers must distribute course completion certificates to all individuals who meet the requirements of the CE course within 20 calendar days of the conclusion of a course. The certificate must contain the name and identification of the student, the name and identification number of the course, the date(s) the course was held, the number of credit hours completed by each student, and the name and identification number of the provider. Course completion certificates may be printed electronically at www.VirginiaInsuranceCE.com.
15. All records of enrollments, records of examination, course records, and course rosters must be kept on file for the current biennium and the previous biennium.
16. Providers must keep Pearson VUE informed of changes in address, phone number, and contact persons.

COURSE QUALIFICATIONS

The following topics *may* qualify for approval: agency management; asset allocation; ethics in insurance; legal or regulatory matters in insurance; fundamentals/principles of property and casualty, life and health, or title insurance; estate planning and/or taxation; insurance policy contents; proper use of insurance products; insurance rating, underwriting, or claims; accounting/actuarial considerations in insurance; principles of risk management; provisions/differences in insurance policy contracts; or managed care and legal/ethical issues involving sales practices and mitigation including auto glass, mold, water damage, etc. Long Term Care and Long Term Care partnership courses are classified as Life and Health courses.

The following topics *will not* qualify: prospecting; motivation; sales training; office management; new product seminars; courses in mechanical business skills (typing, use of specific software, etc.); and courses not related to the insurance industry. Courses that are primarily intended to impart knowledge of specific products of specific insurers, if the use of the products relates to sales promotion or marketing, also do not qualify for credit.

Flood Insurance Training Requirements: Insurance Agents with a Property and Casualty License or Personal Lines License Selling through the National Flood Insurance Program (NFIP) should be aware of the following requirements:

- Section 207 of the Flood Insurance Reform Act of 2004, and basic flood education as outlined at 70 Fed. Reg., 52117 (Sept. 1, 2005), or such later requirements as are published by FEMA, requires all agents selling flood insurance policies under the National Flood Insurance Program ("NFIP") to be properly trained and educated about the NFIP to ensure agents may best serve their clients.
- An insurance agent who sells flood insurance may satisfy the minimum training and education requirements by completing a course related to the NFIP which has been approved for three hours of continuing education credit by the Virginia Insurance Continuing Education Board. The failure to comply with this education requirement may jeopardize the agent's authority to write insurance through the NFIP.

- Licensed insurers shall demonstrate, upon request, that licensed and appointed agents who sell federal flood insurance policies have complied, on their behalf, with the minimum federal flood insurance training requirements.

Mitigation Requirements: Mitigation is the effort to reduce loss of life and property by lessening the impact of disasters. Mitigation includes analyzing risk, reducing risk, and insuring against risk. Approved Mitigation courses may be used to satisfy the property & casualty and public adjuster requirements.

PROCTOR REQUIREMENTS

1. Self-study examinations must be proctored in a manner approved by the Board. The proctoring process must ensure that exams are administered in paper/pencil format. The examination will be completed by the agent, on a closed-book basis, without assistance.

3. A proctor cannot be a relative, friend, or an acquaintance. The proctor must be a disinterested party over the age of 18 years and unrelated to the agent.

COURSES OFFERED IN MULTIPLE FORMATS

Providers should make students aware that agents cannot receive CE credit for a classroom course and a self-study (examination) course, online course, or a video or audio conference or web-conference course based on the same published materials.

1. Providers are required to track agent enrollment for courses that are offered in multiple formats to prevent agents from enrolling in two or more courses based on the same published materials.
2. Providers are required to notify Pearson VUE prior to submitting courses based on the same published materials that are offered in multiple formats. Providers must notify Pearson VUE via email (VirginiaInsuranceCE@pearson.com) at least 24 hours prior to submitting such courses for approval.

CLASSROOM PROGRAM REQUIREMENTS

In addition to the *General Program Requirements* above, the following *Classroom Program Requirements* must be strictly complied with for classroom courses:

1. Providers must inform Pearson VUE at least 15 days prior to the course presentation the date, time, and location of each classroom session, conference, or convention. Courses shall not be cancelled or rescheduled without five days prior notice. This does not include cancellations of courses due to an emergency such as instructor illness or adverse weather. Courses can be added, cancelled, or modified online at www.VirginiaInsuranceCE.com.

2. Providers must adhere to attendance procedures (i.e., **completing the Sign-in/Sign-out log sheet, including the Time-in and Time-out, for all students.**)
3. Strictly monitor each student's attendance and participation in the course. When assigning the student ID#, please note that ONLY the Virginia Insurance License Number (VLN) or the National Producer Number (NPN) are permitted. A student may not miss more than 15 percent of the course. Providers may set more stringent attendance requirements if they wish but they are to advise students in advance.
4. All classroom courses must have attendance verified through a Sign-in/Sign-out sheet with a door monitor or the instructor. Only students meeting minimum attendance requirements may receive course credit. The [Sign-in/Sign-out sheet](#) can be found at www.pearsonvue.com.
5. For classroom courses, credit for time spent on review quizzes or exams covering approved material will be provided only if immediate feedback or discussion is provided to the participants.
6. When instruction is provided to remote locations in a classroom setting (i.e., Group Webinars), providers must adhere to all General Program and Classroom Program requirements.

VIDEO AND AUDIO CONFERENCE PROGRAM REQUIREMENTS

In addition to the *General Program Requirements* and *Classroom Program Requirements*, the following Program Requirements must be strictly adhered to for video-conference programs:

1. Video conferences are classroom programs where there is no live instructor and a video of the course is played in a classroom setting.
2. Courses conducted as video conferences must be submitted as classroom courses, either single-session or provider-developed. An approved instructor must be available to respond to questions. A list of all locations must be submitted with the schedule and attendance must be monitored at all locations.
3. Providers must adhere to attendance procedures (i.e., **completing the Sign-in/Sign-out log sheet including the Time-in and Time-out for all students**) and strictly monitor each student's attendance and participation in the course. When assigning the student ID#, please note that ONLY the Virginia Insurance License Number ("VLN") or the National Producer Number ("NPN") are permitted. A student may not miss more than 15 percent of the course. Providers may set more stringent attendance requirements if they wish but they are to advise students in advance.

SELF-STUDY PROGRAM REQUIREMENTS

In addition to the *General Program Requirements* above, the *Self-Study Program Requirements* must be strictly adhered to for self-study programs:

1. Applications for self-study courses must include a copy of all materials that the student must study in order to pass the exam. The materials may be in the form of paper, CD, or other electronic medium. In addition, a word count, excluding glossaries, indexes, tables of contents and appendices, must be included. If the required materials and information are not included, the course may not be approved. A copy of one version of the exam shall be submitted with the course materials. All questions should be four-alternative, multiple-choice or completion format; use of true/false questions is prohibited.

A comprehensive final assessment (exam) may be given using the guidelines noted below:

Final Assessment (exam) Criteria:

- Minimum of 25 questions for courses of four hours or less and a score of 70 percent or greater.
- Minimum of 50 questions for courses that are five hours or more and a score of 70 percent or greater.

- At least enough questions to fashion a minimum of two versions with at least 50 percent of questions being new/different in each subsequent version.
- Inability to print the exam or to launch the exam prior to reviewing material.
- Proctor/monitor who verifies identity and processes certification testifying the student received no outside assistance.

See item 3 below for proctor requirements. Contact Pearson VUE if you have questions about who can proctor an exam.

2. Self-study courses must include a proctored examination to receive credit. The proposed exam must be approved at the time the course is approved. Providers must submit course materials with the application. Credit hours will be determined by the estimated time it will take the student to read the material, adjusted by the percentage of content that is acceptable for CE. Credit will be allowed only if the student passes the exam with a score of 70 percent or better.
3. Self-study examinations must be proctored in a manner approved by Pearson VUE. The proctoring process must ensure the paper and pencil examination will be completed by the student, on a closed-book basis, without assistance. The [Proctor Certification](#) must be completed by the proctor and submitted to the course provider by mail, email, or, facsimile transmission within seven calendar days of course completion.

It is the Provider's responsibility to check the information on the [Proctor Certification](#) and to make sure that agents are adhering to the rules for acceptable proctors. For example, if the last name of the Proctor and the agent are the same, the Provider should verify with the agent that the proctor is not a relative.

4. The [Student Certification](#) must be completed by the student and submitted to the course provider by mail, email, or facsimile transmission within seven calendar days of course completion.
5. Providers cannot report course completion until the provider is in receipt of the completed Student and Proctor Certifications. The provider is responsible for completing the course completion document and should not send a blank copy of the course completion document to students with the intention that they will complete this document after they have taken a course.
6. Exam length/duration for self-study courses approved for greater than eight credit hours will be reviewed by Pearson VUE to determine if the exam degree of difficulty and content is commensurate with the number of hours for which the course is approved.

ONLINE PROGRAM REQUIREMENTS

In addition to the *General Program Requirements* above, the following *Online Program Requirements* must be strictly adhered to for online programs:

1. Course applications shall include a copy of all materials that the student must study in order to pass course-relevant questions. **A copy of all the questions and a word count must be submitted with the course materials for approval.**

3. No provider may offer an online course whereby any course-relevant questions can be taken before the student has completed all relevant course work.
4. Passwords and security prompts shall be incorporated to validate the student's identity. Moreover, course-relevant questions are required to assure the student's active participation as outlined below.
5. Providers must structure courses so that they can establish that the licensed student has, in fact, registered for the course and the student has completed all relevant course work and the required questions.
6. In lieu of a final exam, course-relevant periodic questions may be inserted throughout the course material. A cumulative passing score of 70 percent or greater is required for the successful completion of the course.

Periodic Questions

COURSE SUBMISSIONS, APPROVALS, AND RENEWALS

Providers should review all *Program Requirements* for provisions applicable to course submissions, approvals, and renewals.

Changes to the Course Approval and Renewal Forms:

Providers must submit completed Application for Course Approvals directly online at www.VirginiaInsuranceCE.com using the Provider Services link to [Compliance Express](#).

A decision on course approval will be issued no later than 15 business days after receipt of your application and the appropriate fee. Course Approval Applications are available at www.VirginiaInsuranceCE.com.

There is an additional charge of \$50 to expedite the course approval process to ensure that the course review will be completed within three business days of the receipt of all materials and fees at the Pearson VUE office.

A course may not be advertised until the approval has been received in writing or is displayed on the Virginia Insurance CE website, www.VirginiaInsuranceCE.com.

Courses may be renewed for a renewal fee of \$35. Once a course is approved for the current biennium, courses may be renewed for two additional biennia immediately following the initial approval. Approximately 60 days prior to the end of each biennium, Pearson VUE will provide providers with notification of courses that are eligible for renewal. At that time, courses may be renewed electronically at www.VirginiaInsuranceCE.com.

The Board and Pearson VUE have identified the top reasons why courses are typically denied. The document can be found [here](#). Providers are encouraged to review it prior to submitting courses for approval.

COURSE COMPLETION CERTIFICATES AND ROSTER SUBMISSIONS

Providers must submit rosters of all course completions within 20 calendar days of the course offering for all Virginia licensees electronically. Any provider who consistently submits rosters late will be reported to the Board.

Providers will be required to submit the individual's last name and an identifier that is on file with the Virginia Bureau of Insurance. The identifier is either the Virginia Insurance license number or the National Producer Number.

The certificate must contain the name and identification of the student, the name and identification number of the course, the date(s) the course was held/course completion date, the number of credit hours completed by each student, and the name and identification number of the provider. Course completion certificates may be printed electronically at www.VirginiaInsuranceCE.com.

There is no provision for awarding partial credits. No credit will be given if a student misses more than 15 percent of the course under any circumstances.

INSTRUCTOR APPROVALS AND RENEWALS

Instructors must submit the completed form and payment online via [Compliance Express](#). Applications and payment are no longer accepted by mail. Please note that the instructor approval fee has been changed to \$30.

A [sample form](#) outlining the information needed as well as [detailed instructions](#) on how to complete the instructor application can be found in the back of this handbook.

A decision on instructor approval will be issued no later than 15 business days after receipt of the application and the \$30 fee. An instructor is approved for the biennium. Approximately 60 days prior to the end of each biennium, Pearson VUE will provide instructors with a notification of renewal. The renewal fee is \$15.

There is an additional charge of \$50 to expedite the instructor approval process to ensure that the review will be completed within three days of receipt.

The Board and Pearson VUE have identified the top reasons why instructors are typically denied. The document can be found [here](#). Instructors are encouraged to review it prior to submitting applications for approval.

AUDIT PROCEDURES

Representatives of Pearson VUE, and/or its designees, and members of the Virginia Insurance Continuing Education Board, and/or its designees, while acting in an official capacity, may audit any course, course material, instructors' presentation, and course record. **These audits may be announced or unannounced.** The current list of auditors can be found on the Board's website at www.VirginiaInsuranceCE.com.

Auditors shall not be hindered, obstructed, delayed, or interfered with while conducting or attempting to conduct an audit. Providers are expected to comply with the auditors request for information, including sign in/out sheets, content outlines, and other materials. Auditors will provide a copy of the Audit Authorization letter to the instructor. If the instructor has a concern about an auditor's credentials, they should contact Pearson VUE and explain their concern. Audits will be conducted in a manner that will minimize disruptions. Auditors may attend any course offered for the purpose of the audit without paying any fee. Providers are required to provide **immediate access** for online courses upon request from the Administrator or the Board without charge. The provider grants the Administrator and Board the right to audit and/or inspect course records at the premises of the provider or at the physical location of the records. Pearson VUE may also request course records, such as attendance records, for auditing purposes, which the provider shall provide forthwith. Such material may be requested at the time of the audit or after the audit has been conducted.

All records of enrollments, records of examination, student and proctor certifications, course records, and course rosters must be kept on file for the current biennium and the previous biennium.

Providers must keep Pearson VUE informed of changes in address, phone number, and contact persons.

Failure to strictly comply with all course program requirements, Virginia laws, or regulations by the State Corporation Commission may result in immediate suspension or termination of the provider's authorization to offer courses approved for Virginia continuing education.

Any course, provider, or instructor approvals given hereunder may be withdrawn, suspended, or revoked without liability of, or prejudice to, Pearson VUE and/or the Virginia Insurance Continuing Education Board.

The Board and Pearson VUE have identified the top audit violations. The document can be found [here](#). Providers are encouraged to review it.
