INTRODUCTION

This handbook is for candidates who want to be licensed as barbers in Pennsylvania. It describes the steps that you, the candidate, must follow to apply for and test. Please read this handbook in its entirety.

The Pennsylvania State Board of Barber Examiners has contracted with Pearson VUE to manage the application process, as well as create, score, and report the results of the Practical Skills Examination and the Theory Examination you must take to become licensed. The phone number and address of Pearson VUE are listed in the Quick Reference on the inside front cover of this handbook.

EXAM OVERVIEW

There are two examinations: the Practical Skills Examination and the Theory Examination. You must pass both examinations in order to be licensed. Candidates may take either exam first. There is no requirement to pass one before the other.

During the Practical Skills Examination you will be asked to perform randomly selected barber skills. You will be given two (2) hours to complete the skills. You will be rated on these skills by an evaluator. You must perform all of the skills correctly in order to pass the Practical Skills Examination. A complete listing of the skills is shown on pages 11 to 13.

You may take the Practical Skills Examination and the Theory Examination in any order. You have one year from the date of the first passed exam to pass the second exam.

The Theory Examination consists of multiple-choice questions and is available for all license types in English. Candidates can also take the Barber, Barber Endorsement, and Manager Barber theory examinations in Spanish. Content Outlines for the Theory examinations can be found on pages 8 to 9 in this handbook.

ELIGIBILITY

You must submit a License Application with supporting documentation and fees prior to being eligible to receive a temporary license and sit for the examinations.

ELIGIBILITY REQUIREMENTS

09 – BARBER

A candidate who wishes to obtain a barber license must pass a theory examination and a practical examination. Before taking these examinations, a candidate must:

• Successfully complete a 1,250-hour course of instruction in barbering in a licensed school (completed in not less than nine months) OR
• Successfully complete 1,250-hour course of instruction in a licensed barber shop under the supervision of a barber teacher or barber manager (completed in not less than nine months). AND
• Be at least 16 years old and have an 8th grade education or equivalent.

10 – BARBER TEACHER

A candidate who wishes to obtain a barber teacher license must pass a theory examination and a practical examination. Before taking these examinations, a candidate must:

• Be at least 23 years old and have a 12th grade education or equivalent. AND
• Successfully complete five years of experience as a licensed barber in a licensed shop in the Commonwealth of Pennsylvania (must attach a copy of current barber’s license). OR
• Hold a current barber manager license and have trained for 1,250 hours under a licensed teacher in a licensed barber school as teacher trainee (must attach a copy of current barber manager’s license).

• Hold a current, active barber license in a state where Pennsylvania does not have an agreement of reciprocity. AND
• Provide a certification of their license from the state in which they are licensed on official letterhead bearing the state seal. A copy of the license is not acceptable proof of licensure. NOTE: Verifications must be received directly from the state board, not from the applicant.

You must pay the application fee of $10 when you begin the application. You will also be required to mail a certified check or money order for processing the application and the exam fee of $140. If you fail to attach the required documents or fail to complete all required fields of the application your application will be considered incomplete and you will receive an e-mail notification.

If you completed the electronic application and all required documents and payments have been received, you will receive an ELIGIBILITY notice (from PALS) via e-mail, along with an APPROVAL TO TEST notice (from Pearson VUE) with instructions on how to schedule your examination. Requests for excused absences must be made in writing within fourteen (14) days following the day of the exam that you missed. This request must include proof of the reason you were absent. Pearson VUE’s decision regarding whether an absence is excused is final.

WEATHER EMERGENCIES

EXAM DAY

You MUST bring the following items with you both to the Practical Skills Examination AND the Theory Examination test site:

- Two (2) forms of current (unexpired) signature-bearing identification. (One MUST be photo-bearing, see list below). If you come to the test site without the proper ID, you will not be allowed to take the exam and you will lose your exam fee.

Required items to bring with you to the Practical test site:

- All equipment as detailed in the Supply List at www.pearsonvue.com/pa/cosmetology, including live models for Barbers.

Recommended items to bring with you to the Practical test site:

- The approval to test notice.

All exam questions, each form of the exam, and all other exam materials are copyrighted by and the property of Pearson VUE. Any distribution of the exam content or materials through any form of reproduction, or through oral or written communication, is strictly prohibited and punishable by law. Anyone who removes or tries to remove exam material or information from the test site will be prosecuted to the fullest extent of the law.

ACCEPTABLE FORMS OF CANDIDATE IDENTIFICATION

Candidates must present two (2) forms of current signature identification. The primary identification must be government-issued and photo-bearing with a signature, and the secondary identification must contain a valid signature. Identification must be in English.

PRIMARY ID (PHOTOGRAPH AND SIGNATURE, NOT EXPIRED)

- Government-issued Driver’s License
- U.S. Dept. of State Driver’s License
- U.S. Learner’s Permit (with photo and signature)
- National/State/Country ID card
- Passport
- Passport Card
- Military ID
- Military ID for spouses and dependents
- Alien Registration Card (Green Card, Permanent Resident Visa)
SECONDARY ID (SIGNATURE, NOT EXPIRED)
- U.S. Social Security card
- Debit (ATM) card
- Photo-bearing School ID
- Any form of ID on the Primary ID list

If the ID presented has an embedded signature that is not visible (microchip), or is difficult or impossible to read, the candidate must present another form of identification from the Primary ID or Secondary ID list that contains a visible signature.

Pearson VUE does not recognize grace periods. For example, if a candidate’s driver’s license expired yesterday and the state allows a 30-day grace period for renewing the ID, the ID is considered to be expired.

PALM VEIN RECOGNITION TECHNOLOGY
Candidates will be required to have their palm scanned using Palm Vein Recognition technology. Pearson VUE’s company-owned sites are equipped with advanced palm vein recognition technology, which captures and recognizes the unique patterns in a candidate’s palm veins using non-intrusive, near-infrared scanning technology.

New candidates are enrolled in the biometric system during their first test center admission; their identities are then automatically verified when candidates take and return from breaks, and again when they test in the future at any biometrically equipped location worldwide. Palm vein recognition is secure, privacy friendly, fast, highly accurate, and virtually impossible to forge, and has replaced digital fingerprinting to become the standard biometric technology for candidate identification.

TESTING POLICIES
The following policies are observed at each test center:

LATENESS
Arrive at the test center thirty (30) minutes before your scheduled examination starts. If you are late for your scheduled examination, or do not bring all of your required materials, you will NOT be allowed to test and your examination fee will NOT be returned (see Cancellation for more details).

ELECTRONIC DEVICES
Cellular phones, pagers or any other electronic devices are not permitted to be used and must be turned off during testing. There is no place for storage of personal belongings at the test centers.

PERSONAL BELONGINGS/STUDY AIDS
You are not permitted to take personal belongings such as briefcases, large bags, study materials, extra books or papers into the examination room. You are not permitted to eat, drink, or smoke during the examination.

MISCONDUCT

GUESTS/VISITORS
Guests, visitors, pets, interpreters, or children are NOT allowed at the test centers.
THE PRACTICAL SKILLS EXAMINATION

WHAT TO EXPECT

SETTING

The Practical Skills Examination is set up to resemble an actual hair salon or spa. The Practical Skills Examination area will look similar to your work setting. The Practical Skills Examination will be administered by an evaluator.

See pages 11-13 for the complete skills listing.

Please note: All set up and take down of supplies and equipment is included in the skill timeframe. Candidates will be allowed to set up mannequin stand and mannequin (unsectioned and uncombed) prior to the practical examination.

THE TASKS

The Practical Skills List contains all of the skills that you may be asked to demonstrate during the Practical Skills Examination. Each skill represents a task that you will be asked to perform in your job and has been broken down into a series of steps.

Before your Practical begins, the Evaluator will provide you the skill to be performed and any special instructions regarding that skill. Infection control and safety components will be evaluated throughout all skills and will also be one of the individual skills to be performed. The remaining skills are randomly chosen from the complete set of skills listings on pages 11-13 of this handbook.

If you make a mistake, raise your hand and the evaluator will approach you. Tell the evaluator what you missed, then demonstrate it and proceed with the rest of the skill. You will not have to redo the entire skill, just the steps you wish to correct. If you wish to correct an order-dependent step (a step stating that an action should be performed before or after another step) and you fail to say when the corrected step should be performed, you will not receive credit for the correction.

Once you begin a new skill, you may not go back to correct a previous skill. The Evaluator will not answer questions during the Practical Skills Examination and will not tell you whether you performed a skill correctly. You may not receive help from anyone during the Practical Skills Examination. If you do have any questions, please ask them before the Practical Skills Examination begins.

You must successfully complete all of the skills in the skill form to pass the Practical Skills Examination. If you fail the practical examination, the complete practical exam must be retaken.

TIPS FOR THE PRACTICAL SKILLS EXAMINATION

- You will be expected to perform the skills as you would in a work setting. When water is required in the instructions, you must use water. For all steps, you must actually perform the skill in order to receive credit. You may not simply tell the evaluator what you would do for simulating a step.
- In accordance with the Pennsylvania State Board of Barber Examiners, all bottles and containers in use shall be distinctly and correctly labeled to disclose their contents. All liquids, creams, and other preparations shall be kept in properly labeled, clean, and closed containers.
- All supplies used in the practical skill sets shall be distinctly labeled.
- You must bring your own equipment to the test site, as listed at the link below.
- Barber candidates will perform the haircut, shave, and facial on a live model. Chemical services will be performed on a mannequin.

VISIT HTTP://PEARSONVUE.COM/PA/COSMETOLOGY FOR PRACTICAL EXAMINATION EQUIPMENT LIST
THE THEORY EXAM

THEORY EXAM
When you arrive for your scheduled examination, you must show your two forms of signature identification. One MUST be a government-issued, unexpired, photo identification. In addition the names and signatures must match exactly. If you have had a name change since submitting your application, you MUST bring a copy of the official document affecting the name change (example: marriage certificate or divorce decree). If you fail to provide these documents you will be denied admission to the examination and you will be liable for all fees.

The theory examination will consist of multiple choice questions and “pretest” questions. (Pretest questions are questions on which information is being collected for use in making future exams. Your answers to pretest questions do not affect your score. Pretest questions are mixed in with the scored questions and are not identified.) The chart below identifies how many items you will see for both the general and state portion as well as the total time allotted for each examination.

**TEACHER PRACTICAL EXAMINATION CANDIDATE INSTRUCTIONS**

The Teacher practical examination will consist of two parts: 1) a Lecture evaluation, and 2) a Demonstration evaluation. Candidates will receive a letter from Pearson VUE with their assigned Lecture Topic and Demonstration Item based on the type of Teacher Practical Examination.

In the Lecture evaluation, you will present an oral lesson based on a topic that will be assigned to you. You must develop a step-by-step lesson plan for conducting a class using the appropriate principles of learning, motivation, presentation, application, and evaluation. The lecture requires the use of adequate instructional aids. In the Demonstration evaluation, you will perform a basic, field-related task as you would in a classroom. You will be evaluated according to procedure, technical skill content, and delivery. You must bring 4 hard copies of the lesson plan for the lecture and for the demonstration. These lesson plans along with any instructional materials and supplies used during the exam will be collected and retained by the evaluator at the end of the exam.

**LECTURE EVALUATION**

You will have 10 minutes to prepare for the lecture, and up to 50 minutes to execute it. In your introduction of material, you must clearly state an objective and a purpose, and explain the knowledge, skills, and abilities that students are to acquire within the context of the lesson.

You must demonstrate that you are clearly prepared to give the lecture. In order to accomplish this task, you must begin your lecture on time. The subject matter of the lesson must be clearly stated, accurate, presented in a linear fashion, and it must relate directly to the assigned topic. All necessary, relevant materials must be prepared in advance, and visual aids must be legible. You must not second-guess yourself as you are presenting the material.

As with any valuable lesson, you must discuss the theory of the subject and the practical application. At the conclusion of the lesson, you must summarize the subject. As a teacher would do in a classroom setting, you must describe some assessment methods that will be used to determine your students’ retention of the subject matter, and list several student assignments that will be used to reinforce subject matter.

**DEMONSTRATION EVALUATION**

You will have 10 minutes to prepare for the demonstration, and up to 50 minutes to execute it. You will be expected to perform techniques for teaching manipulative skills as you would in front of a classroom, discussing the steps of the procedure as you perform them. These skills will all be performed on mannequins, including sand hands, freddy fingers, or artificial limbs. Barbers require live models. Models must be at least 16 years of age, and must not be a Cosmetologist, Barber, Nail Technician, or Esthetician; and they may not be going to school for any of these professions. You may not communicate with them at the test site unless required by the skill. Teacher Practical Candidates will be evaluated on one of the following assigned demonstration items.

**BARBER TEACHER**

**MALE FACIAL**

You will be expected to demonstrate the male facial on a live model. As an introduction, you must list equipment, implements, cosmetics, and materials that are used during a male facial. You must demonstrate how the use equipment that may be unfamiliar to students, and demonstrate how to properly prepare a client to receive this service.

Before beginning the procedure, you must orally review the procedures for a quality male facial. Then, you must demonstrate the procedure while describing safety procedures that the students must follow. Discuss and demonstrate the correct procedures for draping, cleansing and preparing the skin and demonstrate the correct procedure for the application of appropriate cosmetics and supplies. Orally discuss the proper way to apply needed products such as cleanser and massage cream as you perform the demonstration. During the entire demonstration you must use and explain professional terminology in discussing all procedures.

In conclusion, you must review the proper use of implements, cosmetics, and materials, and explain appropriate procedures to follow in case of an accident. You will be expected to establish a set of criteria with which a quality facial can be judged.

During the demonstration, you must maintain sanitary conditions at all times.

**SHAVE**

You will be expected to demonstrate the correct form of a shave on a live model, using the application of shaving cream, steam towels and razor. As an introduction, you must list equipment, implements, cosmetics, and materials that are used during the shaving skill. You must demonstrate how to use equipment that may be unfamiliar to students, and demonstrate how to properly prepare a client to receive this service.

Before beginning the procedure, you must orally review the procedures for a quality shave. Then, you must demonstrate the procedure while describing safety procedures that the students must follow. Discuss and demonstrate the correct procedures for draping, cleansing and preparing the skin and demonstrate the correct procedure for the application of shave cream and steam towels. Discuss the proper hand manipulations to move the razor across the face and hold skin taut as you perform the demonstration, including fourteen (14) shaving movements using correct strokes in the proper order. You must also demonstrate how to do a complete shave on the face and neck in the direction of hair growth. During the entire demonstration you must use and explain professional terminology in discussing all procedures.

In conclusion, you must review the proper use of implements, cosmetics, and materials, and explain appropriate procedures to follow in case of an accident. And demonstrate the steps of Universal Safety Precautions. You will be expected to establish a set of criteria with which a quality shave can be judged.

During the demonstration, you must maintain sanitary conditions at all times.
Note: All candidates scheduled for a practical exam will be required to dress appropriately (business casual attire is recommended) and to wear a salon smock or apron during the examination. If the smock or apron has a school name on it, candidates are asked to ensure the school name is covered prior to coming to the test site and remains covered during the examination. If a candidate does not bring a smock or apron with them on the day of testing, they will not be allowed to test and will be required to reschedule their practical examination for a later date. **SCORE REPORTING**

Pearson VUE will provide you with your official examination results on the day of testing. If you lose your examination results and need to obtain another copy, please contact Pearson VUE at 866-638-7502. Examination results will not be given over the telephone nor can they be sent to your employer or to another third party.

You must successfully complete all of the skills in the skill form to pass the Practical Skills Examination. If you fail the practical examination, the complete practical exam must be retaken.

**EQUATING AND SCALING**

There are multiple versions of each of the licensing examinations. These versions are known as forms. Although all forms of an examination are developed based on the content outlines, the difficulty of the forms of an examination may vary slightly because different questions appear on each form. To ensure that no candidate is put at an unfair advantage or disadvantage due to the particular form of an examination that he or she is given, a statistical procedure known as equating is used to correct for differences in form difficulty.

For example, in an examination with two (2) forms, Form A and Form B, the state licensing agency determines that answering 30 questions correctly on Form A demonstrates the minimum amount of knowledge necessary to be licensed. It is further determined through the equating process that Form B contains slightly more difficult questions than Form A; therefore, answering 30 questions correctly on Form A would indicate the same level of knowledge as answering only 28 questions correctly on Form B. Under this set of circumstances, a score of 30 questions correct would be used as the passing score on Form A whereas a score of 28 questions correct would be used as the passing score on Form B.

A second statistical procedure known as scaling is used to derive the numerical score to report for each candidate. Scaling is used to place a raw score on a common reporting scale on which each scaled score represents a given level of knowledge regardless of the difficulty of the form on which the raw score was achieved.

To illustrate how scaling works, suppose that in the examination example used above, the state licensing agency decides to use a score of 500 as the passing score for reporting purposes. (Note that the score selected to be used as the reported passing score is not related to, and has no bearing on, the difficulty of the examination.) Based on the information provided above, a raw score of 30 on Form A would translate to a scaled score of 500; a raw score of 28 on Form B would also translate to a scaled score of 500 since a raw score of 30 on Form A represents the same level of knowledge as a raw score of 28 on Form B.

**SCALED SCORE**

The passing scores of the licensing examinations were set by the Pennsylvania State Board of Barber Examiners (in conjunction with Pearson VUE) after a comprehensive study was completed for each examination. Raw scores are converted into scaled scores that can range from 0 to 100. To avoid misuse of score information, numeric scores are only reported to failing candidates. The scaled score that is reported to you is neither the number of questions you answered correctly nor the percentage of questions you answered correctly. With a passing score of 75, any score below 75 indicates how close the candidate came to passing, rather than the actual number or percentage of questions the candidates answered correctly.

The Teacher Practical examination requires a passing score of 85% for both the lecture and the demonstration portion.

**PASSING**

After you have successfully passed both the Practical Skills Examination and the Theory Examination the state board will issue your license within 10-15 business days.

If you have not received your license in the mail within 10 business days of passing the examination, please contact Pearson VUE at 866-638-7502. If you have changed your address from the time you submitted your application, you must notify Pearson VUE prior to the printing of your license.

To verify whether or not a license has been issued, an applicant may search the State’s web site using the following link: www.licensepa.state.pa.us

**FAILING AND RETAKING AN EXAMINATION**

If you fail the Practical Skills Examination or the Theory Examination, your Score Report will provide you with information on how to re-take the examination. A new examination fee is required each time you re-take the examination.

To schedule a retake examination, contact the Pearson VUE reservation line at 866-638-7502. Reservations for reexamination cannot be made at the test center, and you must wait twenty-four (24) hours from your failed examination before making your reservation.
HOW TO READ A FAILING SCORE REPORT

If you do not pass the Practical Skills Examination, you will receive an official Failing Score Report. The score report will list the skills that you performed and a score of Satisfactory or Unsatisfactory for each skill. Any skill with an Unsatisfactory result is considered a failed skill. You must receive a Satisfactory result on all skills in order to pass the Practical.

Use your failing Score Report as an aid in studying to re-take the Practical Skills Examination. A failed skill will show the reason for the failure. You may not have performed the steps of a skill correctly, or you may have forgotten a step.

The failing Score Report will list steps that were missed or incorrect—look for numbers printed directly under a skill marked Unsatisfactory. A list of all the skills and the steps needed for each skill can be found in this handbook. Find the skill you failed and study the steps, especially steps listed as Unsatisfactory on the score report.

In the following example, the candidate received a result of Unsatisfactory on the skill Infection Control and Safety. The numbers 1, 2, and 4 below the skill refer to steps that were missed or performed incorrectly. To study for re-taking the Practical Skills Examination, this candidate should refer to the Practical Skills List in this handbook, and review all of the steps for the Infection Control and Safety skill, especially steps 1, 2, and 4.
