INTRODUCTION
This handbook is for candidates who want to be licensed as barbers in Pennsylvania. It describes the steps that you, the candidate, must follow to apply for and test. Please read this handbook in its entirety.
The Pennsylvania State Board of Barber Examiners has contracted with Pearson VUE to manage the application process, as well as create, score, and report the results of the Practical Skills Examination and the Theory Examination you must take to become licensed. The phone number and address of Pearson VUE are listed in the Quick Reference on the inside front cover of this handbook.

EXAM OVERVIEW
There are two examinations: the Practical Skills Examination and the Theory Examination. You must pass both examinations in order to be licensed. Candidates may take either exam first. There is no requirement to pass one before the other.
During the Practical Skills Examination you will be asked to perform randomly selected barber skills. You will be given two (2) hours to complete the skills. You will be rated on these skills by an evaluator. You must perform all of the skills correctly in order to pass the Practical Skills Examination. A complete listing of the skills is shown on pages 11 to 14.
You may take the Practical Skills Examination and the Theory Examination in any order. You have one year from the date of the first passed exam to pass the second exam.
The Theory Examination consists of multiple-choice questions and is available for all license types in English. Candidates can also take the Barber, Barber Endorsement, and Manager Barber theory examinations in Spanish. Content Outlines for the Theory examinations can be found on pages 9 to 10 in this handbook.

ELIGIBILITY
You must submit a License Application with supporting documentation and fees prior to being eligible to receive a temporary license and sit for the examinations.

ELIGIBILITY REQUIREMENTS

A candidate who wishes to obtain a barber license must pass a theory examination and a practical examination. Before taking these examinations, a candidate must:
• Successfully complete a 1,250-hour course of instruction in barbering in a licensed school (completed in not less than nine months) OR
• Successfully complete 1,250-hour course of instruction in a licensed barber shop under the supervision of a barber teacher or barber manager (completed in not less than nine months). AND
• Be at least 16 years old and have an 8th grade education or equivalent.

10 – BARBER TEACHER
A candidate who wishes to obtain a barber teacher license must pass a theory examination and a practical examination. Before taking these examinations, a candidate must:
• Be at least 23 years old and have a 12th grade education or equivalent. AND
• Successfully complete five years of experience as a licensed barber in a licensed shop in the Commonwealth of Pennsylvania (must attach a copy of current barber’s license). OR

• Hold a current, active barber license in a state where Pennsylvania does not have an agreement of reciprocity. AND
• Provide a certification of their license from the state in which they are licensed on official letterhead bearing the state seal. A copy of the license is not acceptable proof of licensure. NOTE: Verifications must be received directly from the state board, not from the applicant.

THE PRACTICAL SKILLS EXAMINATION

WHAT TO EXPECT

SETTING
The Practical Skills Examination is set up to resemble an actual hair salon or barber shop. The Practical Skills Examination area will look similar to your work setting. The Practical Skills Examination will be administered by an evaluator.

See pages 11-14 for the complete skills listing.

Please note: All set up and take down of supplies and equipment is included in the skill timeframe. Candidates will be allowed to set up mannequin stand and mannequin (unsectioned and uncombed) prior to the practical examination; and NO CELL PHONES, SMART WATCHES, OR ANY OTHER ELECTRONIC DEVICES are permitted in the practical exam site area during the entire duration of the exam – findings are subject to exam disqualification.

THE TASKS
The Practical Skills List contains all of the skills that you may be asked to demonstrate during the Practical Skills Examination. Each skill represents a task that you will be asked to perform in your job and has been broken down into a series of steps. Each skill should be considered a NEW SKILL, as if a new patron were seated in your chair.

Before your Practical begins, the Evaluator will provide you the skill to be performed and special instructions regarding that skill. Infection control and safety components will be evaluated throughout all skills and will also be one of the individual skills to be performed. The remaining skills are randomly chosen from the complete set of skills listings on pages 11-14 of this handbook.

If you make a mistake, raise your hand and the evaluator will approach you. Tell the evaluator what you missed, then demonstrate it and proceed with the rest of the skill. You may not go back to correct a previous skill. The Evaluator will not answer questions during the Practical Skills Examination and will not tell you whether you performed a skill correctly. You may not receive help from anyone during the Practical Skills Examination. If you do have any questions, please ask them before the Practical Skills Examination begins.

You must successfully complete all of the skills in the skill form to pass the Practical Skills Examination. If you fail the practical examination, the complete practical exam must be retaken.

TIPS FOR THE PRACTICAL SKILLS EXAMINATION

- You will be expected to perform the skills as you would in a work setting. When water is required in the instructions, you must use water. For all steps, you must actually perform the skill in order to receive credit. You may not simply tell the evaluator what you would do for simulating a step.
- In accordance with the Pennsylvania State Board of Barber Examiners, all bottles and containers in use shall be distinctly and correctly labeled to disclose their contents. All liquids, creams, and other preparations shall be kept in properly labeled, clean, and closed containers.
- All supplies used in the practical skill sets shall be distinctly labeled.
- You must bring your own equipment to the test site; you may not borrow equipment from another exam candidate. Please refer to Appendix B, Practical Skills Examination: Candidate Equipment List, or refer to: http://pearsonvue.com/pa/cosmetology for practical examination equipment list.

MODEL REQUIREMENTS
Barber candidates will perform the tapered haircut, shave, and facial on a live model. Chemical services and layered haircut will be performed on a mannequin.

Evaluators will ask the Models to sign a Model sign-in sheet when they arrive for testing.

When taking the Barber Practical Exam or Barber Instructor Practical Exam, you must bring 1 LIVE MODEL and 1 mannequin and stand and/or extender- pre-sectioned/pre-parted mannequins are prohibited. Models must be at least 16 years of age and cannot be a licensed Barber, or going to school for the profession. Model's hair must be at least 1” long on the top of the head and no less than 1/4” at the nape of the neck and sideburn area. The length must be sufficient for the barber to demonstrate a shear over comb tapered blend from the clippered area up to the longer hair on top; and the Model must have visible stubble on the face to perform the 14 stroke shave. If your model does not meet these requirements, you will not be permitted to test and you will forfeit your exam fees.
REQUIRED EQUIPMENT

Required Practical Skills Examination equipment includes:

4. First Aid Kit (must contain all required items including adhesive bandages, gauze or cotton wipes, antiseptic (Labeled: Antiseptic), and 2 small baggies (labeled: Biohazard)
5. Conventional Razor (required for the Honing and Stropping task)
6. Mannequin that is not pre-sectioned
7. Live model (that meets the requirements, refer to p. 7)
8. Smock or apron (and adhering to the dress code requirement – refer to pp. 11 & 16 for dress code requirement)
9. Clippers/Scissors

For a complete list of the practical skills examination equipment needed to complete the skills exam, please refer to:
1. Refer to Appendix B, Practical Skills Examination: Candidate Equipment List

NOTE: Ensure all supplies are labeled correctly and without a numbering system (numbering the supplies will be construed as cheating). You are required to have a First Aid kit as part of your supplies. If you arrive at the testing location without the required supplies, you risk disqualification and/or failure of your examination.

Evaluators will check to confirm the candidates have all required supplies and equipment prior to the start of the exam to prevent the distraction of having to disqualify a candidate during the exam.

THE THEORY EXAM

THEORY EXAM

When you arrive for your scheduled examination, you must show your two forms of signature identification. One MUST be a government-issued, unexpired, photo identification. In addition the names and signatures must match exactly. If you have had a name change since submitting your application, you MUST bring a copy of the official document affecting the name change (example: marriage certificate or divorce decree). If you fail to provide these documents you will be denied admission to the examination and you will be liable for all fees.

The theory examination will consist of multiple choice questions and “pretest” questions. (Pretest questions are questions on which information is being collected for use in making future exams. Your answers to pretest questions do not affect your score. Pretest questions are mixed in with the scored questions and are not identified.) The chart below identifies how many items you will see for both the general and state portion as well as the total time allotted for each examination.

If you give help to someone or receive help from anyone during the exam, you will be asked to leave the room immediately. The results will not be scored and the incident will be reported to the Pennsylvania State Board of Barber Examiners. Anyone who takes or tries to take materials or information from the testing room is subject to prosecution.

The theory examinations are offered in the following languages:

TEACHER PRACTICAL EXAMINATION CANDIDATE INSTRUCTIONS

The Teacher practical examination will consist of two parts: 1) a Lecture evaluation, and 2) a Demonstration evaluation. Candidates will receive a letter from Pearson VUE with their assigned Lecture Topic and Demonstration Item based on the type of Teacher Practical Examination.

In the Lecture evaluation, you will present an oral lesson based on a topic that will be assigned to you. You must develop a step-by-step lesson plan for conducting a class using the appropriate principles of learning, motivation, presentation, application, and evaluation. The lecture requires the use of adequate instructional aids. In the Demonstration evaluation, you will perform a basic, field-related task as you would in a classroom. You will be evaluated according to procedure, technical skill content, and delivery. You must bring 2 hard copies of the lesson plan for the lecture and for the demonstration. These lesson plans along with any instructional materials and supplies used during the exam will be collected and retained by the evaluator at the end of the exam.

LECTURE EVALUATION

You will have 10 minutes to prepare for the lecture, and up to 50 minutes to execute it. In your introduction of material, you must clearly state an objective and a purpose, and explain the knowledge, skills, and abilities that students are to acquire within the context of the lesson.

You must demonstrate that you are clearly prepared to give the lecture. In order to accomplish this task, you must begin your lecture on time. The subject matter of the lesson must be clearly stated, accurate, presented in a linear fashion, and it must relate directly to the assigned topic. All necessary, relevant materials must be prepared in advance, and visual aids must be legible. You must not second-guess yourself as you are presenting the material.

As with any valuable lesson, you must discuss the theory of the subject and the practical application. At the conclusion of the lesson, you must summarize the subject. As a teacher would do in a classroom setting, you must describe some assessment methods that will be used to determine your students’ retention of the subject matter, and list several student assignments that will be used to reinforce subject matter.

DEMONSTRATION EVALUATION

You will have 10 minutes to prepare for the demonstration, and up to 50 minutes to execute it. You will be expected to perform techniques for teaching manipulative skills as you would in front of a classroom, discussing the steps of the procedure as you perform them. Barbers require live models. Models must be at least 16 years of age, and must not be a Cosmetologist, Barber, or Barber Instructor; and they may not be going to school for any of these professions. You may not communicate with them at the test site unless required by the skill. Teacher Practical Candidates will be evaluated on one of the following assigned demonstration items.

BARBER TEACHER

MALE FACIAL

You will be expected to demonstrate the male facial on a live model. As an introduction, you must list equipment, implements, cosmetics, and materials that are used during a male facial. You must demonstrate how to use equipment that may be unfamiliar to students, and demonstrate how to properly prepare a client to receive this service.

Before beginning the procedure, you must orally review the procedures for a quality male facial. Then, you must demonstrate the procedure while describing safety procedures that the students must follow. Discuss and demonstrate the correct procedures for draping, cleansing and preparing the skin and demonstrate the correct procedure for the application of appropriate cosmetics and supplies. Orally discuss the proper way to apply needed products such as cleanser and massage cream as you perform the demonstration. During the entire demonstration you must use and explain professional terminology in discussing all procedures.

In conclusion, you must review the proper use of implements, cosmetics, and materials, and explain appropriate procedures to follow in case of an accident. You will be expected to establish a set of criteria with which a quality facial can be judged.

During the demonstration, you must maintain sanitary conditions at all times.

SHAVE

You will be expected to demonstrate the correct form of a shave on a live model, using the application of shaving cream, steam towels and razor. As an introduction, you must list equipment, implements, cosmetics, and materials that are used during the shaving skill. You must demonstrate how to use equipment that may be unfamiliar to students, and demonstrate how to properly prepare a client to receive this service.

Before beginning the procedure, you must orally review the procedures for a quality shave. Then, you must demonstrate the procedure while describing safety pro-
cedures that the students must follow. Discuss and demonstrate the correct procedures for draping, cleansing and preparing the skin and demonstrate the correct procedure for the application of shave cream and steam towels. Discuss the proper hand manipulations to move the razor across the face and hold skin taut as you perform the demonstration, including fourteen (14) shaving movements using correct strokes in the proper order. You must also demonstrate how to do a complete shave on the face and neck in the direction of hair growth. During the entire demonstration you must use and explain professional terminology in discussing all procedures.

In conclusion, you must review the proper use of implements, cosmetics, and materials, and explain appropriate procedures to follow in case of an accident. And demonstrate the steps of Universal Safety Precautions. You will be expected to establish a set of criteria with which a quality shave can be judged.

During the demonstration, you must maintain sanitary conditions at all times.

EQUATING AND SCALING
There are multiple versions of each of the licensing examinations. These versions are known as forms. Although all forms of an examination are developed based on the content outlines, the difficulty of the forms of an examination may vary slightly because different questions appear on each form. To ensure that no candidate is put at an unfair advantage or disadvantage due to the particular form of an examination that he or she is given, a statistical procedure known as equating is used to correct for differences in form difficulty.

For example, in an examination with two (2) forms, Form A and Form B, the state licensing agency determines that answering 30 questions correctly on Form A demonstrates the minimum amount of knowledge necessary to be licensed. It is further determined through the equating process that Form B contains slightly more difficult questions than Form A; therefore, answering 30 questions correctly on Form A would indicate the same level of knowledge as answering only 28 questions correctly on Form B. Under this set of circumstances, a score of 30 questions correct would be used as the passing score on Form A whereas a score of 28 questions correct would be used as the passing score on Form B.

A second statistical procedure known as scaling is used to derive the numerical score to report for each candidate. Scaling is used to place a raw score on a common reporting scale on which each scaled score represents a given level of knowledge regardless of the difficulty of the form on which the raw score was achieved.

To illustrate how scaling works, suppose that in the examination example used above, the state licensing agency decides to use a score of 500 as the passing score for reporting purposes. (Note that the score selected to be used as the reported passing score is not related to, and has no bearing on, the difficulty of the examination.) Based on the information provided above, a raw score of 30 on Form A would translate to a scaled score of 500; a raw score of 28 on Form B would also translate to a scaled score of 500 since a raw score of 30 on Form A represents the same level of knowledge as a raw score of 28 on Form B.

SCORE REPORTING
Score Reports for Practical examinations will be available on your Pearson VUE account 48-hours after testing. If Practical examination was failed, details of missed skills and steps will be sent via PALS.

You must successfully complete all of the skills in the skill form to pass the Practical Skills Examination. If you fail the practical examination, the complete practical exam must be retaken.
SCALED SCORE
The passing scores of the licensing examinations were set by the Pennsylvania State Board of Barber Examiners (in conjunction with Pearson VUE) after a comprehensive study was completed for each examination. Raw scores are converted into scaled scores that can range from 0 to 100. To avoid misuse of score information, numeric scores are only reported to failing candidates. The scaled score that is reported to you is neither the number of questions you answered correctly nor the percentage of questions you answered correctly. With a passing score of 75, any score below 75 indicates how close the candidate came to passing, rather than the actual number or percentage of questions the candidates answered correctly.
The Teacher Practical examination requires a passing score of 85% for both the lecture and the demonstration portion.

PASSING
After you have successfully passed both the Practical Skills Examination and the Theory Examination the state board will issue your license within 10-15 business days.
If you have not received your license in the mail within 10 business days of passing the examination, please contact Pearson VUE at 866-638-7502. If you have changed your address from the time you submitted your application, you must notify Pearson VUE prior to the printing of your license.
To verify whether or not a license has been issued, an applicant may search the State's web site using the following link: www.licensepa.state.pa.us

FAILING AND RETAKING AN EXAMINATION
If you fail the Practical Skills Examination or the Theory Examination, your Score Report will provide you with information on how to re-take the examination. A new examination fee is required each time you re-take the examination.
To schedule a retake examination, contact the Pearson VUE reservation line at 866-638-7502. Reservations for reexamination cannot be made at the test center, and you must wait twenty-four (24) hours from your failed examination before making your reservation.

HOW TO READ A FAILING SCORE REPORT
If you do not pass the Practical Skills Examination, you will receive an official Failing Score Report which will be available in your Pearson VUE online account 48 hours after testing. You must receive a Satisfactory result on all skills in order to pass the Practical.
A message will be sent from PALS that details missed steps or skills that resulted in unsatisfactory scores. Find the skill you failed and study the steps, especially steps listed as Unsatisfactory in your result details from PALS.
To study for re-taking the Practical Skills Examination, candidates should refer to the Practical Skills List in this handbook, and review all of the steps for the Infection Control and Safety skill, especially steps 1, 2, and 4.

DUPLICATE SCORE REPORT
Your score report can be viewed in your Pearson VUE online account. If you lose your Score Report or need a duplicate Score Report, complete the Request for Duplicate Score Report Form and mail it to Pearson VUE (see Appendix A). Duplicate Score Reports are only available for Theory Examinations.
All complaints regarding the practical examination MUST be submitted in writing directly from the candidate and should contain as much detail as possible. (NOTE: Complaints will not be accepted from any other person or entity without the express written permission of the candidate.) The complaint must be sent to practicalgrievance@pearson.com. All complaints are required to be submitted no more than 10 days after the examination.

Upon receipt of the complaint, Pearson VUE will acknowledge receipt and conduct an investigation. Within ten (10) business days of receipt of the complaint, the candidate will be emailed a response from Pearson VUE that will detail the outcome of the investigation and remedy, if any.

PLEASE NOTE: Oral complaints or complaints by parties other than the candidate will not be accepted. Once an investigation is completed and a final decision is made, Pearson VUE will consider the case closed.

Dress Code: All candidates scheduled for a practical exam will be required to dress appropriately (business casual attire is recommended) - no hats, ripped jeans, tanks or halter tops, shorts, and skirts must be to the knee or below. Candidates must have a clean, well-groomed appearance and wear a salon smock or apron that covers undergarments during the examination. If the smock or apron has a school name on it, candidates are asked to ensure the school name is covered prior to coming to the test site and remains covered during the examination. If a candidate does not bring a smock or apron with them on the day of testing, they will not be allowed to test and will be required to reschedule their practical examination for a later date. Fees will apply.

NOTE: Barber candidates will perform the tapered haircut, shave, and facial on a live model. Chemical services and layered haircuts will be performed on a mannequin. Each skill should be considered a NEW SKILL, as if a new patron were seated in your chair.

NOTE: Ensure all supplies are labeled correctly and without a numbering system (numbering the supplies will be construed as cheating). If you arrive at the testing location without the required supplies, you risk disqualification and/or failure of your examination.

Required equipment for the practical skills examination include:
- First Aid Kit
- Conventional Razor
- Mannequin (not pre-sectioned)
- Live Model
- Smock or Apron (meets dress code requirements)
- Clippers/Scissors
- Large separate container (Labeled: Soiled) (All items that are reusable go into this container after skill set)
- Clips

OTHER ITEMS TO BRING
- Plain colored smock or apron (Please note: Candidates will be disqualified from the exam if they do not have a smock or apron as defined.)
- Barbers must bring 1 live model and 1 mannequin (Presectioned/pre-parted mannequins are prohibited, and candidate will be disqualified)
- Mannequin stand and/or extender
- Small whisk broom and dustpan
- Instructor examinations: Barbers must bring a live model. Models must be at least 16 years of age and cannot be a licensed Barber, or going to school for the profession. Model’s hair must be at least 1” long on the top of the head and no less than 1/4” at the nape of the neck and sideburn area. The length must be sufficient for the barber to demonstrate a shear over comb tapered blend from the clippered area up to the longer hair on top. If your model does not meet these requirements, you will not be permitted to test and you will forfeit your fees. Model must have visible stubble on the face to perform the 14 stroke shave.
- Please Note: Candidates are expected to take home all of their blood borne pathogenic materials in their own trash.
