THE LICENSURE PROCESS

Licensure is the process by which an agency of state government or other jurisdiction grants permission to individuals to engage in the practice of a particular profession, vocation, or occupation, and prohibits all others from legally practicing that profession. By ensuring a minimum level of competence, the licensure process protects the general public. The state regulatory agency is responsible for establishing the acceptable level of safe practice and for determining whether an individual meets that standard.

The state of Texas has retained the services of Pearson VUE to develop and administer its insurance licensing examination program. Pearson VUE is a leading provider of assessment services to regulatory agencies and national associations.

TEXAS LICENSING REQUIREMENTS

LEGISLATIVE UPDATES

Please refer to the “News” on TDI’s Agent and Adjuster Licensing Office home page <http://www.tdi.texas.gov/licensing/agent/index.html>. This page provides the “Latest Updates” to new laws affecting continuing education requirements and the licensing process.

GENERAL LICENSE REQUIREMENTS

TDI will issue an insurance license to individuals who:

- Are at least eighteen (18) years old
- Have passed the proper licensing examination (if required) and submit a completed application within twelve (12) months after the exam is passed
- Submit a completed application with fee, and fingerprint receipt
- Met all applicable license requirements
- Have not committed an act for which a license may be denied, as defined under §4005.101 of the Texas Insurance Code and §1.502 of 28 Texas Administrative Code

LICENSE APPLICATIONS

Individuals who wish to apply for more than one license type must submit a separate application and fee for each type. Application license fees are non-transferable and non-refundable.

Resident applicants must submit a fingerprint receipt along with the application, unless a fingerprint receipt was previously submitted to TDI.

Non-resident applicants who do not hold a current license in good standing in their state of residence must, through the law enforcement agency of that state, submit a copy of their current criminal history records along with the completed application.

Candidates who must pass an examination must complete an electronic application at www.sircon.com/texas after the exam is passed. Candidates who must pass an examination for the following license types: Life and Health Counselor, Insurance Service Representative, Risk Manager, and Public Insurance Adjuster must complete the Texas Department of Insurance Application FIN506 located at <http://www.tdi.texas.gov/forms/form11apps.html> after the exam is passed

Candidates who do not submit a completed license application within (12) months of passing the examination must retake the examination.

Candidates who are not required to take an examination, must submit a separate TDI application FIN506 directly to TDI. This application is available at <http://www.tdi.texas.gov/forms/form11apps.html>.

APPLICATION FEES

The license application fee is \$50 per license type. Application fees are non-refundable and non-transferable.

LICENSED NON-RESIDENTS

Non-resident applicants who hold a license in good standing in their resident state that provides the same or similar authority as the Texas license sought, and whose state of residence grants non-resident licenses to Texas residents on a reciprocal basis are not required to take the examination. These applicants must submit an electronic application as directed at www.sircon.com/texas.

PREVIOUSLY LICENSED NEW RESIDENT APPLICANTS

New Texas residents who have held insurance licenses in another state within the last five (5) years and who wish to apply for licensure in Texas must meet all license requirements and must also submit a Letter of Clearance from the previous home state's insurance commission. (Photocopies of this letter are acceptable.) A Producer Database printout showing the termination of a license in the applicant's resident state(s) can take the place of a Letter of Clearance. Applicants (if an examination is required) must submit an electronic application through www.sircon.com/texas and Letter of Clearance after the exam is passed. New Texas resident applicants who have held the same or similar insurance license in their previous resident state within the 90-day period preceding the Texas application are not required to pass the examination. Such applicants must submit an electronic application through Sircon at www.sircon.com/texas, fingerprints, and a Letter of Clearance showing that the applicant held the same or similar license in their previous resident state within the past 90 days.

TEMPORARY LICENSES

Life Agent, Personal Lines Property and Casualty, General Lines, and Limited Lines applicants may receive a temporary, 90-day license before they pass the required examination if their sponsoring company, agent or agency requests it and if they are otherwise eligible. This temporary license may not be renewed.

Applications for temporary licensure must be sent to Texas Department of Insurance. The application form FIN506 is available at <http://www.tdi.texas.gov/forms/form11apps.html>. Faxed applications are not permitted. The applicant must complete forty (40) hours of training provided by the appointing insurance company or general lines agent/agency (as required in the Texas Insurance Code, §4001.160) within thirty (30) days of the date of license application. The applicant will receive a permanent license after he/she passes the examination and is approved by TDI. The exam must be passed within 90 day license period. Those who fail the examination need not submit a new license application if the temporary license is still active, but will be required to pay another examination fee to retake the examination. If the temporary license is expired, the applicant will need to file an electronic application after the exam is passed.

Companies, agents, and agencies may apply for a maximum of 500 temporary license holders each calendar year. At least 70% of those licensed must take the examination, and at least 50% of those must pass the examination.

A SubAgent is an agent that has been appointed by a General Life, Accident and Health Agent, Life insurance Agent, General Property and Casualty Agent or Personal Lines Property and Casualty Agent that is appointed by an insurer authorized to engage in the business of Insurance in Texas. Appropriate forms and instructions can be obtained from TDI by phone or on the web (<http://www.tdi.texas.gov>).

RENEWING A LICENSE

Individual licenses are typically valid for two (2) years. TDI will send licensees one renewal notice for each license type they possess, listing the expiration date and renewal fees.

Renewal notices are mailed to each licensee's last known mailing address 90 days prior to the license's expiration date.

You may renew online:

- at Texas Online (all license types)
- at Sircon for States (some license types)
- at National Insurance Producer Registry (some license types)

You may also renew your license by mail, by following the instructions printed on the official renewal notice. If you need a copy of your renewal notice, please email License@tdi.texas.gov or call the Agent and Adjuster Licensing Office at (512) 676-6500.

NOTE: Texas licensees requiring continuing education must be CE Compliant and have paid any outstanding fines in order to renew a license(s).

Late Renewals

The renewal amount must be paid on or before the license expiration date in order to avoid a late fee. If your license has been expired for:

- **Less than 90 days**, you may renew the license as above, with an additional late fee that is equal to one-half of the renewal fee.
- **More than 90 days but less than one year**, you may not renew the license, but may obtain a new license without taking the applicable examination by submitting to TDI a new license application form FIN506, the license fee, *and* an additional fee equal to one-half the license fee.
- **Licensees whose licenses have been expired for more than one (1) year** may not renew the license, but must follow the procedures for obtaining a new license by following the reinstatement process.
- **Refer to the Legislative changes** mentioned above regarding CE requirement changes with regards to renewals. Texas licensees requiring continuing education must be CE Compliant and have paid any outstanding fines in order to renew a license(s) or reinstate a license.

Applicants who are exempt from examination must submit to TDI the TDI license application form FIN506 along with documentation. The TDI application form FIN506 is available at the agent forms page of <http://www.tdi.texas.gov/forms/form11apps.html>.

The contract you propose to use must be submitted with the original PIA license application or renewal application. Please review your proposed contract to insure compliance with all contract requirements as outlined in the TAC. Form FIN 535, developed by the department, contains the required standard contract language. You may view this form on the TDI web site (<http://www.tdi.texas.gov/forms/form11.html>). You may choose to use the standard Form FIN 535 or you may develop your own contract language that complies with the requirements in TAC. Please confirm that you will use the standard Form FIN 535 or attach your proposed contract to your application for license or renewal and return.

The failure by a Public Insurance Adjuster to use a properly authorized and approved contract may result in suspension, nonrenewal, revocation of the adjuster's license, or other administrative penalty (ref. TAC§19.708 (f)).

CONTINUING EDUCATION (CE)

Most licenses require 24 hours of continuing education every two years. Limited lines, County Mutual, and Life Insurance Not Exceeding \$25,000 need 10 hours every two years.

- Some license types require specific topics to be included.
- Two hours must be ethics-related.
- At least half of the hours must take place in a classroom

Exemptions and extensions from the requirements are possible, and are described in the Texas Administrative Code, § 19.1004. Details are available on the Agent and adjuster licensing page of the TDI website, <http://www.tdi.texas.gov/agent/index.html> by clicking on your license type.

Continuing Education (CE) – Auto Fines

Refer to 28 Texas Administrative Code §19.1016.

Please refer to the “News” on TDI’s Agent and Adjuster Licensing Office home page <http://www.tdi.texas.gov/licensing/agent/index.html>.

Make sure your CE is complete by your renewal date to renew your license *and avoid the fines associated with delinquent CE*.

Starting in June, to renew an agent license in Texas, you must:

- Complete your continuing education requirements.
- Pay any fines or fees that are due.

How can I check my credits?

- **To check how many credits you need:** Visit the TDI website at <http://www.tdi.texas.gov> and click on the type of license you have to learn how many hours are required.
- **To check how many credits you have:** Visit the Sircon website at www.sircon.com. If some of your credits are missing, contact the course provider. Or, send a copy of the certificate of completion and an explanation to CE@tdi.texas.gov or fax it to (512) 409-1054.

How can I resolve a continuing education deficiency?

There are several options:

- **Pay your fine:** There is a \$50 fine for each hour not completed by your renewal date, up to \$500 maximum per license. To pay the fine, send your payment with the CE Automatic Fine Payment Voucher.
- **Apply for an exemption:** If you have been license for 20 years or more, you may qualify for a continuing education exemption. To apply, go to Sircon and lick on “Request CE Exemption.”
- **Request an extension:** You may be able to apply for an extension due to a medical issue, military duty, or other circumstances beyond your control.

If you do not complete your CE, pay your fine, and renew your license within 90 days of the date it expires, your license will be canceled. You will have to reapply to get a new license.

OBTAINING ADDITIONAL APPOINTMENTS

If an agent wishes to represent additional insurers, each company must file a notice of appointment with TDI no later than the 30th day after the agent begins representing the company. The appointment may be submitted electronically through www.nipr.com or www.sircon.com. The agent may sell only insurance lines for which he/she holds a license.

Some agents may be appointed as a subagent. See *Subagents* on page 3 for more information. The agent of agency must submit a notice of appointment on a FIN501 form to appoint a subagent.

Important: A \$10 dollar fee is required for each additional company or subagent appointment. A temporary licensee may not obtain additional appointments.

CHANGE OF ADDRESS

The license application must include the candidate's resident, mailing, and primary business address (the resident and business addresses must not be a post office box). TDI must be notified in writing within 30 days if either address changes. Refer to The Texas Insurance Code §4001.252. Failure to do so may result in disciplinary action. Refer to The Texas Insurance Code §4005.109. Address changes may be done conveniently through NIPR's Contact Change Request application; at <http://www.nipr.com/> OR through Sircon for States' Producer Edge application; at www.sircon.com/Texas. The address change form, FIN533 (should only be submitted if it is an out of state change), can be found in the agent section of www.tdi.texas.gov on our *Information Update Forms* page at <http://www.tdi.texas.gov/forms/form11update.html>. You can fax your change request to TDI at (512) 490-1029 or email the request to License@tdi.texas.gov.

Change of Residency to Texas

An individual changing the residency status on their Texas nonresident license to a Texas residency license, must submit a APPLICATION FOR RESIDENCY CHANGE TO TEXAS (TDI Form FIN594) AND attach a Letter of Clearance from their previous resident state to TDI for consideration. There is also a Fingerprint requirement, see application for details.

Applications will not be processed until proper documentation or details are received and a review is completed. Failure to disclose criminal history information may result in denial of license. If you are in your 90 day late renewal period, you must renew your non-resident license with the Texas Department of Insurance, prior to submitting the TDI Form FIN594.

NOTE

MorphoTrust schedules all electronic fingerprint appointments. You must contact Pearson VUE in order to register and schedule an examination appointment, if required.

FINGERPRINT AND CRIMINAL HISTORY REQUIREMENTS

All Texas resident applicants, and Adjuster (Designated Home State), and all nonresident public insurance adjuster applicants must submit fingerprints as part of the license application unless the applicant already submitted fingerprints to TDI for another license or registration and that license or registration is still active. Applicants claiming exemption from the fingerprint requirements based on 28 TAC §1.504(b) must provide information on the type of license application or TDI filing with which the fingerprints were submitted and the date the fingerprints were submitted to TDI. Fingerprints provided for an application will be used to check criminal history records of the Texas Department of Public Safety (DPS) and the Federal Bureau of Investigation (FBI), in accordance with applicable statutes.

If you are required to provide fingerprints, your application will not be processed until TDI receives your criminal history reports from the DPS and the FBI. TDI strongly encourages all applicants to use the electronic fingerprinting process. Electronic fingerprinting is fast and accurate, and in most cases will avoid potential delays in the processing of applications.

All fingerprints taken for TDI at MorphoTrust locations are electronically transmitted to the DPS and the FBI for criminal history background checks. The fingerprint requirement is authorized in TIC §§801.056, §§4001.103, and by 28 TAC §1.501 and §1.503 – 1.509.

Applicants claiming exemption from the fingerprint requirement based on 28 TAC §1.504(b) must provide information on the type of license application or TDI filing with which the fingerprints were submitted and the date the fingerprints were submitted to TDI.

Please print out and review the following instructions, if you are required to submit fingerprints: <http://www.tdi.texas.gov/licensing/agent/documents/fpinstructions.pdf>.

TDI cannot complete processing an application until it receives a criminal history report from the DPS and the FBI for applicants required to provide a fingerprint receipt.

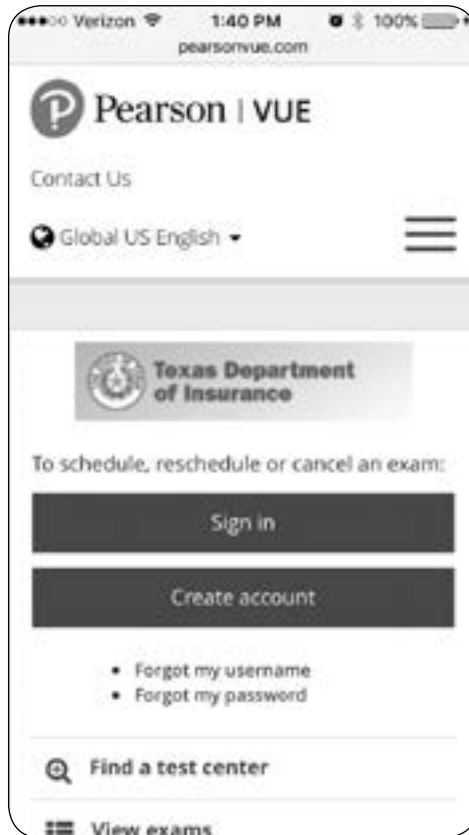

The MorphoTrust receipt obtained from the fingerprinting process, <http://www.tdi.texas.gov/licensing/agent/documents/fpinstructions.pdf>, must be attached to any completed paper application submissions, at the time it is mailed to DataStream Technologies.

Vouchers

Vouchers offer another convenient way to pay for tests. Vouchers can be purchased online at www.pearsonvue.com/vouchers/pricelist/txins.asp by credit card either singly or in volume. To redeem a voucher as payment when scheduling a test, simply indicate voucher as the payment method and provide the voucher number. **All vouchers are pre-paid. Vouchers are non-refundable and non-returnable. Do not send any exam fees to DataStream Technologies.**

Vouchers expire twelve (12) months from the date they are issued. Voucher expiration dates cannot be extended. The exam must be taken by the expiration date printed on the voucher.

CHANGE/CANCEL POLICY

Candidates should call (888) 754-7667 at least forty-eight (48) hours before the examination to change or cancel a reservation. **Candidates who change or cancel a reservation with proper notice may either transfer the fee to a new reservation, or may request a refund.** Candidates who change or cancel their reservations without proper notice will forfeit the examination fee. Refunds for credit/debit cards are immediate, while refunds for electronic checks and vouchers will be processed in two to three (2-3) weeks.

Candidates are individually liable for the full amount of the examination fee once a reservation has been made, whether **paid** individually or by a third party.

ABSENCE/LATENESS POLICY

Candidates who are late to or absent from an examination may be excused for the following reasons:

- Illness of the candidate or that of the candidate's immediate family member
- Death in the immediate family
- Disabling traffic accident
- Court appearance or jury duty
- Military duty
- Weather emergency

Candidates who are absent from or late to an examination and have not changed or canceled the reservation according to *Change/Cancel Policy* will not be admitted to the examination and will forfeit the examination fee. Written verification and supporting documentation for excused absences must be submitted to Pearson VUE within fourteen (14) days of the original examination date. Written verification and supporting documentation can be sent by fax to (888) 204-6291 or mailed to the following address:

WEATHER DELAYS AND CANCELLATIONS

If severe weather or a natural disaster makes the Pearson VUE test center inaccessible or unsafe, the examination may be delayed or canceled. Pearson VUE will notify and reschedule candidates in the case of severe weather.

ACCOMMODATIONS

Pearson VUE complies with the provisions of the Americans with Disabilities Act as amended. The purpose of accommodations is to provide candidates with full access to the test. Accommodations are not a guarantee of improved performance or test completion. Pearson VUE provides reasonable and appropriate accommodations to individuals with documented disabilities who demonstrate a need for accommodations.

Test accommodations may include things such as:

- A separate testing room
- Extra testing time
- A Reader or Recorder, for individuals with mobility or vision impairments and cannot read or write on their own

Test accommodations are individualized and considered on a case-by-case basis. All candidates who are requesting accommodations because of a disability must provide appropriate documentation of their condition and how it is expected to affect their ability to take the test under standard conditions. This may include:

- Supporting documentation from the professional who diagnosed the condition, including the credentials that qualify the professional to make this diagnosis
- A description of past accommodations the candidate has received

The steps to follow when requesting test accommodations vary, depending on your test program sponsor. To begin, go to <http://pearsonvue.com/accommodations>, and then select your test program sponsor from the alphabetized list. Candidates who have additional questions concerning test accommodations may contact the ADA Coordinator at accommodationspearsonvue@pearson.com.

English as a Second Language (ESL)

Candidates for whom English is a second language (ESL) may request additional time for the examination by sending the *English as a Second Language (ESL) Request Form* (found in the back of this Candidate Handbook) to Pearson VUE. Candidates **MUST** include a letter from either his/her English instructor or sponsoring company (on official letterhead if from a company) stating that English is not the candidate's primary language.

Candidates should not attempt to make a reservation until after they have been notified by Pearson VUE via email that their request for additional time has been approved. The length of the examination will be equal to 1-1/2 times the length of the examination. For example, a 2 hour examination will be extended to 3 hours. **NOTE: NO OTHER accommodations will be granted for ESL, i.e. separate testing room, reader, marker, etc.** These accommodations are for individuals who qualify under the American's with Disability Act (ADA) only.

Candidates who have additional questions about ESL examinations should contact the Special Examination Coordinator at (800) 466-0450.

Candidates should NOT attempt to make an examination reservation until after they have been notified by Pearson VUE that their request for additional time has been approved.

The approval of additional time will be for one (1) year from the date of the request for the level you have requested. Candidates who have additional questions about ESL examinations should contact the Special Examination Coordinator at (800) 466-0450.

Candidates who need to reschedule or need to retest should notify Pearson VUE Special Accommodations that special arrangements were used for the prior examination.

Spanish Exams

Spanish versions of the examinations are available. Candidates who would like to take an examination in Spanish should indicate this when they contact Pearson VUE when making a reservation. However, candidates taking a Spanish version of the exam can switch back and forth between Spanish and English at any time during the exam.

EXAM DAY OR FINGERPRINT DAY

WHAT TO BRING

Required Materials

All candidates are required to bring identification that is deemed acceptable, listed under *Acceptable Forms of Candidate Identification*, to the test center on the day of examination.

REQUIRED ITEMS

Candidates who do not present the required items will be denied admission to the examination, will be considered absent, and will forfeit the examination fee.

Acceptable Forms of Candidate Identification

Candidate must present **two (2)** forms of current signature identification. The name on the identification must exactly match the name on the registration. The primary identification must be government issued, photo-bearing with a signature and the secondary identification must contain a valid signature. Identification must be in English.

Primary ID (photograph, and signature, not expired)

- Government-issued Driver's License
- U.S. Dept of State Drivers License
- U.S. Learner's Permit (plastic card only with photo and signature)
- National/State/Country Identification Card
- Passport
- Passport cards
- Military ID
- Military ID for spouses and dependents
- Alien Registration Card (Green Card, Permanent Resident Visa)

Secondary ID (signature, not expired)

- U.S. Social Security Card
- Debit (ATM) Card or Credit card
- Any form of ID on the Primary list

If the ID presented has an embedded signature that is not visible (microchip), or is difficult or impossible to read, the candidate must present another form of identification from the Primary ID or Secondary ID list that contains a visible signature.

Pearson VUE does not recognize grace periods. For example, if a candidate's driver's license expired yesterday and the state allows a 30-day grace period for renewing the ID, the ID is considered to be expired.

EXAM PROCEDURES

Candidates should report to the test center thirty (30) minutes before the examination and check in with the test center administrator. The candidate's identification and other documentation will be reviewed and they will be photographed for the score report.

If the *Candidate Rules Agreement* is not followed and/or cheating or tampering with the examination is suspected it will be reported as such, and the appropriate action will be taken. The examination fee will not be refunded, the exam may be determined invalid, and/or the state may take further action such as prohibiting candidates from retaking the examination and/or denying a license.

Candidates will have an opportunity to take a tutorial on the PC on which the examination will be administered. The time spent on this tutorial will not reduce the examination time. The examination administrators will answer questions, but candidates should be aware that the administrators are not familiar with the content of the examinations or with the state's licensing requirements. Examination administrators have been instructed not to advise candidates on requirements for licensure.

Once candidates are familiar with the PC, they may begin the examination. The examination begins the moment a candidate looks at the first examination question. The time allotted for each examination is detailed on page 17 of this handbook. After the examination time has expired, the examination will automatically end. Candidates will leave the test center with their official scores in hand.

EXAMINATION QUESTIONS

All examination questions, each form of the examination, and any other examination materials are copyrighted and are the property of Pearson VUE. Consequently, any distribution of the examination content or materials through any form of reproduction or oral or written communication is strictly prohibited and punishable by law.

ABOUT THE EXAM

The content of the general examination is based upon information obtained from a job analysis performed by Pearson VUE. Responses from insurance professionals were analyzed to determine the nature and scope of tasks they perform and the knowledge and skills needed to perform them. This information is the basis upon which examination questions are written and ensures that examinations reflect the practice of insurance. The examination has been developed to reflect the laws, statutes, rules and regulations for the practice of insurance in Texas, and has been reviewed and approved by Texas Insurance professionals.

Each major lines examination is given in a multiple-choice format and consists of two parts. The general section deals with basic insurance product knowledge. The state section deals with insurance laws, rules, regulations, and practices that are unique to Texas. The score from the exam is not based on each part separately, but each exam as a whole.

The passing score for the examination is determined by the Texas Department of Insurance. Through standardization and control, Pearson VUE ensures that no individual has an unfair disadvantage or advantage because of a particular examination format.

PRETEST QUESTIONS

Many of the examinations will contain “pretest” questions. Pretest questions are questions on which statistical information is being collected for use in constructing future examinations. Responses to pretest questions do not affect a candidate’s score. Pretest questions are mixed in with the scored questions and are not identified.

The number of pretest questions are listed in the content outline heading of each examination for which they are available. If a number is not present then there are no pretest questions for that particular examination.

RETAKE POLICY

A candidate who failed can schedule for a new exam within one day; there is no limit to the number of attempts a candidate can make on the same exam.

EXAM SECURITY

Pearson VUE maintains examination administration and examination security standards designed to ensure that all candidates are given the same opportunity to demonstrate their abilities and to prevent some candidates from gaining an unfair advantage over others because of testing irregularities or misconduct. Pearson VUE routinely reviews irregularities and examination scores believed to be earned under unusual or nonstandard circumstances.

Pearson VUE maintains the right to question any examination score whose validity is in doubt because the score may have been obtained unfairly. Pearson VUE first undertakes a confidential review of the circumstances contributing to the questions about score validity. If there is sufficient cause to question the score, Pearson VUE will refer the matter to the Texas Department of Insurance, which will make the final decision on whether or not to cancel the score.

The performance of all candidates is monitored and may be analyzed statistically for the purpose of detecting and verifying fraud. If it is determined that a score has questionable validity, the Insurance Department will be so notified and will determine whether the candidate’s scores will be released.

SCORE EXPLANATION

Equating and Scaling

There are multiple versions of each of the licensing examinations. These versions are known as *forms*. Although all forms of an examination are developed based on the content outlines, the difficulty of the forms of an examination may vary slightly because different questions appear on each form. To ensure that no candidate is put at an unfair advantage or disadvantage due to the particular form of an examination that he or she is given, a statistical procedure known as *equating* is used to correct for differences in form difficulty.

For example, in an examination with two (2) forms, Form A and Form B, the state licensing agency determines that answering 30 questions correctly on Form A demonstrates the minimum amount of knowledge necessary to be licensed. It is further determined through the equating process that Form B contains slightly more difficult questions than Form A; therefore, answering 30 questions correctly on Form A would indicate the same level of knowledge as answering only 28 questions correctly on Form B. Under this set of circumstances, a score of 30 questions correct would be used as the passing score on Form A whereas a score of 28 questions correct would be used as the passing score on Form B.

A second statistical procedure known as *scaling* is used to derive the numerical score to report for each candidate. Scaling is used to place a raw score on a common reporting scale on which each scaled score represents a given level of knowledge regardless of the difficulty of the form on which the *raw score* was achieved.

To illustrate how scaling works, suppose that in the examination example used above, the state licensing agency decides to use a score of 500 as the passing score for reporting purposes. (Note that the score selected to be used as the reported passing score is not related to, and has no bearing on, the difficulty of the examination.) Based on the information provided above, a raw score of 30 on Form A would translate to a scaled score of 500; a raw score of 28 on Form B would also translate to a scaled score of 500 since a raw score of 30 on Form A represents the same level of knowledge as a raw score of 28 on Form B.

Scaled Score

The passing score of an examination was set by the Texas Department of Insurance (in conjunction with Pearson VUE) after a comprehensive study was completed for each examination. Raw scores are converted into scaled scores that can range from 0 to 100. The scaled score that is reported to you is neither the number of questions you answered correctly nor the percentage of questions you answered correctly. With a passing score of 70, any score below 70 indicates how close the candidate came to passing, rather than the actual number or percentage of questions the candidates answered correctly.

DUPLICATE SCORE REPORTS

Candidates may request a duplicate score report from Pearson VUE by completing the form in the back of this handbook or email request to pearsonvuecustomerservice@pearson.com. There is no fee for this service.

QUESTIONS OR COMMENTS ABOUT THE EXAM

For security reasons, examination material is not available to candidates for review. Candidates who have questions, comments, or concerns related to the exams, scoring or score reports, or who wish to verify any data held in Pearson VUE files, should direct written inquiries to Pearson VUE at the address provided on the inside front cover of this handbook. Candidates may also email their questions directly to Pearson VUE Customer Service at pearsonvuecustomerservice@pearson.com.

In all correspondence, candidates should provide their name and address information. If questions or comments concern an examination already taken, candidates should also include:

- the name of the examination
- the date the examination was taken
- the location of the test center

TEST CENTER POLICIES

The following policies are observed at each test center. **Candidates who violate any of these policies will not be permitted to finish the examination and will be dismissed from the test center, forfeiting the examination fee.**

- **No personal items are allowed in the testing room.** Personal items include but are not limited to: cellular phones, hand-held computers or other electronic devices, pagers, watches, wallets, purses, firearms or other weapons, hats, bags, coats, books, and/or notes, pens or pencils.
- **Calculators are permitted only if they are silent, hand-held, nonprinting, and without an alphabetic key pad.** Financial calculators are not permitted. Calculator malfunctions are not grounds for challenging examination results or requesting additional examination time. **NOTE: Calculators are NOT provided by the test center staff.**
- Candidates must store all personal items in a secure area as indicated by the administrator, or return items to their vehicle. All electronic devices must be turned off before storing them in a locker. **The test center is not responsible for lost, stolen or misplaced personal items.**
- Studying **is not** allowed in the test center. Visitors, children, family or friends **are not** allowed in the test center.
- Dictionaries, books, papers (including scratch paper), and reference materials are not permitted in the examination room (unless permitted by the exam sponsor), and candidates are strongly urged not to bring such materials to the test center. Upon entering and being seated in the testing room, the test administrator will provide the candidate with materials to make notes or calculations and any other items specified by the exam sponsor. **The candidate may not write on these items before the exam begins or remove these items from the testing room.**
- Eating, drinking, or chewing gum, smoking and/or making noise that creates a disturbance for other candidates is prohibited during the exam.
- Break policies are established by the exam sponsor. Most sponsors allow unscheduled breaks. To request an unscheduled break, the candidate **must** raise their hand to get the administrator's attention. **The exam clock will not stop while the candidate is taking a break.**
- Candidates must leave the testing room for all breaks. However, candidates **are not permitted to leave the floor or building for any reason during this time, unless specified by the administrator and the exam sponsor.** If a candidate is discovered to have left the floor or building they will not be permitted to proceed with the examination and may forfeit the exam fees.
- While taking a break, candidates are permitted to access personal items that are being stored during the exam only if necessary—for example, personal medication that must be taken at a specific time. **However, a candidate must receive permission from the administrator prior to accessing personal items that have been stored.** Candidates are **not** allowed access to other items, including but not limited to, cellular phones, exam notes and study guides, unless the exam sponsor specifically permits this.
- Any candidate discovered causing a disturbance of any kind or engaging in any kind of misconduct—giving or receiving help; using notes, books, or other aids; taking part in an act of impersonation; or removing examination materials or notes from the examination room—will be summarily dismissed from the examination and will be reported to the state licensing agency. Decisions regarding disciplinary measures are the responsibility of the state licensing agency.

HOW TO PREPARE FOR THE EXAM

Examination scores are based on the number of questions answered correctly. Candidates who are uncertain about the correct answer to a question may be able to eliminate one or more of the answer choices as incorrect. It is always better to guess at the correct answer than to not answer a question because there is no penalty for incorrect answers.

CONTENT OUTLINES

Each examination is based on a detailed content outline of topics, subtopics, and references to applicable state laws, statutes and regulations. These content outlines are provided to publishers of study materials and to state-approved education providers for their use in developing and updating their educational materials and programs. Content outlines are updated periodically to reflect changes in practice, state laws and regulations. Texas offers these content outlines as part of the handbook.

Candidates may obtain copies of the Texas Department of Insurance Content Outlines by visiting the www.pearsonvue.com.

STUDY MATERIALS

Neither the Texas Department of Insurance nor Pearson VUE specifically endorses or provides any particular study materials. You are free to use the materials of your choice to prepare for the examination. Manuals have been prepared by different publishers to assist candidates specifically in preparing for the license examination. To purchase a copy of the study manuals, please contact the appropriate trade association or publisher.
