THE LICENSURE PROCESS

Licensure is the process by which an agency of state government or other jurisdiction grants permission to individuals to engage in the practice of a particular profession, vocation, or occupation, and prohibits all others from legally practicing that profession. By ensuring a minimum level of competence, the licensure process protects the general public. The state regulatory agency is responsible for establishing the acceptable level of safe practice and for determining whether an individual meets that standard.

The state of Wyoming has retained the services of Pearson VUE to develop and administer its insurance licensing examination program. Pearson VUE is a leading provider of assessment services to regulatory agencies and national associations.

PRACTICE TESTS

Practice tests are offered exclusively online at www.pearsonvue.com, giving candidates even more opportunity to succeed on insurance examinations. Our practice tests will not only prepare candidates for the types of questions they will see on the licensure exam, but also familiarize them with taking computer-based examinations.

Pearson VUE offers practice tests in the areas of Life, Health, and Property and Casualty that contain questions developed by subject matter experts using concepts found in the general portion of the licensure examination. The tests closely reflect the format of the real licensure examination, can be scored instantly, and provide immediate feedback to help candidates identify correct and incorrect answers. Candidates can purchase practice tests anytime at www.pearsonvue.com.

LICENSE REQUIREMENTS IN WYOMING

GENERAL GUIDELINES

The State of Wyoming issues several types of insurance licenses, including but not limited to producer, title agent, consultant, surplus lines broker and adjuster. This handbook provides information about the examination and application process for becoming licensed to sell, solicit, negotiate or provide insurance or other services and products in the State of Wyoming. A review of the exam content outlines in this handbook will help you to understand the scope of knowledge required for each type of license.

Before being issued a license, you must pass an examination to prove your knowledge of insurance statutes, regulations, products and services. When you have successfully completed your exam, you will be eligible to apply to the Wyoming Insurance Department (the Department) for your license.

The license will list the line or lines of authority granted to the insurance producer. Once a license is issued to an individual as an insurance producer, the licensee may then secure insurer appointments to represent the specific insurer. Please remember that you may not engage in the business of insurance until the Department has issued to you one of the various licenses described in this handbook.

The Department wishes you well in preparing for your examination and reminds you that Wyoming law requires insurance producers, title agents, adjusters, and consultants to complete 24 credit hours of continuing education courses each biennial license cycle to be eligible to renew their license. At least three of the continuing education credit hours must be in ethics. Please visit the Department's website at <http://doi.wyo.gov> for updates to continuing education requirements as they become available.

Any questions about the license exams should be directed to Pearson VUE. After you have successfully completed your examination(s), questions regarding the application process to obtain your license should be directed to the Department's Licensing Division. Please visit the Department's website at <http://doi.wyo.gov> for additional information about available licenses and registrations.

Test accommodations may include things such as:

- A separate testing room
- Extra testing time
- A Reader or Recorder, for individuals with mobility or vision impairments and cannot read or write on their own

Test accommodations are individualized and considered on a case-by-case basis. All candidates who are requesting accommodations because of a disability must provide appropriate documentation of their condition and how it is expected to affect their ability to take the test under standard conditions. This may include:

- Supporting documentation from the professional who diagnosed the condition, including the credentials that qualify the professional to make this diagnosis
- A description of past accommodations the candidate has received

The steps to follow when requesting test accommodations vary, depending on your test program sponsor. To begin, go to <http://pearsonvue.com/accommodations>, and then select your test program sponsor from the alphabetized list. Candidates who have additional questions concerning test accommodations may contact the ADA Coordinator at accommodationspearsonvue@pearson.com.

ENGLISH AS A SECOND LANGUAGE (ESL)

Candidates for whom English is a second language (ESL) may request additional time for the examination by sending the *English as a Second Language (ESL) Request Form* (found in the back of this Candidate Handbook) to Pearson VUE. Candidates **MUST** include a letter from either his/her English instructor or sponsoring company (on official letterhead if from a company) stating that English is not the candidate's primary language.

Candidates should not attempt to make a reservation until after they have been notified by Pearson VUE via email that their request for additional time has been approved. The length of the examination will be equal to 1½ times the length of the examination. For example, a 2 hour examination will be extended to 3 hours. **NOTE: NO OTHER accommodations will be granted for ESL, i.e. separate testing room, reader, marker, etc.** Other accommodations are for individuals who qualify under the American's with Disability Act (ADA) only.

Candidates should not attempt to make an examination reservation until after they have been notified by Pearson VUE that their request for additional time has been approved.

The approval of additional time will be for one (1) year from the date of the request for the level you have requested. Candidates who have additional questions about ESL examinations should contact the Special Examination Coordinator at (800) 466-0450.

Candidates who need to reschedule or need to retest should notify the ADA Coordinator at accommodationspearsonvue@pearson.com that special arrangements were used for the prior examination

EXAM DAY

WHAT TO BRING

Required Materials

All candidates are required to bring identification that is deemed acceptable, listed under *Acceptable Forms of Candidate Identification*, to the test center on the day of examination.

REQUIRED MATERIALS

Candidates who do not present the required items will be denied admission to the examination, will be considered absent, and will forfeit the examination fee.

Acceptable Forms of Candidate Identification

Candidate must present **two (2)** forms of current signature identification. The name on the identification must exactly match the name on the registration. The primary identification must be government issued, photo-bearing with a signature and the secondary identification must contain a valid signature. Identification must be in English.

Primary ID (photograph, and signature, not expired)

- Government-issued Driver's License
- U.S. Dept of State Driver's License
- U.S. Learner's Permit (plastic card only with photo and signature)
- National/State/Country Identification Card
- Passport
- Passport cards
- Military ID
- Military ID for spouses and dependents
- Alien Registration Card (Green Card, Permanent Resident Visa)

Secondary ID (signature, not expired)

- U.S. Social Security Card
- Debit (ATM) or Credit card
- Any form of ID on the Primary list

If the ID presented has an embedded signature that is not visible (microchip), or is difficult or impossible to read, the candidate must present another form of identification from the Primary ID or Secondary ID list that contains a visible signature.

Pearson VUE does not recognize grace periods. For example, if a candidate's driver's license expired yesterday and the state allows a 30-day grace period for renewing the ID, the ID is considered to be expired.

EXAM PROCEDURES

Candidates should report to the test center thirty (30) minutes before the examination and check in with the test center administrator. The candidate's identification and other documentation will be reviewed and they will be photographed for the score report.

If the ***Candidate Rules Agreement*** is not followed and/or cheating or tampering with the examination is suspected it will be reported as such, and the appropriate action will be taken. The examination fee will not be refunded, the exam may be determined invalid, and/or the state may take further action such as decertification.

Candidates will have an opportunity to take a tutorial on the computer on which the examination will be administered. The time spent on this tutorial will not reduce the examination time. The examination administrators will answer questions, but candidates should be aware that the administrators are not familiar with the content of the examinations or with the state's licensing requirements. Examination administrators have been instructed not to advise candidates on requirements for licensure.

Once candidates are familiar with the computer, they may begin the examination. The examination begins the moment a candidate looks at the first examination question. The time allotted for each examination is detailed on the back cover of this handbook. After the examination time has expired, the examination will automatically end. Candidates will leave the test center with their official scores in hand.

ABOUT THE EXAM

The content of the general examination is based upon information obtained from a job analysis performed by Pearson VUE. Responses from insurance professionals were analyzed to determine the nature and scope of tasks they perform and the knowledge and skills needed to perform them. This information is the basis upon which examination questions are written and ensures that examinations reflect the practice of insurance. The examination has been developed to reflect the laws, statutes, rules and regulations for the practice of insurance in Wyoming, and has been reviewed and approved by Wyoming insurance professionals.

Each major line examination is given in a multiple-choice format and consists of two parts. The general section deals with basic insurance product knowledge. The state section deals with insurance laws, rules, regulations, and practices that are unique to Wyoming. The passing score for the examination is determined by the Wyoming Insurance Department. Through standardization and control, Pearson VUE ensures that no individual has an unfair disadvantage or advantage because of a particular examination format.

Pearson VUE maintains examination administration and examination security standards designed to ensure that all candidates are given the same opportunity to demonstrate their abilities and to prevent some candidates from gaining an unfair advantage over others because of testing irregularities or misconduct. Pearson VUE routinely reviews irregularities and examination scores believed to be earned under unusual or nonstandard circumstances.

Pearson VUE maintains the right to question any examination score whose validity is in doubt because the score may have been obtained unfairly. Pearson VUE first undertakes a confidential review of the circumstances contributing to the questions about score validity. If there is sufficient cause to question the score, Pearson VUE will refer the matter to the state licensing agency, which will make the final decision on whether or not to cancel the score.

The performance of all candidates is monitored and may be analyzed statistically for the purpose of detecting and verifying fraud. If it is determined that a score has questionable validity, the Insurance Department will be so notified and will determine whether the candidate's scores will be released.

EXAMINATION QUESTIONS

All examination questions, each form of the examination, and any other examination materials are copyrighted and are the property of Pearson VUE. Consequently, any distribution of the examination content or materials through any form of reproduction or oral or written communication is strictly prohibited and punishable by law.

SCORE REPORTING

When candidates complete the examination, they will receive a score report marked "pass" or "fail". Candidates who pass the examination will receive a score report that includes information on how to apply for a license.

Candidates who fail the examination will receive a score report that includes a numeric score and diagnostic information, as well as information about reexamination. **Additional information may be found in the *Retaking an Exam* section on page 9. Reservations for reexamination are not made at the Test Center, and candidates must wait twenty-four (24) hours before making one.**

REVIEW OF EXAMS

For security reasons, examination material is not available for candidates to review.

SCORE EXPLANATION

There are multiple versions of each of the licensing examinations. These versions are known as forms. All forms of an examination are developed based on the content outlines. To ensure that no candidate is put at an unfair advantage or disadvantage due to the particular form of an examination that he or she is given, a statistical procedure known as *equating* is used to attain comparable form difficulty.

The passing score of an examination was set by the Wyoming Insurance Department (in conjunction with Pearson VUE) after a comprehensive study was completed for each examination. You need to answer 70% of questions correctly in order to pass the examination.

DUPLICATE SCORE REPORTS

Candidates may request a duplicate score report from Pearson VUE either by calling (866) 936-7786 or by completing the form in the back of this handbook.

QUESTIONS OR COMMENTS ABOUT THE EXAM

For security reasons, examination material is not available to candidates for review. Candidates who have questions, comments, or concerns related to the exams, scoring or score reports, or who wish to verify any data held in Pearson VUE files, should direct written inquiries to Pearson VUE at the address provided on the inside front cover of this handbook. Candidates may also email their questions directly to Pearson VUE Customer Service at pearsonvuecustomerservice@pearson.com.

In all correspondence, candidates should provide their name and address information. If questions or comments concern an examination already taken, candidates should also include:

- the name of the examination
- the date the examination was taken
- the location of the test center

TEST CENTER POLICIES

The following policies are observed at each test center. **Candidates who violate any of these policies will not be permitted to finish the examination and will be dismissed from the test center, forfeiting the examination fee.**

- **No personal items are allowed in the testing room.** Personal items include but are not limited to: cellular phones, hand-held computers or other electronic devices, pagers, watches, wallets, purses, firearms or other weapons, hats, bags, coats, books, and/or notes, pens or pencils.
- Candidates must store all personal items in a secure area as indicated by the administrator, or return items to their vehicle. All electronic devices must be turned off before storing them in a locker. **The test center is not responsible for lost, stolen or misplaced personal items.**
- Studying **is not** allowed in the test center. Visitors, children, family or friends **are not** allowed in the test center.
- Dictionaries, books, papers (including scratch paper), and reference materials are not permitted in the examination room (unless permitted by the exam sponsor), and candidates are strongly urged not to bring such materials to the test center. Upon entering and being seated in the testing room, the test administrator will provide the candidate with materials to make notes or calculations and any other items specified by the exam sponsor. **The candidate may not write on these items before the exam begins or remove these items from the testing room.**
- Eating, drinking, or chewing gum, smoking and/or making noise that creates a disturbance for other candidates is prohibited during the exam.
- Break policies are established by the exam sponsor. Most sponsors allow unscheduled breaks. To request an unscheduled break, the candidate **must** raise their hand to get the administrator's attention. **The exam clock will not stop while the candidate is taking a break.**
- Candidates must leave the testing room for all breaks. However, candidates **are not permitted to leave the floor or building for any reason during this time, unless specified by the administrator and the exam sponsor.** If a candidate is discovered to have left the floor or building they will not be permitted to proceed with the examination and may forfeit the exam fees.
- While taking a break, candidates are permitted to access personal items that are being stored during the exam only if necessary—for example, personal medication that must be taken at a specific time. **However, a candidate must receive permission from the administrator prior to accessing personal items that have been stored.** Candidates are **not** allowed access to other items, including but not limited to, cellular phones, exam notes and study guides, unless the exam sponsor specifically permits this.
- Any candidate discovered causing a disturbance of any kind or engaging in any kind of misconduct—giving or receiving help; using notes, books, or other aids; taking part in an act of impersonation; or removing examination materials or notes from the examination room—will be summarily dismissed from the examination and will be reported to the state licensing agency. Decisions regarding disciplinary measures are the responsibility of the state licensing agency.

HOW TO PREPARE FOR THE EXAM

PRETEST QUESTIONS

Many of the examinations will contain “pretest” questions. Pretest questions are questions on which statistical information is being collected for use in constructing future examinations. Responses to pretest questions do not affect a candidate’s score.

Pretest questions are mixed in with the scored questions and are not identified.

The number of pretest questions are listed in the content outline heading of each examination for which they are available.

If a number is not present then there are no pretest questions for that particular examination.

Examination scores are based on the number of questions answered correctly. Candidates who are uncertain about the correct answer to a question may be able to eliminate one or more of the answer choices as incorrect. It is always better to guess at the correct answer than to not answer a question because there is no penalty for incorrect answers.

CONTENT OUTLINES

Each examination is based on a detailed content outline of topics, subtopics, and references to applicable state laws, statutes and regulations. These content outlines are provided to publishers of study materials and to state-approved education providers for their use in developing and updating their educational materials and programs. Content outlines are updated periodically to reflect changes in practice, state laws and regulations.

Candidates can find the Wyoming Insurance Content Outlines on the Pearson VUE web site at <https://home.pearsonvue.com/Publications/125101.pdf>.

STUDY MATERIALS

Neither the Wyoming Insurance Department nor Pearson VUE specifically endorses any particular study materials.

Candidates are encouraged to visit the Wyoming Insurance Department web site at <http://doi.wyo.gov> for more information.
