Texas Real Estate Appraiser Licensing and Certification Candidate Handbook

April 2022
RESERVATIONS
Before making an exam reservation
Candidates should thoroughly review this handbook, as well as any state-specific materials provided by individual jurisdictions.

Making an exam reservation
Candidates may make a reservation by either visiting www.pearsonvue.com or calling Pearson VUE.

Candidates should make a reservation online at least twenty-four (24) hours before the desired examination date. **Walk-in examinations are not available.**

SCHEDULES & FEES
Test centers
A list of test centers appears on the back cover of this handbook. Candidates should contact Pearson VUE to confirm specific locations and schedules.

Exam fee
The examination fee of $55 must be paid at the time of reservation by credit card, debit card, or voucher. **Payment will not be accepted at the test center. Examination fees are non-refundable and non-transferable except as detailed in Change/Cancel Policy.**

Fingerprinting Services
Fingerprinting services are available at IdentoGO by IDEMIA as detailed on pages 3. See page 2 for fingerprinting and criminal history requirements.

EXAM DAY
What to bring to the exam
Candidates should bring to the examination proper identification and other materials as dictated by the state licensing agency. A complete list appears in *What to Bring* (page 6).

Exam procedures
Candidates should report to the test center at least thirty (30) minutes before the examination begins.

Candidates will be given four (4) hours to complete the Licensed & Certified Residential Exams and six (6) hours to complete the **Certified General Exam.** The examination will end automatically after the examination time has expired. Candidates will leave the test center with an official score report in hand.
OVERVIEW

The candidate handbook is a useful tool in preparing for an examination. It is highly recommended that the Texas Appraiser Licensing and Certification Candidate Handbook be reviewed, with special attention given to the content outlines, before taking the examination. (content outlines begin on Content Outlines page 12 of this handbook)

CONTENT OUTLINES

Individuals who wish to obtain a Texas Appraiser License must:

1. **Apply for a license.**
   Before taking an examination, candidates must complete all prelicensing education or meet certain other criteria and file the appropriate application with the Texas Appraiser Licensing & Certification Board (TALCB). (See page 2 for additional details.)

2. **Make a reservation and pay the examination fee.**
   Make a reservation either online or by phone with Pearson VUE for the examination. (See page 3)

3. **Go to the test center.**
   Go to the test center on the day of the examination, bringing along all required materials. (See page 6)

4. **Get fingerprinted.**
   Go to the designated fingerprint site at the appointed day/time, bringing all required materials. (See page 3)

GENERAL INFORMATION

INTRODUCTION

The purpose of certifying real estate appraisers is found in Title XI of FIRREA, which states, “The purpose of this title is to provide that federal, financial and public policy interests in real-estate-related transactions will be protected by requiring that real estate appraisals utilized in connection with federally-related transactions are performed in writing, in accordance with uniform standards, by individuals whose competency has been demonstrated and whose professional conduct will be subject to effective supervision.”

Licensure/certification is the process by which an agency of state government or jurisdiction grants permission to certain individuals to engage in the practice of, and prohibits all others from legally practicing, a particular profession, vocation, or occupation. By ensuring that a level of minimum competence is met, the licensure/certification process protects the general public. The state regulatory agency is responsible for establishing the acceptable level of safe practice and for furnishing the means for determining whether an individual meets that standard.

Most licensing agencies use examinations as one of several means for determining candidates’ qualifications to practice. The purpose of an examination is to provide a measure of candidates’ knowledge of the subject matter. The examination and all associated content has been developed by and is the sole responsibility of the Appraiser Qualifications Board.

THE APPRAISAL FOUNDATION

The Appraisal Foundation is a not-for-profit educational corporation established in 1987 by the appraisal profession in the United States. The Foundation was created to foster professionalism by working to ensure that appraisers are qualified to offer their services.

The Appraisal Foundation achieves this goal by serving as the parent organization for two independent boards: the Appraiser Qualifications Board and the Appraisal Standards Board. These two boards were given significant responsibilities by the United States Congress under the Financial Institutions Reform, Recovery and Enforcement Act of 1989 (FIRREA).

The Appraiser Qualifications Board establishes the qualification criteria for the state certification of appraisers and has issued recommended qualification criteria for state licensing. The Board both develops the examinations and establishes the scoring criteria for the examinations.

The Appraisal Standards Board sets forth the rules for developing an appraisal and reporting its results. This is accomplished through the promulgation of the Uniform Standards of Professional Appraisal Practice. These standards have been recognized throughout the United States as the generally accepted standards of professional appraisal practice.

PEARSON VUE

Pearson VUE is an independent testing company that focuses on the assessment of professional and occupational competence. As a full-service testing company, Pearson VUE provides expertise and support to associations, state credentialing agencies, and private industry in examination development, examination scoring, and reporting of examination results. Examination services supported by Pearson VUE include national licensure and certification programs as well as diagnostic programs within the health professions and private industry.

Contact Information

Candidates may contact Pearson VUE with questions about this handbook or an examination, or may contact the TALCB with questions about obtaining or maintaining a license.

Live Chat is available to address your support inquiries and is the quickest way to reach a customer service agent. It’s available from 8:00 AM through 5:00 PM Central Time, Monday through Friday, subject to change during locally designated holidays.

Please visit www.pearsonvue.com/tx/appraisers/contact for further information.
ELIGIBILITY REQUIREMENTS
Specific requirements to take the examination may be established by individual state boards or commissions. Candidates must follow procedures handed down by these entities in applying to take the national uniform appraiser examination, and must also meet the requirements of the state in which they wish to be licensed. Candidates are responsible for knowing the requirements they must meet to take the examination. Candidates who have filed an application and met the requirements to take the examination have one year from the date the application is filed to pass the examination. A candidate who has failed the examination three times will be unable to retest on the application or submit a new application until an additional 30 hours of appraiser qualifying education has been completed. Please see Retaking the Exam for additional information.

FINGERPRINT AND CRIMINAL HISTORY REQUIREMENTS
Pursuant to §1103.2031 of the Texas Appraiser Licensing and Certification Act, any person applying for an appraiser license must be fingerprinted specifically for TALCB and pass a background history check before a license will issue.

When you pass the examination, your license will not issue until TALCB receives your criminal history report from the DPS and the FBI and clears your background history check. TALCB encourages applicants to use the electronic fingerprinting process. Electronic fingerprinting is fast and accurate, and in most cases will avoid potential delays in the processing of applications.

All fingerprints taken for TALCB at IDEMIA locations are electronically transmitted to the DPS and the FBI for criminal history background checks. A fingerprint processing fee must be paid to IdentoGO by IDEMIA to cover the cost of the criminal history reports.

Electronic fingerprinting
When you have received your exam eligibility letter form TALCB you may schedule a fingerprint appointment through IdentoGO by IDEMIA. You will need the TALCB ID number from the eligibility letter when making your appointment. The exam reservation must be made by following the instructions on page 3.

Candidates may call (888) 467-2080 (hours – Monday – Friday, 8 AM – 5 PM Central Time) to make a fingerprint reservation or by going online to TALCB's website at http://www.talcb.texas.gov.
EXAM RESERVATIONS

MAKING AN EXAMINATION RESERVATION

Walk-in examinations are not available. Online reservations are the most efficient way for candidates to schedule their examination. Candidates must go to www.pearsonvue.com/tx/appraisers/ to make an online reservation for an examination. First-time users are required to create an account. The candidate will need to fill in all required fields, which are preceded by an asterisk (*), on the online form in order to create an ID and be assigned a password. Step-by-step instructions will lead the candidate through the rest of the examination reservation process.

Candidates must make an online reservation at least twenty-four (24) hours before the desired examination date. Candidates who wish to make a phone reservation at (800) 997-1248 must do so at least twenty-four (24) hours before the desired examination date.

Before making a reservation, candidates should have the following:

- Legal name, address, daytime telephone number, date of birth, and Social Security number (based on state's requirements)
- The name of the examination(s)
- The preferred examination date and test center location (lists of locations appear on state-specific materials)

TEST CENTER LOCATIONS

A list of test centers appears on the back cover of this handbook. In addition, candidates may review the test center locations by going to http://www.pearsonvue.com/vtclocator/. If the candidate has questions regarding the confirmation of specific locations and/or examination schedules, please contact Pearson VUE.

Texas Appraiser licensure exams are now available at select Pearson VUE test centers on military installations across the globe. Service members, dependents, and contractors with authorized base access who want to gain Texas Real Estate licensure from their duty station or assignment in another state and foreign deployment will have the option to take their exams without having to leave their base. In addition to Pearson VUE’s standard ID policy, candidates must have valid government ID and authorization to gain access to military testing sites. Civilians without valid government ID will be turned away by the test center and/or military entrance gate security. To locate a Pearson VUE authorized testing center, visit http://www.pearsonvue.com/tx/appraisers/ and select the “Find an on-base test center” link on the lower right-hand side of the page.

MAKING A FINGERPRINTING RESERVATION

Candidates may schedule fingerprint appointments at any IDEMIA location throughout Texas. Candidates can only print in TX. Candidates outside of TX need to refer to the TALCB instructions for fingerprint submission. Appointments are required and candidates are encouraged to make their reservation at least twenty-four (24) hours in advance. Same day fingerprint service without an appointment is not available.

Candidates must contact IdentoGO by IDEMIA to schedule their reservation at (888) 467-2080 (hours are Monday-Friday 8am-5pm Central Time) or visit TALCB’s website.

Electronic Fingerprinting

1. You will need the TALCB ID number from your eligibility letter to make your electronic fingerprint appointment.
2. All electronic fingerprint appointments must be made by DPS’ vendor, IdentoGO by IDEMIA. The vendor has many Texas fingerprint locations. Schedule an appointment for electronic fingerprinting. You must schedule a fingerprint appointment by calling (888) 467-2080 or by visiting TALCB's website at http://www.talcb.texas.gov. Pursuant to DPS requirements, you will be photographed as part of the fingerprint process. You must pay a fingerprinting fee to the vendor in a manner that is acceptable to the vendor.
3. **Arrive at your scheduled appointment with your TALCB exam eligibility letter.** Pursuant to TX Department of Public Safety (DPS) requirements, you will also be photographed as part of the background check requirement. After your fingerprints and photograph are taken, the technician will give you a receipt stating that you were fingerprinted. Do not throw away the receipt. You will not get a printed fingerprint card. Your fingerprints will be sent electronically to DPS and the FBI.

4. Upon completion of your appointment, the IdentoGO by IDEMIA Enrollment Agent will furnish a receipt of services. Please save the receipt. Fingerprint and photographs are transmitted electronically to the DPS and the FBI.

**AVAILABLE EXAMS, TIME ALLOTTED AND FEES**

The examination fee of $55 must be paid at the time of reservation by credit card, debit card, or voucher. **Payment will not be accepted at the test center, nor will a single payment that covers more than one candidate be accepted.**

Candidates are responsible for knowing all regulations regarding fees and examination scheduling as presented here. Examination fees are non-refundable and non-transferable, except as detailed in Change/Cancel Policy.

**VOUCHERS**

Vouchers offer another convenient way to pay for tests. Vouchers can be purchased online at [www.pearsonvue.com/vouchers/pricelist/txappraisers.asp](http://www.pearsonvue.com/vouchers/pricelist/txappraisers.asp) by credit card either singly or in volume. To redeem a voucher as payment when scheduling a test, simply indicate Voucher as the payment method and provide the voucher number. All vouchers are pre-paid. Vouchers are non-refundable and non-returnable. Vouchers expire twelve (12) months from the date they are issued. Voucher expiration dates cannot be extended. The exam must be taken by the expiration date printed on the voucher.

**CHANGE/CANCEL POLICY**

Candidates should call Pearson VUE at (800) 997-1248 at least forty-eight (48) hours before the examination to change or cancel a reservation. Candidates who change or cancel a reservation with proper notice may either transfer their fees to a new reservation or request a refund. **Candidates who change or cancel a reservation without proper notice will forfeit the examination fee.**

**ABSENCE/LATENESS POLICY**

Candidates who are late or absent from an exam may call Pearson VUE within 14 days of the exam date to request an excused absence for the following reasons:

- Illness of the candidate or of the candidate’s immediate family member
- Death in their immediate family
- Disabling traffic accident
- Court appearance or jury duty
- Military duty
- Weather emergency

A case number will be assigned and instructions provided for emailing supporting documentation. **Candidates**
absent from or late to an exam who have not changed or canceled the reservation according to the Change/Cancel Policy will not be admitted to the exam and will forfeit the exam fee.

WEATHER DELAYS AND CANCELLATIONS
If severe weather or a natural disaster makes the Pearson VUE test center inaccessible or unsafe, the examination may be delayed or canceled. Pearson VUE will notify and reschedule candidates in the case of severe weather.

ACCOMMODATIONS
Pearson VUE complies with the provisions of the Americans with Disabilities Act as amended. The purpose of accommodations is to provide candidates with full access to the test. Accommodations are not a guarantee of improved performance or test completion. Pearson VUE provides reasonable and appropriate accommodations to individuals with documented disabilities who demonstrate a need for accommodations.

Test accommodations may include things such as:
- A separate testing room
- Extra testing time
- A Reader or Recorder, for individuals with mobility or vision impairments and cannot read or write on their own

Test accommodations are individualized and considered on a case-by-case basis. All candidates who are requesting accommodations because of a disability must provide appropriate documentation of their condition and how it is expected to affect their ability to take the test under standard conditions. This may include:
- Supporting documentation from the professional who diagnosed the condition, including the credentials that qualify the professional to make this diagnosis
- A description of past accommodations the candidate has received

The steps to follow when requesting test accommodations vary, depending on your test program sponsor. To begin, go to http://pearsonvue.com/accommodations, and then select your test program sponsor from the alphabetized list. Candidates who have additional questions concerning test accommodations may contact the ADA Coordinator at accommodationspearsonvue@pearson.com.
EXAM DAY

WHAT TO BRING

Required Materials
All candidates must bring to the test center on examination day the following:

• Identification that is deemed acceptable, as detailed under Acceptable Forms of Candidate Identification

REQUIRED ITEMS
Candidates who do not present the required items will be denied admission to the examination, will be considered absent, and will forfeit the examination fee.

Suggested Materials
The following is recommended but not required:

• Financial calculator that does not contain alpha characters and is non-programmable

NOTE: Candidates that bring a programmable calculator to the examination must also bring the written instruction manual that was provided with the calculator when purchased (or instructions downloaded from the manufacturer's website). The examination proctor will ensure that numeric programs previously stored in the calculator are cleared before it is used during the examination.

Programmable calculators must be cleared upon conclusion of the examination by the examination proctor to prevent potential security breaches.

Programmable calculators cannot be used if the candidate fails to bring the instruction manual.

SUGGESTED ITEMS
Candidates should bring their financial calculator for problem solving.

Acceptable Forms of Candidate Identification
Candidates must present two (2) forms of current signature identification. The name on the identification must exactly match the name on the registration. The primary identification must be government-issued and photo-bearing with a signature, and the secondary identification must contain a valid signature. Identification must be in English.

Primary ID (photograph and signature, not expired)
• Government-issued Driver’s License
• U.S. Department of State Driver’s License
• U.S. Learner’s Permit (plastic card only with photo and signature)
• National/State/Country ID card
• Passport
• Passport Card
• Military ID
• Military ID for spouses and dependents
• Alien Registration Card (Green Card, Permanent Resident Visa)

Secondary ID (signature, not expired)
• U.S. Social Security card
• Debit (ATM) card
• Any form of ID on the Primary list

If the ID presented has an embedded signature that is not visible (microchip), or is difficult or impossible to read, the candidate must present another form of identification from the Primary ID or Secondary ID list that contains a visible signature.

Pearson VUE does not recognize grace periods. For example, if a candidate's driver's license expired yesterday and the state allows a 30-day grace period for renewing the ID, the ID is considered to be expired.
EXAM PROCEDURES
Candidates should report to the test center thirty (30) minutes before the examination and check in with the test center administrator. The candidate's identification and other documentation will be reviewed and he/she will be photographed for the score report.

Candidates are required to review and sign a Candidate Rules Agreement form. If the Candidate Rules Agreement is not followed and/or cheating or tampering with the examination is suspected, the incident will be reported as such and the appropriate action will be taken. The examination fee will not be refunded, the exam may be determined invalid, and/or the state may take further action, such as prohibiting re-tests for a designated amount of time.

Candidates must take a tutorial on the computer on which the examination will be administered. The time spent on this tutorial will not reduce the examination time. The examination administrators will answer questions, but candidates should be aware that the administrators are not familiar with the content of the examinations nor with the state's licensing requirements. Examination administrators have been instructed not to advise candidates on requirements for licensure.

Candidates may begin the examination once they are familiar with the computer. The examination begins the moment a candidate looks at the first examination question.

Candidates will be given four (4) hours to complete the Licensed and Certified Residential Exams, six (6) hours to complete the Certified General Exam.

The examination will end automatically after the examination time has expired.

For security purposes, Pearson VUE will capture each candidate's digital signature and photograph upon check-in.

SCORE REPORTING
Scores are based on the number of questions answered correctly. Candidates should consider answers to each question carefully and eliminate the least likely answers, instead of randomly selecting an answer. It is always better to answer a question than to leave a blank.

Individual score reports are available at the test center upon completion of the examination. Candidates who pass the exam will not receive a numeric score. Candidates who fail the exam will receive a score report that contains a numeric score, diagnostic information, and information on how to retake the exam. Reservations for re-examination may not be made at the test center, and candidates must wait twenty-four (24) hours after failing an examination before making a reservation to retake it.

RETTAKING THE EXAM
Candidates who fail the examination will receive a score report that includes a numeric score and diagnostic information relating to the failed portion of the examination, as well as information about re-examination.

The examination fee of $55 (see chart on page 4) must be paid at the time of reservation by credit card, debit card, or voucher. Payment will not be accepted at the test center, nor will a single payment that covers more than one candidate be accepted.

Candidates have three attempts to pass the examination prior to the application expiration date. If the examination is failed three times, the candidate is unable to retest on the application or submit a new application until an additional 15 hours of appraiser qualifying education is completed. After completion of the additional education, the course completion document(s) and a copy of the third failed score report must be submitted to the TALCB at documents@talcb.texas.gov. Allow 5-7 business days for the education to be processed and authorization submitted to Pearson VUE to allow rescheduling. If the application expires during this time, candidates may reapply for licensure and meet current requirements.
SCORE EXPLANATION
The Appraiser Qualifications Board develops and maintains the National Uniform Licensing and Certification Examinations. Scores are reported to candidates as scaled scores. Scaled scores can range from 0 to 110, with 75 representing passing.

Examinations change over time. Each examination may vary in difficulty, with one examination easier or more difficult than other examinations. However, when converting raw scores to scaled scores, it should not make a difference whether candidates take an easier or more difficult examination. With the mathematical adjustment, the scaled score accounts for differences by adjusting the scores up or down depending on the difficulty of the examinations. When these adjustments are made, the effect is to produce an unbiased and constant passing standard that does not change from one examination to another. A scaled score is not a percentage score, but simply a transformation of a raw score to report comparable results when examinations vary in difficulty.

The score report will also be accessible in the candidate profile in pearsonvue.com within 24 hours of testing.

DUPLICATE SCORE REPORTS
For test center exams prior to April 28, 2022, contact customer service at (800) 274-7488, to request a copy of your score report. After April 28, candidate score reports will be available within the individual candidate profiles as found on pearsonvue.com

REVIEW OF EXAMS
For security reasons, examination material is not available to candidates for review.

TEST CENTER POLICIES
The following policies are observed at each test center. Candidates who violate any of these policies will not be permitted to finish the examination and will be dismissed from the test center, forfeiting the examination fee.

• No personal items are allowed in the testing room. Personal items include but are not limited to the following: cellular phones, hand-held computers or other electronic devices, pagers, watches, wallets, purses, firearms or other weapons, hats, bags, coats, books, and/or notes, pens, or pencils.
• You will be asked to empty your pockets for the purpose of allowing the TA to verify that nothing is in them. If you have hair that covers your ears, you may be asked to show them for the purpose of allowing the TA to verify that no electronic devices are present. The TA may also ask you to roll up your sleeves to verify that you have no writings on your arms. Before you enter the testing room, you will be asked to pat yourself down (for example: arms, legs, waistline) to show there is nothing hidden on your body.
• Candidates must store all personal items in a secure area as indicated by the administrator, or return items to their vehicle. All electronic devices must be turned off before storing them in a locker. The test center is not responsible for lost, stolen, or misplaced personal items.
• Studying is not allowed in the test center. Visitors, children, family, and/or friends are not allowed in the test center.
• Dictionaries, books, papers (including scratch paper), and/or reference materials are not permitted in the examination room (unless permitted by the exam sponsor), and candidates are strongly urged not to bring such materials to the test center. When the candidate enters and is seated in the testing room, the test administrator will provide the candidate with materials to make notes or calculations and any other items specified by the exam sponsor. The candidate may not write on these items before the exam begins or remove these items from the testing room.
• Eating, drinking, chewing gum, smoking, and/or making noise that creates a disturbance for other candidates is prohibited during the exam.
• Break policies are established by the exam sponsor. Most sponsors allow unscheduled breaks. To request an unscheduled break, the candidate must raise his/her hand to get the administrator's attention. The exam clock will not stop while the candidate is taking a break. (See Breaks on page 9.)
• Candidates must leave the testing room for all breaks. However, candidates are not permitted to leave the floor or building for any reason during any unscheduled break, unless specified by the administrator and the exam sponsor. If a candidate is discovered to have left the floor or building, he/she will not be permitted to proceed with the examination and may forfeit the exam fees.

• While taking a break, candidates are permitted to access personal items that are being stored during the exam only if necessary—for example, personal medication that must be taken at a specific time. However, a candidate must receive permission from the administrator prior to accessing personal items that have been stored. Candidates are not allowed access to other items, including but not limited to cellular phones, exam notes, and study guides, unless the exam sponsor specifically permits this.

• Any candidate discovered causing a disturbance of any kind or engaging in any kind of misconduct—giving or receiving help; using notes, books, or other aids; taking part in an act of impersonation; or removing examination materials or notes from the examination room—will be summarily dismissed from the examination and will be reported to the state licensing agency. Decisions regarding disciplinary measures are the responsibility of the state licensing agency.

Breaks
Scheduled Breaks
The exam is structured in two sections divided by a 30-minute break. Once you move through the first section you can not go back to that section.

Break policies are established by the exam sponsor. All candidates are permitted one 30-minute scheduled break and unscheduled breaks as needed. Candidates are not allowed to eat in the test center. During all scheduled breaks, candidates are only allowed to remove items from his or her locker with prior permission from the test administrator.

A 30-minute scheduled break is built into the exam approximately midway between the exam sections. The 30-minute scheduled break is optional for the candidate. If the candidate chooses to take the scheduled break, he/she must raise his/her hand to get the administrator's attention before taking the break.

During the scheduled break, candidates are allowed to leave the floor or building. After the 30-minute scheduled break ends, the next exam section appears and begins counting down immediately.

If a candidate decides to take the 30-minute break, he/she will be responsible for monitoring his/her allotted time. Section 2 of the exam will automatically begin after the 30-minute break has expired. The candidate's allotted time for Section 2 will begin to count down after the break and will continue to do so even if the candidate has not returned on time to resume testing after the break.

 Unscheduled Breaks
Unscheduled breaks are also available for the candidate. Candidates must raise their hand to get the administrator's attention before taking a break. During unscheduled breaks, candidates are not allowed to remove items from their locker, unless they require personal items such as medication that must be taken at a specific time. If this is the case, the candidate must receive prior permission from the test administrator before taking items from the locker.

During unscheduled breaks, candidates are not allowed access to other items, including but not limited to cellular phones, exam notes, and study guides.

During unscheduled breaks, candidates are not allowed to leave the floor or building for any reason. If the candidate is discovered to have left the floor or building, he/she will not be permitted to proceed with the examination and may forfeit the exam fees.
SAMPLE QUESTIONS

The following questions are offered as examples of the types of questions you will be asked during the course of the examination. The examples do not represent the full range of content or difficulty levels found in the actual examinations. They are intended to familiarize you with the types of questions you can expect to find in the examinations. The answer key is found at the end of the sample questions.

1. The subject property is a 10,000-sf office building encumbered by a full-service lease with a contract base rent of $1.25 per square foot monthly. Stabilized vacancy/credit loss allowance for similar properties within the market area is 7% of PGI. The operating expense ratio for similar properties is 30% of EGI, plus reserves for replacement of $0.15 per square foot. What is the projected net operating income?

   A) $93,000  
   B) $94,500  
   C) $96,150  
   D) $97,650

2. The subject assignment is to appraise a vintage house built in 1880 using the cost approach. The house has metal stamped ceilings, lath, and plaster walls, which are items not easily available in today’s construction. The estimated replacement cost using modern materials is $120 per square foot. Contractors charge $15 more per square foot to work on older houses. The estimated reproduction cost is $185 per square foot. What is the estimated loss in utility?

   A) $15 per square foot  
   B) $33 per square foot  
   C) $65 per square foot  
   D) $80 per square foot

3. The occupants of a dwelling have been granted a life estate by their daughter. What interest does the daughter hold in the property?

   A) Life tenant  
   B) Remainder  
   C) Trustee  
   D) Trustor
4. A client requires the cost approach be completed for a warehouse located in an industrial park. There are no vacant land comparables in the market area. There are three sales of commercial buildings in the industrial park with similar lots that the appraiser has researched extensively. The appraiser found the following information:

Sale 1 sold for $1,750,000. The buyer allocated 20% of the value to the site and 80% to the value of the structure.

Sale 2 sold for $1,000,000. The buyer was not available for verification, but the seller was available. The seller had just built the structure after holding the lot for 10 years as an investment property. The seller paid $100,000 for the lot and had earned 25% straight line annual return on his investment over the cost of the structure and its entrepreneurial profit.

Sale 3 sold for $3,500,000. The buyer estimated that 90% of what he paid was for the structure.

What is the indicated value of the lot using the allocation approach?

A) $125,000
B) $135,000
C) $350,000
D) $500,000

5. A homeowner purchased two adjacent lots in a tract subdivision 20 years ago and built a single-unit dwelling entirely on one lot, utilizing the second lot as a side yard. The homeowner has decided to build a smaller home on the vacant side lot and retain the existing home as a rental. What term applies to the second yard?

A) Excess land
B) Surplus land
C) Underutilized site
D) Vacant site

6. While working on an appraisal of a residential property in a new home subdivision, the appraiser finds that the builders have a total of 100 home sites currently offered for sale. In measuring market demand, the appraiser notes that all of the builders combined are currently averaging two new sales contracts per month, and are expecting to sell 24 dwellings within the next year. What conclusion can be drawn with regard to the 100 available home sites and a market period of the next 12 months?

A) The market is in a condition of supply and demand
B) The market is in a condition of balance
C) The market is in a condition of undersupply
D) The market is in a condition of oversupply

ANSWERS: 1 = C, 2 = C, 3 = B, 4 = C, 5 = A, 6 = D
